We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

Wishing both of you a happy and delicious Thanksgiving!

Hi Dan. As Valerie pointed out, please make sure the signs are only installed at the walled off children's playground and not in the other half of the park. We look forward to working with you and RAP next week about ideas for the other half of the park. Know that we are also researching whether another law (other than the Penal Code section appearing on the sign) might be more legally effective and if so we will discuss with you and AP and the signs can be modified. Have a Happy Thanksgiving.

Council Member O'Farrell contacted the City Attorney yesterday regarding signage posted outside of the children's play area at Selma Park. A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a

miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

Thanks Dave. Our understanding as of a few minutes ago from AP is that the signs can be posted at the entrance to the playground AND "near" the playground inside the park, but not at the actual entrance to the park. Can you confirm?

(FYI there is already one sign at the entrance to the playground itself, unfortunately we are still dealing with the issue)

Please advise... thanks!

Dan, RE: the hedge at 6056 Carlton Way, 3rd item listed below, is what I had sent to Adrian on Dec. 23rd. The details to the project request are quite clear. Somewhere along the way, Jonathan went out to do the project, but was not clear on what needed to be done, because it was not clearly communicated to him. He went out and only trimmed the bush back from the sidewalk, but not from the top down, as I had instructed Adrian to do.
They went out there today with a automatic hedge trimmer to finish the project, and completed most of it, but are being rained out. They will have to return, first thing after the rains move out.

Please bring hedge clippers for project #3.

1. Ivar St from Yucca St to Franklin Ave: Please figure out a way to park at this location for this project: Remove litter, debris and bulkies from sidewalks and gutters.

2. El Cerrito Pl: Just south of 1724 El Cerrito Pl: Please see the bushy tree, **photo is attached**. Trim up the tree and shape it a little, if you can.

3. 6056 Calrton Way: Please neatly trim the hedge down to the level of the gate/fence. **please see attached photo.**

Hi Dan,

It was very nice to talk to with you earlier today. I just
got home, hence the late reply.

I can't actually figure out the name of organization that owns or is responsible for the bin. The email address posted is donaterecycle@hotmail.com and the phone number is (866) 895 8728. I've called and left messages several times over the past few months.

After speaking with you, I called LA County and was told that the County is only responsible for unincorporated municipalities in the area and have no involvement in the City. However, the Saban Community Clinic who's parking lot is visible in the attached pictures has a big "Los Angeles County" sign on it's entrance. I will try calling them again tomorrow.

I've attached 4 pictures. Two of them are from this evening when I returned from work. One is from last week, and the last one is from several months ago when the other bins were still present. As you can imagine, this is an ongoing problem and I'm completely fed up with it.

My wife, my neighbors, my landlord, and myself are committed to getting rid of these bins and are happy to help you in any way possible. Please don't hesitate to ask me for any information or help.

I really appreciate the effort and care you've shown so far. Thank you very much!

Sarunas

Good afternoon

Sarunas,

It was great speaking to you earlier, and thanks

again for contacting our office regarding the donation bin

at the NW corner of Melrose and Wilton.

As promised, I have requested that BSS (Bureau of

Street Services) investigate the bin and whether or not it

is on public property.

Per our discussion, could you please send me the

contact information you have for the company that owns the

bin?

Thanks,

Dan

Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Very helpful. I'll discuss with my boss and team. As a mom who frequents playgrounds with my kids, I personally would like to pursue the LAMC change. :)

As for the other issues you framed, our office will continue discussions with both the department and with your office as to best next steps for that particular park.

Hi Jeanne. We had an internal meeting with our lawyers. A few things. As I mentioned briefly last week, the Penal Code Section cited on the signs is not a perfect fit. We believe the City will be better positioned legally if Council adopts a new (short) section to the LAMC that expressly prohibits an adult unaccompanied by a child from entering a child's play ground area in a park - where the playground area is clearly delineated from the rest of the park and signs are posted. Beverly Hills has such a stand alone ordinance as does a few other municipalities. If CD13 introduces a motion (we can help draft it) and Council acts on it, we will quickly transmit the draft ordinance for Council adoption. Please let us know if that's how you want to proceed. For now, we understand that the signs are back up in the delineated playground in Selma Park. Our neighborhood prosecutor tells us that adults have honored the signs for the playground area in the past so hopefully the adults will continue to do so and working with CD13 we can get this new LAMC provision in place and new signs made and posted (which also address this issue throughout the park system).

As for the other half of Selma Park beyond the fenced playground area, our prosecutor tells us homeless persons congregate in that area throughout the day and it has possibly intimidated other members of the public from feeling comfortable about using that part of the park. We understand, however, that not much in the way of actual criminal activity is occurring. Apparently, that part of the park is walled and gated and that might be a factor as to why the homeless congregate there. There is no legal means to preclude the homeless from using this part of the park. Of course, the City can consider altering the park to meet legitimate park needs, such as changing this part of Selma Park to a dog park or possibly removing the walls/gate to provide better visibility to the street. Installing video surveillance cameras might be another option. RAP are the professionals who can help CD13 address these issues and of course we remain available to assist. I've copied both AP Diaz with RAP and Valerie, Strefan and Alex from our Office.

Very helpful. I'll discuss with my boss and team. As a mom who frequents playgrounds with my kids, I personally would like to pursue the LAMC change. :)

As for the other issues you framed, our office will continue discussions with both the department and with your office as to best next steps for that particular park.

Best,

Beverly Hills has such a stand alone ordinance as does a few other municipalities. If CD13 introduces a motion (we can help draft it) and Council acts on it, we will quickly transmit the draft ordinance for Council adoption. Please let us know if that's how you want to proceed. For now, we understand that the signs are back up in the delineated playground in Selma Park. Our neighborhood prosecutor tells us that adults have honored the signs for the playground area in the past so hopefully the adults will continue to do so and working with CD13 we can get this new LAMC provision in place and new signs made and posted (which also address this issue throughout the park system).

As for the other half of Selma Park beyond the fenced playground area, our prosecutor tells us homeless persons congregate in that area throughout the day and it has possibly intimidated other members of the public from feeling comfortable about using that part of the park. We understand, however, that not much in the way of actual criminal activity is occurring. Apparently, that part of the park is walled and gated and that might be a factor as to why the homeless congregate there. There is no legal means to preclude the homeless from using this part of the park. Of course, the City can consider altering the park to meet legitimate park needs, such as changing this part of Selma Park to a dog park or possibly removing the walls/gate to provide better visibility to the street. Installing video surveillance cameras might be another option. RAP are the professionals who can help CD13 address these issues and of course we remain available to assist. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Thanks David.

Very helpful. I'll discuss with my boss and team. As a mom who frequents playgrounds with my kids, I personally would like to pursue the LAMC change. :)

As for the other issues you framed, our office will continue discussions with both the department and with your office as to best next steps for that particular park.

Best,
Jeanne

Hi Jeanne. We had an internal meeting with our lawyers. A few things. As I mentioned briefly last week, the Penal Code Section cited on the signs is not a perfect fit. We believe the City will be better positioned legally if Council adopts a new (short) section to the LAMC that expressly prohibits an adult unaccompanied by a child from entering a child's play ground area in a park - where the playground area is clearly delineated from the rest of the park and signs are posted. Beverly Hills has such a stand alone ordinance as does a few other municipalities. If CD13 introduces a motion (we can help draft it) and Council acts on it, we will quickly transmit the draft ordinance for Council adoption. Please let us know if that's how you want to proceed. For now, we understand that the signs are back up in the delineated playground in Selma Park. Our neighborhood prosecutor tells us that adults have honored the signs for the playground area in the past so hopefully the adults will continue to do so and working with CD13 we can get this new LAMC provision in place and new signs made and posted (which also address this issue throughout the park system).

As for the other half of Selma Park beyond the fenced playground area, our prosecutor tells us homeless persons congregate in that area throughout the day and it has possibly intimidated other members of the public from feeling comfortable about using that part of the park. We understand, however, that not much in the way of actual criminal activity is occurring. Apparently, that part of the park is walled and gated and that might be a factor as to why the homeless congregate there. There is no legal means to preclude the homeless from using this part of the park. Of course, the City can consider altering the park to meet legitimate park needs, such as changing this part of Selma Park to a dog park or possibly removing the walls/gate to provide better visibility to the street. Installing video surveillance cameras might be another option. RAP are the professionals who can help CD13 address these issues and of course we remain available to assist. I've copied both AP Diaz with RAP and Valerie, Strefan and Alex from our Office.

Hi Mike and A.P.
Council Member O'Farrell contacted the City Attorney yesterday regarding signage posted outside of the children's play area at Selma Park. A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

Wishing both of you a happy and delicious Thanksgiving!

Subject: Re: Signage at Selma Park in CD 13 - Confidential, Attorney-Client Communication

Signs should only be posted on the gate/fence that surround the children's playground. Thank you,
David Michaelson
Chief Assistant City Attorney
City of Los Angeles

> Thanks Dave. Our understanding as of a few minutes ago from AP is that the signs can be posted at the entrance to the playground AND "near" the playground inside the park, but not at the actual entrance to the park. Can you confirm?

(FYI there is already one sign at the entrance to the playground itself, unfortunately we are still dealing with the issue)

Please advise... thanks!

We look forward to working with you and RAP next week about ideas for the other half of the park. Know that we are also researching whether another law (other than the Penal Code section appearing on the sign) might be more legally effective and if so we will discuss with you and AP and the signs can be modified. Have a Happy Thanksgiving.

All,
Just to clarify. I have confirmed that the cite on the sign is correct: Penal Code Section 653b(a).

The sign should be re-installed at Selma Park only at the entrance to the children's play area, not the entrance to the entire park. Similarly, at other RAP parks, the signs should only be placed at entrances to the Children's Play areas, not in other areas of parks. Next week we will work with RAP to discuss options for the area of Selma Park that does not include the children's play area.

A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

Wishing both of you a happy and delicious Thanksgiving!

Just to clarify. I have confirmed that the cite on the sign is correct: Penal Code Section 653b(a).

The sign should be re-installed at Selma Park only at the entrance to the children's play area, not the entrance to the entire park. Similarly, at other RAP parks, the signs should only be placed at entrances to the Children's Play areas, not in other areas of parks. Next week we will work with RAP to discuss options for the area of Selma Park that does not include the children's play area.

Council Member O'Farrell contacted the City Attorney yesterday regarding signage posted outside of the children's play area at Selma Park. A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Subject: Re: Signage at Selma Park in CD 13 - Confidential, Attorney-Client Communication

Thank you Valerie and AP. Does this mean that the old signs can go up? If that is the case I am coping my colleague, Dan Halden, who is the Deputy for that area. Please work with him because we need the signs up today.
Thank you all,

Star

Ramon and Javier please address ASAP with priority at Selma Park. Next, cull together a list of any other similar sites where signs were removed. Please let me know when it's been re-posted at Selma. Thank you.

A constituent named Adrian Riskin, who is a serial CPRA abuser and frequent critic of the City, posted a negative comment about the sign on his blog. Through what appears to be a miscommunication stemming from our office advising that we would look into the legality of the signage, the sign was removed. Our Office never concluded that the sign was unlawful. Rather, we believe that we could defend the sign because it places a reasonable time, place and manner restriction in furtherance of child safety on who may enter a children's play area. According to the Council Member, after the sign was removed, the Selma Park became overrun with drug dealers and other criminal elements.

We are writing to advise that the sign at Selma Park and other similar signage, can be re-posted. My impression from speaking to Council Member O'Farrell earlier this morning is that he would like the signs put back up as soon as possible.

Please feel free to contact me if you have any questions or concerns.

Wishing both of you a happy and delicious Thanksgiving!

To: Kimberly Miera <kimberly.miera@lacity.org>

The City takes its responsibility under the California Public Records Request Act (CPRA) seriously. One member of the public, Mr. Adrian Riskin, has for many months made numerous and convoluted CPRA requests to many City departments and offices. Please carefully read the attached letter from the City Clerk to Mr. Adrian Riskin implementing a new protocol to be applied to Mr. Riskin's CPRA requests.

The City has created a special portal - unique to Mr. Riskin - to receive and manage his many CPRA requests. Effective immediately, if you, or anyone on your staff, receives a CPRA request from Adrian Riskin, please direct your staff to inform Mr. Riskin that he must follow the procedures set forth in the attached correspondence. Please note that this portal is only for Mr. Riskin's use. If you have any questions or concerns, please feel free to reach to DCAs Kimberly Miera and/or Strefan Fauble.

Dear Mr. Riskin:

The City of Los Angeles diligently complies with the California Public Records Act (CPRA) and embraces the public's right to an open and transparent government. However, since January 2016, you have sent more than 5,000 emails containing approximately 800 demands for production of records pursuant to the CPRA to numerous departments and offices of the City of Los Angeles. The volume of your demands has escalated throughout the year. You issued approximately 16 CPRA demands in January in contrast to approximately 160 demands in September and approximately 100 by mid-October.

Complying with your extremely large and increasing number of demands has become overly demanding and burdensome for the City, significantly limiting the ability of some City staff from fulfilling their other responsibilities to the City and its constituents. In addition to the sheer volume of your demands, many of your demands are internally complex, overbroad or nebulous, often requiring staff to spend additional time to try to figure what you are seeking. Select examples of your overbroad and unfocused CPRA demands are set out in the attachment to this letter. Even after the City engages with you and is able to refine your demands, the demands often require extensive staff time to locate and collect voluminous documents. Staff then must dedicate additional time redacting exempt information from those documents.

AN EQUAL EMPLOYMENT OPPORTUNITY – AFFIRMATIVE ACTION EMPLOYER

Your numerous communications with the City also demonstrate your pattern of asking interrogatory style questions of City staff instead of merely asking to inspect specific City records. The CPRA does not permit such litigation-discovery-style inquiries and, in fact, courts have repeatedly opined that CPRA requests must be focused and specific. In addition, your use of CPRA document demands are often expressly or thinly veiled efforts to obtain responses to your questions, rather than a proper, specific request for documents. Furthermore, some of your demands appear to be retaliation for communications from City staff you perceive to be unsatisfactory. Examples of your misuse of the CPRA are also contained in the attachments.

On multiple occasions, City staff sought your voluntary cooperation in limiting your burdensome CPRA demands to no avail. The number and complicated nature of your demands have interfered with City staffs' ability to perform their other responsibilities, including timely responding to CPRA requests from others.

Therefore, as a last resort to allow City staff to fulfill all of their obligations, the City is hereby invoking a rule of reasonableness to allocate the amount of time City staff will spend processing your CPRA demands. Just as California's other open government law, the Ralph M. Brown Act, permits the City to limit the time a single individual may speak during a public meeting to ensure others may be heard and to allow the public body to fulfill its legislative responsibilities, your excessive and abusive use of the CPRA warrants the City in limiting your untethered access to City resources.

Effective immediately, the City will spend no more than one hour of staff time per City department or office per week, for a maximum total of no more than twelve hours a week of staff-time Citywide, devoted to responding to your CPRA demands.

The City has created a unique e-mail address to help the City manage your CPRA requests. Staff will no longer respond to demands you submit directly to City employees, offices, or departments, orally or in writing from any email or mailing address. Instead, you must send all CPRA requests to the following email address: ATT.RiskinCPRARequests@lacity.org. In order to allow the City to expedite your requests, please include all information you feel relevant to the demand, including but not limited to, date and subject-matter limits, and the identity of the department you believe may hold responsive documents.

Please note that the City will respond only to CPRA demands. Questions unrelated to the processing of your CPRA demands will not be answered. All City correspondence to you concerning your CPRA requests will be sent via the email address identified above. You will be notified if the email address changes. All correspondence from the City will be sent to you only at the following email address unless you inform us that it is necessary to send it to a different address: adrian@a-spectre-is-haunting-los-angeles.net.

Because of the large volume of CPRA demands you currently have pending throughout numerous City offices and departments, the City will not process pending demands unless and until you submit a prioritized list. Any CPRA demands you send after submitting your prioritized list will be added to the bottom of the list.

The City will collect responsive documents from any office or department at a single location for your inspection or, upon your request, provide you with copies. The City reserves the right to collect all fees from you associated with producing the records as allowed by law.

Upon your submission of a priority list, the City will begin processing your requests in your stated order and will notify you of the location when documents become ready for your review or pick-up.

Sincerely,

Holly L. Wolcott,
City Clerk

Examples of Your Prior and Pending Demands

- On March 28, 2016, you demanded "to take a look at all records from January 1, 2015 through today which involve homeless encampments near (a) Melrose and Vermont, (b) Alvarado and the 101, and (c) Juanita and Beverly. I'm thinking there might be constituent communications, internal CD13 communications, and maybe some other things? If by location isn't a convenient way to search for these, let me know and I'll think of another way to phrase the request, possibly by limiting the time?"
- On July 20, 2016, you wrote: "I'd like to take a look at all records involving CPRA requests made to CD13 between January 1, 2015 and whenever you have time to comply with this request (exclusive of those made by me). This should include but not be limited to the requests themselves, responses to them, discussions of the requests both internal and external to CD13, discussions of how requests of constituents as opposed to non-constituents were handled, and so on."
- On July 30, 2016, you demanded "to look at sufficiently many records to allow me to discover what HHOT does, who's on it, why does it exist, under whose auspices is it run, how does it relate to CES, and so on. For instance, I'm thinking that maybe when you were asked to be on it someone explained all this to you and maybe that created some records? If you'd just like to explain it to me I'll gladly waive this request."
- On July 31, 2016, you demanded "enough records to allow me to understand in detail the workings and origins of what I think is the current process for breaking up homeless encampments...."
- On January 9, 2016, wrote: "[P]erhaps you can help me by answering a question without my having to encode it in a CPRA request? I assume that City Councilmember have to take an oath on taking office. Do other members of a CM's staff also have to take oaths? If so, I'm wondering which ones, generally? Is there a rule or law about this?"
- On September 28, 2016, after being informed by City staff that a demand for tentative schedules for clean-ups of homeless encampments can only be provided via a list 24 hours in advance of a clean-up, you responded "While the CPRA doesn't require you all to take 'standing requests,' I'm thinking maybe it would be easier if you'd consider doing so in this case. If not, I accept that and will commence with daily requests."
- On November 9, 2015 and December 16, 2015, you demanded photos of City staff responding to your CPRA demands.
- On November 24, 2015 you wrote: "I've noticed that city employees often, exceedingly often, begin their emails with phrases like 'Good morning, Mr. X' or 'Good afternoon, Ms. Y' and so on. This is so uniform a trope that I begin to suspect it's the result of some kind of policy or training. So, in that context, I'm wondering if there's an explanation for this phenomenon. If you have any records which would provide full or partial answers to that question, I'm requesting an opportunity to inspect them. If you'd like to just tell me about it, I will certainly accept that in lieu of records."
- After being told that a conference room would not be available for you, you demanded on September 20, 2016 "to take a look at room reservation schedules for CD13's offices at City Hall and Echo Park between August 1, 2016 and August 12, 2016, inclusive. What I'm trying to determine is (a) what rooms there are in the two offices that are

subject to reservation (as opposed, I guess, to private offices) and when they were being used during those times." Later on September 20, you then requested "to take a look to take a look at room reservation schedules for CD13's offices at City Hall and Echo Park between September 19, 2016 and September 30, 2016," to determine, in part, "when they're being used this week and next week."

- On September 21, 2016, you submitted the following CPRA demand after an appointment you had with a CD13 staff had to be rescheduled: "I'd like to take a look at all records which relate to CD13's decision, announced by you to me, on August 9, 2016, to replace my appointment for August 12, 2016 at the Echo Park office with an appointment on August 18, 2016."
- Also September 21, 2016, you sent another CPRA demand: "I'd like to take a look at all records which relate to CD13's decision, announced by you to me, on August 9, 2016, to replace my appointment for August 12, 2016 at the Echo Park office with an appointment on August 18, 2016. These should include but not be limited to emails discussing both the purpose and the praxis of this matter....I would also like to look at all CD13 records that related to LAMC 49.5.5(A). E.g. training materials that discuss this law and how to follow it, discussions about his law, and so on."
- On October 2, 2016, when you arrived at the Clerk's Office to inspect requested records and discovered three desks in a hallway were missing, and you, therefore, had nowhere to sit to inspect the records, you submitted a CPRA demand to the Clerk's Office regarding documents relating to the removal of the desks. The Clerk's Office response that there were no documents responsive to your request was met with at least four (4) subsequent demands for records regarding the removal of the desks, which you insisted must be documented somewhere.
- After being asked to sign an acknowledgement that you received records in response to a CPRA, you submitted a CPRA request on October 5, 2016 for all records "relating to the BCA's policy, formal or informal, written or unwritten, of requiring people who make CPRA requests to sign a document acknowledging receipt of records..."
- After City staff informed you of the unreasonable burden your CPRA demands have placed on the City, and informed you that complying with your unreasonable, retaliatory, overly burdensome and vague requests were preventing staff from performing their other duties, including responding to CPRA requests submitted by others, you responded on September 30, 2016: "Regardless of the "intent of the CPRA' with respect to service to your constituents, I suppose that the legislature could have written the law differently had they not intended you all to comply with its fairly minimal requirements. Maybe your boss should consider hiring sufficient staff to allow his office to comply with legal mandates?"
- On October 8, 2016, you demanded "to inspect, at your convenience, copies of all records in the possession of CD13 on the subject of nightclubs in Hollywood including but not limited to emails, minutes of meetings, letters sent or received, calendar items, and so on."

  In an attempt to help you focus your demand, City staff requested you to provide more details, such as a date range and greater specificity regarding the subject matter (such as naming specific nightclubs). Your response on October 25, 2016 only further convoluted your demand:

It's a little hard for me to be more specific because I don't understand the processes at work over there. Let me describe what I mean and perhaps you can help me narrow down my request.

The other day, Councilmember O'Farrell gave a press conference on Hollywood Blvd., stating, according to the Los Angeles Times (and I wouldn't be surprised if they mangled the quote; they've done it before), that:

'There is a culture of rogue behavior that exists among some of our nightlife establishments in Hollywood. This culture is diminishing the quality of life for people who live here and we are determined to bring them into compliance or shut them down.'

Unfortunately, the article gave no substantial clues to why the Councilmember decided that this issue was worthy of his attention at the present time or where he came up with the ideas he expressed in his statement. Those questions are what I'm seeking the answer to.

Now, some of the examples in the Times article date back to 2013, although it's hard to tell from their vague prose whether they happened before or after Councilmember O'Farrell assumed office. This it's impossible for me to limit my request in time, since it's at least possible that some aspects of the nightclub situation (and therefore the records describing them) which contributed to the Councilmember's decision to address this issue last week date as far back as July 2013.

It's also possible that there were communications from the public he received before he decided to address the issue but which ultimately contributed to his decision to address it. Perhaps there were complaints about specific clubs which, individually, did not lead him to his claims of 'rogue behavior' but which cumulatively had an influence on them. Perhaps there were more general complaints about the 'rogue behavior' of clubs which made the same contribution. It's probably not enough just to ask for communications specifically requesting action, because maybe the communicators just wanted to complain or had some other goal in mind, and yet their communications contributed to the Councilmember's decision to act. It's hard to say what leads a politician to suddenly act on a matter, so it's hard for me to narrow down what I want to see in this area.

Perhaps there were communications to and from other city agencies or quasi-agencies (I suppose BIDS are quasi-agencies, maybe there are other such entities; neighborhood councils, I don't know what all) of the different sorts described above. The same factors make it hard for me to narrow this part of the request down.

Perhaps there was input from the Councilmember's staff, who might be transmitting such concerns, or expressing their own concerns and ideas about the issue, and this input is reflected in documents that I don't know the names of, like, e.g. staff memos or minutes, or something?

Also, it's not just his claims of 'rogue behavior' that I'm interested in, but very particularly his claims about hoe nightclub 'culture is diminishing the quality of life for people who live here.' I know that he himself doesn't live around here, so it's probably mostly not his personal experience that led him to make this claim. I'd like, therefore, to understand what it was that gave him that idea. Perhaps via the sorts of communications outlined above?

Finally, he's working with other city agencies on this initiative. I have no idea how to even ask what forms their collaborations are taking, but I assume that there are records involved. I would like to understand the collaborations through those records, whatever they might be.

And thanks for your concerns about the length of time it might take to produce such a large volume of information. I see no way around this, but perhaps we could mitigate it somewhat by your producing the documents in incremental blocks as you collect them, e.g. once a month or whatever, rather than waiting until the entire batch is collected. Other city agencies have done this for me, so I suppose it's permitted. The money's not an issue.

TL;DR: I wasn't to understand what led up to Councilmember O'Farrell's decision to engage with this issue ***now*** and where did the specific contents of his press conference statement about 'rogue' nightclubs come from. I suspect that a broad range of records will be necessary for me to understand this."....

Good morning, CM O'Farrell.

Your office has recently stopped complying with my public records act requests. I'm writing to urge you to reverse this policy.

As you may know, I use the information I gather from these requests to investigate violations of City ethics laws and other laws affecting government conduct. In 2016 alone I've used material from your office to support complaints with the City Ethics Commission regarding unregistered lobbying, violations of the revolving door ordinance, and violations involving misuse of City position. I've also used information from CD13 in complaints to City and state agencies involving numerous violations of the Business and Professions Code and other laws by the HPOA, and in gathering evidence relating to the violation of CPRA by the HPOA, the Media District BID, and other local agencies.

For instance, your office has provided me with evidence that Rodriguez Strategies, your present employee Juan Fregoso (previously employed by Rodriguez strategies as an unregistered lobbyist), your partners at HPOA and CCALA, including Kerry Morrison and Carol Schatz, the HPOA and CHC themselves, engaged in a number of violations of lobbying registration laws with respect to last year's activity on sidewalk vending.
Rodriguez Strategies has been heavily involved in lobbying the City about soda taxes for the last couple years. Thus, e.g., the fact that your staff member David Giron has spent the last four months delaying my request for information about CD13's relations with Rodriguez Strategies with respect to soda taxation creates an appearance that you all are

covering up something, if not your own or your staff's bad actions, then at least Rodriguez Strategies' failure to register as required by law. That Juan Fregoso was previously employed by Matt Rodriguez makes this appearance, whether or not it is accurate, even more plausible.

Another example of the intransigence of your office with respect to CPRA requests creating an appearance of impropriety has to do with out-of-process homeless encampment cleanups. Using information I obtained from you via CPRA, along with information I obtained from a number of other City agencies, I was able to put together a case against your staff member Aram Taslagyan for violating LAMC 49.5.5(A) with respect to encampment cleanup.

It seems likely that a similar case can be made against Marisol Rodriguez, and I have substantial but partial evidence from BSS and LASAN. However, without the additional material presently being embargoed by your staff in violation of CPRA I am unable to complete my investigation. In this case too your office's refusal to abide by CPRA-required duties creates a plausible appearance of impropriety.

There are numerous other examples along these same lines. These include ongoing unregistered lobbying by your campaign contributor Kerry Morrison and other HPOA staff with respect to homeless issues, tree-trimming issues, and a number of other things, violations of CPRA by the HPOA, evidence of which CD13 refuses to release in response to my CPRA requests, post-employment restriction violations by Lisa Schechter involving motions introduced by you, post-employment restriction violations by your former staff member Marie Rumsey, and so on.

As I said, I don't know whether or not it's your intention to cover up evidence of wrongdoing by your friends, campaign contributors, and present and former employees by failing to comply with your duties under CPRA. However, your actions not only have the effect of covering up evidence, but they create a strong appearance that you actually intend to do so. As I'm sure you're aware, this is not a particularly appropriate moment in our City's political history for politicians to appear to violate laws in order to help their campaign contributors evade scrutiny and bypass City requirements and prohibitions.

I assume that you have consulted with the City Attorney before taking this new hard-line stance on my CPRA requests. That is, of course, as it should be, and following the City Attorney's advice will certainly insulate you and your staff from some of the repercussions of your violations. However, it's possible that you're exposing yourself and your staff to other liabilities that may not have occurred to you or your advisors.

For instance, if you all are violating CPRA on purpose, e.g. because you were advised that there are no potential consequences for doing so other than exposing the City to the (fairly minimal) risk of a writ petition, you and/or your staff may be in violation of Government Code section 1222, which seems at least prima facie, to make intentionally violating CPRA into a misdemeanor.

Surely no amount of advice-following will insulate you or your staff from criminal liability. Also, I hope you will consider the fact that with respect to criminal violations, members of your staff are not absolved of individual liability because they are following your instructions or the advice of the City Attorney. It doesn't seem very responsible of you to endanger your staff's present and future well-being by ordering or allowing them to violate CPRA intentionally.

Even if this (fairly novel, I admit) theory about GC 1222 doesn't pan out, it is still the case that you are exposing yourself, your staff, and the City to action under the California Code of Civil Procedure section 526a, which allows for injunctions against individuals in City government in CPRA cases. Also, of course, there are the usual writ petitions for CPRA compliance, the risk of which you all have evidently already decided is acceptable. Also, the fact that CD13 continues to comply with CPRA requests from people other than me may constitute violations of LAMC 49.5.5(A).

I actually do understand why you and your staff may personally not want to comply with my CPRA requests. In some sense the information I've obtained and published doesn't always reflect well on you, on your staff, on your campaign donors and your personal friends and associates. But I'm asking you to rise above personal considerations and remember that, in addition to your other responsibilities, you are a custodian of the public records in the possession of your office. You hold those records in trust for the public irrespective of your own private goals and motivations. Your compliance with the law, the state constitution, and your adherence to your oath of office, in which you swore to or affirmed your duty to support all of these, whether or not it's in your immediate interest, will in fact reflect more positively on you in the long run than any short run disadvantage that may accrue to you from material you release.

In any case, I hope that you will reconsider your ill-advised decision to stop complying with CPRA. It's illegal, immoral, short-sighted, and petty. Once upon a time CD13 had a perfectly civilized workable system for dealing with my requests. I hope that we can go back to working together for our City's benefit as we have been able to do so successfully and amiably in the past.

Thanks for your prompt attention to this matter,

Adrian Riskin

P.s. I'm attaching a few of the complaints I mentioned so you can see the kind of investigations that you and your staff are obstructing.

Good morning, CM O'Farrell.

Your office has recently stopped complying with my public records act requests. I'm writing to urge you to reverse this policy.

As you may know, I use the information I gather from these requests to investigate violations of City ethics laws and other laws affecting government conduct. In 2016 alone I've used material from your office to support complaints with the City Ethics Commission regarding unregistered lobbying, violations of the revolving door ordinance, and violations involving misuse of City position. I've also used information from CD13 in complaints to City and state agencies involving numerous violations of the Business and Professions Code and other laws by the HPOA, and in gathering evidence relating to the violation of CPRA by the HPOA, the Media District BID, and other local agencies.

For instance, your office has provided me with evidence that Rodriguez Strategies, your present employee Juan Fregoso (previously employed by Rodriguez strategies as an unregistered lobbyist), your partners at HPOA and CCALA, including Kerry Morrison and Carol Schatz, the HPOA and CHC themselves, engaged in a number of violations of lobbying registration laws with respect to last year's activity on sidewalk vending. Rodriguez Strategies has been heavily involved in lobbying the City about soda taxes for the last couple years. Thus, e.g., the fact that your staff member David Giron has spent the last four months delaying my request for information about CD13's relations with Rodriguez Strategies with respect to soda taxation creates an appearance that you all are covering up something, if not your own or your staff's bad actions, then at least Rodriguez Strategies' failure to register as required by law. That Juan Fregoso was previously employed by Matt Rodriguez makes this appearance, whether or not it is accurate, even more plausible.

Another example of the intransigence of your office with respect to CPRA requests creating an appearance of impropriety has to do with out-of-process homeless encampment cleanups. Using information I obtained from you via CPRA, along with information I obtained from a number of other City agencies, I was able to put together a case against your staff member Aram Taslagyan for violating LAMC 49.5.5(A) with respect to encampment cleanup.

It seems likely that a similar case can be made against Marisol Rodriguez, and I have substantial but partial evidence from BSS and LASAN. However, without the additional material presently being embargoed by your staff in violation of CPRA I am unable to complete my investigation. In this case too your office's refusal to abide by CPRA-required duties creates a plausible appearance of impropriety.

There are numerous other examples along these same lines. These include ongoing unregistered lobbying by your campaign contributor Kerry Morrison and other HPOA staff with respect to homeless issues, tree-trimming issues, and a number of other things, violations of CPRA by the HPOA, evidence of which CD13 refuses to release in response to my CPRA requests, post-employment restriction violations by Lisa Schechter involving motions introduced by you, post-employment restriction violations by your former staff member Marie Rumsey, and so on.

As I said, I don't know whether or not it's your intention to cover up evidence of wrongdoing by your friends, campaign contributors, and present and former employees by failing to comply with your duties under CPRA. However, your actions not only have the effect of covering up evidence, but they create a strong appearance that you actually intend to do so. As I'm sure you're aware, this is not a particularly appropriate moment in our City's political history for politicians to appear to violate laws in order to help their campaign contributors evade scrutiny and bypass City requirements and prohibitions.

I assume that you have consulted with the City Attorney before taking this new hard-line stance on my CPRA requests. That is, of course, as it should be, and following the City Attorney's advice will certainly insulate you and your staff from some of the repercussions of your violations. However, it's possible that you're exposing yourself and your staff to other liabilities that may not have occurred to you or your advisors.

For instance, if you all are violating CPRA on purpose, e.g. because you were advised that there are no potential consequences for doing so other than exposing the City to the (fairly minimal) risk of a writ petition, you and/or your staff may be in violation of Government Code section 1222, which seems at least prima facie, to make intentionally violating CPRA into a misdemeanor.

Surely no amount of advice-following will insulate you or your staff from criminal liability. Also, I hope you will consider the fact that with respect to criminal violations, members of your staff are not absolved of individual liability because they are following your instructions or the advice of the City Attorney. It doesn't seem very responsible of you to endanger your staff's present and future well-being by ordering or allowing them to violate CPRA intentionally.

Even if this (fairly novel, I admit) theory about GC 1222 doesn't pan out, it is still the case that you are exposing yourself, your staff, and the City to action under the California Code of Civil Procedure section 526a, which allows for injunctions against individuals in City government in CPRA cases. As you may know, I use the information I gather from these requests to investigate violations of City ethics laws and other laws affecting government conduct. In 2016 alone I've used material from your office to support complaints with the City Ethics Commission regarding unregistered lobbying, violations of the revolving door ordinance, and violations involving misuse of City position. I've also used information from CD13 in complaints to City and state agencies involving numerous violations of the Business and Professions Code and other laws by the HPOA, and in gathering evidence relating to the violation of CPRA by the HPOA, the Media District BID, and other local agencies.

For instance, your office has provided me with evidence that Rodriguez Strategies, your present employee Juan Fregoso (previously employed by Rodriguez strategies as an unregistered lobbyist), your partners at HPOA and CCALA, including Kerry Morrison and Carol Schatz, the HPOA and CHC themselves, engaged in a number of violations of lobbying registration laws with respect to last year's activity on sidewalk vending. Rodriguez Strategies has been heavily involved in lobbying the City about soda taxes for the last couple years. Thus, e.g., the fact that your staff member David Giron has spent the last four months delaying my request for information about CD13's relations with Rodriguez Strategies with respect to soda taxation creates an appearance that you all are covering up something, if not your own or your staff's bad actions, then at least Rodriguez Strategies' failure to register as required by law. That Juan Fregoso was previously employed by Matt Rodriguez makes this appearance, whether or not it is accurate, even more plausible.

Another example of the intransigence of your office with respect to CPRA requests creating an appearance of impropriety has to do with out-of-process homeless encampment cleanups. Using information I obtained from you via CPRA, along with information I obtained from a number of other City agencies, I was able to put together a case against your staff member Aram Taslagyan for violating LAMC 49.5.5(A) with respect to encampment cleanup.

It seems likely that a similar case can be made against Marisol Rodriguez, and I have substantial but partial evidence from BSS and LASAN. However, without the additional material presently being embargoed by your staff in violation of CPRA I am unable to complete my investigation. In this case too your office's refusal to abide by CPRA-required duties creates a plausible appearance of impropriety.

There are numerous other examples along these same lines. These include ongoing unregistered lobbying by your campaign contributor Kerry Morrison and other HPOA staff with respect to homeless issues, tree-trimming issues, and a number of other things, violations of CPRA by the HPOA, evidence of which CD13 refuses to release in response to my CPRA requests, post-employment restriction violations by Lisa Schechter involving motions introduced by you, post-employment restriction violations by your former staff member Marie Rumsey, and so on.

As I said, I don't know whether or not it's your intention to cover up evidence of wrongdoing by your friends, campaign contributors, and present and former employees by failing to comply with your duties under CPRA. However, your actions not only have the effect of covering up evidence, but they create a strong appearance that you actually intend to do so. As I'm sure you're aware, this is not a particularly appropriate moment in our City's political history for politicians to appear to violate laws in order to help their campaign contributors evade scrutiny and bypass City requirements and prohibitions.

I assume that you have consulted with the City Attorney before taking this new hard-line stance on my CPRA requests. That is, of course, as it should be, and following the City Attorney's advice will certainly insulate you and your staff from some of the repercussions of your violations. However, it's possible that you're exposing yourself and your staff to other liabilities that may not have occurred to you or your advisors.

For instance, if you all are violating CPRA on purpose, e.g. because you were advised that there are no potential consequences for doing so other than exposing the City to the (fairly minimal) risk of a writ petition, you and/or your staff may be in violation of Government Code section 1222, which seems at least prima facie, to make intentionally violating CPRA into a misdemeanor.

Surely no amount of advice-following will insulate you or your staff from criminal liability. Also, I hope you will consider the fact that with respect to criminal violations, members of your staff are not absolved of individual liability because they are following your instructions or the advice of the City Attorney. It doesn't seem very responsible of you to endanger your staff's present and future well-being by ordering or allowing them to violate CPRA intentionally.

Even if this (fairly novel, I admit) theory about GC 1222 doesn't pan out, it is still the case that you are exposing yourself, your staff, and the City to action under the California Code of Civil Procedure section 526a, which allows for injunctions against individuals in City government in CPRA cases. Also, of course, there are the usual writ petitions for CPRA compliance, the risk of which you all have evidently already decided is acceptable. Also, the fact that CD13 continues to comply with CPRA requests from people other than me may constitute violations of LAMC 49.5.5(A).

I actually do understand why you and your staff may personally not want to comply with my CPRA requests. In some sense the information I've obtained and published doesn't always reflect well on you, on your staff, on your campaign donors and your personal friends and associates. But I'm asking you to rise above personal considerations and remember that, in addition to your other responsibilities, you are a custodian of the public records in the possession of your office. You hold those records in trust for the public irrespective of your own private goals and motivations. Your compliance with the law, the state constitution, and your adherence to your oath of office, in which you swore to or affirmed your duty to support all of these, whether or not it's in your immediate interest, will in fact reflect more positively on you in the long run than any short run disadvantage that may accrue to you from material you release.

In any case, I hope that you will reconsider your ill-advised decision to stop complying with CPRA. It's illegal, immoral, short-sighted, and petty. Once upon a time CD13 had a perfectly civilized workable system for dealing with my requests. I hope that we can go back to working together for our City's benefit as we have been able to do so successfully and amiably in the past.

Thanks for your prompt attention to this matter,

Adrian Riskin

P.s. I'm attaching a few of the complaints I mentioned so you can see the kind of investigations that you and your staff are obstructing.

I think perhaps we have received about one or two new emails from him. We have probably a few dozen requests still outstanding, including ones I had hoped to complete by now. Trying to respond to all his requests while managing our workload is simply impossible.

Subject: CPRA request (CD13.2016.10.31.a)

Good evening, Dan.

I'm appending a CPRA request I made in June of this year for reference. I would like to see any records related to the process by which CD13 determined the various estimated dates of release that you all have been giving me since your first response in August 2016. I'm especially interested in e.g. lists of the material expected to be responsive, time-tables for sorting through the material, discussions of the impact on staff time, and so on? I'm very especially interested in any records that tend to show that you all aren't just making up these dates off the tops of your heads and/or that they're actually based on something substantial, if any such records exist.

Thanks

Adrian

Hi Adrian,

Unfortunately, we are still working on this request and need additional time to complete it. We will work on this and complete it by November 30th, 2016.

Thank you,

David

To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

I'd like to take a look at all emails between Carlos Illingsworth and anyone at CD13. I'd also like to take a look at all CD13 records that mention or discuss Carlos Illingsworth, including notes from any meetings with or about Carlos Illingsworth, emails that mention Carlos Illingsworth or his concerns or ideas, and so on. It's not necessary to include daily schedules amongst these latter, since you'll already be releasing those to me in response to a separate request.

Thanks for your help,

Adrian

Dear Mr. Riskin:

The City of Los Angeles diligently complies with the California Public Records Act (CPRA) and embraces the public's right to an open and transparent government. However, since January 2016, you have sent more than 5,000 emails containing approximately 800 demands for production of records pursuant to the CPRA to numerous departments and offices of the City of Los Angeles. The volume of your demands has escalated throughout the year. You issued approximately 16 CPRA demands in January in contrast to approximately 160 demands in September and approximately 100 by mid-October.

Complying with your extremely large and increasing number of demands has become overly demanding and burdensome for the City, significantly limiting the ability of some City staff from fulfilling their other responsibilities to the City and its constituents. In addition to the sheer volume of your demands, many of your demands are internally complex, overbroad or nebulous, often requiring staff to spend additional time to try to figure what you are seeking. Select examples of your overbroad and unfocused CPRA demands are set out in the attachment to this letter. Even after the City engages with you and is able to refine your demands, the demands often require extensive staff time to locate and collect voluminous documents. Staff then must dedicate additional time redacting exempt information from those documents.

AN EQUAL EMPLOYMENT OPPORTUNITY – AFFIRMATIVE ACTION EMPLOYER

Your numerous communications with the City also demonstrate your pattern of asking interrogatory style questions of City staff instead of merely asking to inspect specific City records. The CPRA does not permit such litigation-discovery-style inquiries and, in fact, courts have repeatedly opined that CPRA requests must be focused and specific. In addition, your use of CPRA document demands are often expressly or thinly veiled efforts to obtain responses to your questions, rather than a proper, specific request for documents. Furthermore, some of your demands appear to be retaliation for communications from City staff you perceive to be unsatisfactory. Examples of your misuse of the CPRA are also contained in the attachments.

On multiple occasions, City staff sought your voluntary cooperation in limiting your burdensome CPRA demands to no avail. The number and complicated nature of your demands have interfered with City staffs' ability to perform their other responsibilities, including timely responding to CPRA requests from others.

Therefore, as a last resort to allow City staff to fulfill all of their obligations, the City is hereby invoking a rule of reasonableness to allocate the amount of time City staff will spend processing your CPRA demands. Just as California's other open government law, the Ralph M. Brown Act, permits the City to limit the time a single individual may speak during a public meeting to ensure others may be heard and to allow the public body to fulfill its legislative responsibilities, your excessive and abusive use of the CPRA warrants the City in limiting your untethered access to City resources.

Effective immediately, the City will spend no more than one hour of staff time per City department or office per week, for a maximum total of no more than twelve hours a week of staff-time Citywide, devoted to responding to your CPRA demands.

The City has created a unique e-mail address to help the City manage your CPRA requests. Staff will no longer respond to demands you submit directly to City employees, offices, or departments, orally or in writing from any email or mailing address. Instead, you must send all CPRA requests to the following email address: ATT.RiskinCPRARequests@lacity.org. In order to allow the City to expedite your requests, please include all information you feel relevant to the demand, including but not limited to, date and subject-matter limits, and the identity of the department you believe may hold responsive documents.

Please note that the City will respond only to CPRA demands. Questions unrelated to the processing of your CPRA demands will not be answered. All City correspondence to you concerning your CPRA requests will be sent via the email address identified above. You will be notified if the email address changes. All correspondence from the City will be sent to you only at the following email address unless you inform us that it is necessary to send it to a different address: adrian@a-spectre-is-haunting-los-angeles.net.

Because of the large volume of CPRA demands you currently have pending throughout numerous City offices and departments, the City will not process pending demands unless and until you submit a prioritized list. Any CPRA demands you send after submitting your prioritized list will be added to the bottom of the list.

The City will collect responsive documents from any office or department at a single location for your inspection or, upon your request, provide you with copies. The City reserves the right to collect all fees from you associated with producing the records as allowed by law.

Upon your submission of a priority list, the City will begin processing your requests in your stated order and will notify you of the location when documents become ready for your review or pick-up.

Sincerely,

Holly L. Wolcott,
City Clerk

ATTACHMENT

Examples of Your Prior and Pending Demands

- On March 28, 2016, you demanded "to take a look at all records from January 1, 2015 through today which involve homeless encampments near (a) Melrose and Vermont, (b) Alvarado and the 101, and (c) Juanita and Beverly. I'm thinking there might be constituent communications, internal CD13 communications, and maybe some other things? If by location isn't a convenient way to search for these, let me know and I'll think of another way to phrase the request, possibly by limiting the time?"
- On July 20, 2016, you wrote: "I'd like to take a look at all records involving CPRA requests made to CD13 between January 1, 2015 and whenever you have time to comply with this request (exclusive of those made by me). This should include but not be limited to the requests themselves, responses to them, discussions of the requests both internal and external to CD13, discussions of how requests of constituents as opposed to non-constituents were handled, and so on."
- On July 30, 2016, you demanded "to look at sufficiently many records to allow me to discover what HHOT does, who's on it, why does it exist, under whose auspices is it run, how does it relate to CES, and so on. For instance, I'm thinking that maybe when you were asked to be on it someone explained all this to you and maybe that created some records? If you'd just like to explain it to me I'll gladly waive this request."
- On July 31, 2016, you demanded "enough records to allow me to understand in detail the workings and origins of what I think is the current process for breaking up homeless encampments...."
- On January 9, 2016, wrote: "[P]erhaps you can help me by answering a question without my having to encode it in a CPRA request? I assume that City Councilmember have to take an oath on taking office. Do other members of a CM's staff also have to take oaths? If so, I'm wondering which ones, generally? Is there a rule or law about this?"
- On September 28, 2016, after being informed by City staff that a demand for tentative schedules for clean-ups of homeless encampments can only be provided via a list 24 hours in advance of a clean-up, you responded "While the CPRA doesn't require you all to take 'standing requests,' I'm thinking maybe it would be easier if you'd consider doing so in this case. If not, I accept that and will commence with daily requests."
- On November 9, 2015 and December 16, 2015, you demanded photos of City staff responding to your CPRA demands.
- On November 24, 2015 you wrote: "I've noticed that city employees often, exceedingly often, begin their emails with phrases like 'Good morning, Mr. X' or 'Good afternoon, Ms. Y' and so on. This is so uniform a trope that I begin to suspect it's the result of some kind of policy or training. So, in that context, I'm wondering if there's an explanation for this phenomenon. If you have any records which would provide full or partial answers to that question, I'm requesting an opportunity to inspect them. If you'd like to just tell me about it, I will certainly accept that in lieu of records."
- After being told that a conference room would not be available for you, you demanded on September 20, 2016 "to take a look at room reservation schedules for CD13's offices at City Hall and Echo Park between August 1, 2016 and August 12, 2016, inclusive. What I'm trying to determine is (a) what rooms there are in the two offices that are

subject to reservation (as opposed, I guess, to private offices) and when they were being used during those times." Later on September 20, you then requested "to take a look to take a look at room reservation schedules for CD13's offices at City Hall and Echo Park between September 19, 2016 and September 30, 2016," to determine, in part, "when they're being used this week and next week."

- On September 21, 2016, you submitted the following CPRA demand after an appointment you had with a CD13 staff had to be rescheduled: "I'd like to take a look at all records which relate to CD13's decision, announced by you to me, on August 9, 2016, to replace my appointment for August 12, 2016 at the Echo Park office with an appointment on August 18, 2016."
- Also September 21, 2016, you sent another CPRA demand: "I'd like to take a look at all records which relate to CD13's decision, announced by you to me, on August 9, 2016, to replace my appointment for August 12, 2016 at the Echo Park office with an appointment on August 18, 2016. These should include but not be limited to emails discussing both the purpose and the praxis of this matter....I would also like to look at all CD13 records that related to LAMC 49.5.5(A). E.g. training materials that discuss this law and how to follow it, discussions about his law, and so on."
- On October 2, 2016, when you arrived at the Clerk's Office to inspect requested records and discovered three desks in a hallway were missing, and you, therefore, had nowhere to sit to inspect the records, you submitted a CPRA demand to the Clerk's Office regarding documents relating to the removal of the desks. The Clerk's Office response that there were no documents responsive to your request was met with at least four (4) subsequent demands for records regarding the removal of the desks, which you insisted must be documented somewhere.
- After being asked to sign an acknowledgement that you received records in response to a CPRA, you submitted a CPRA request on October 5, 2016 for all records "relating to the BCA's policy, formal or informal, written or unwritten, of requiring people who make CPRA requests to sign a document acknowledging receipt of records..."
- After City staff informed you of the unreasonable burden your CPRA demands have placed on the City, and informed you that complying with your unreasonable, retaliatory, overly burdensome and vague requests were preventing staff from performing their other duties, including responding to CPRA requests submitted by others, you responded on September 30, 2016: "Regardless of the "intent of the CPRA' with respect to service to your constituents, I suppose that the legislature could have written the law differently had they not intended you all to comply with its fairly minimal requirements. Maybe your boss should consider hiring sufficient staff to allow his office to comply with legal mandates?"
- On October 8, 2016, you demanded "to inspect, at your convenience, copies of all records in the possession of CD13 on the subject of nightclubs in Hollywood including but not limited to emails, minutes of meetings, letters sent or received, calendar items, and so on."

  In an attempt to help you focus your demand, City staff requested you to provide more details, such as a date range and greater specificity regarding the subject matter (such as naming specific nightclubs). Your response on October 25, 2016 only further convoluted your demand:

It's a little hard for me to be more specific because I don't understand the processes at work over there. Let me describe what I mean and perhaps you can help me narrow down my request.

The other day, Councilmember O'Farrell gave a press conference on Hollywood Blvd., stating, according to the Los Angeles Times (and I wouldn't be surprised if they mangled the quote; they've done it before), that:

'There is a culture of rogue behavior that exists among some of our nightlife establishments in Hollywood. This culture is diminishing the quality of life for people who live here and we are determined to bring them into compliance or shut them down.'

Unfortunately, the article gave no substantial clues to why the Councilmember decided that this issue was worthy of his attention at the present time or where he came up with the ideas he expressed in his statement. Those questions are what I'm seeking the answer to.

Now, some of the examples in the Times article date back to 2013, although it's hard to tell from their vague prose whether they happened before or after Councilmember O'Farrell assumed office. This it's impossible for me to limit my request in time, since it's at least possible that some aspects of the nightclub situation (and therefore the records describing them) which contributed to the Councilmember's decision to address this issue last week date as far back as July 2013.

It's also possible that there were communications from the public he received before he decided to address the issue but which ultimately contributed to his decision to address it. Perhaps there were complaints about specific clubs which, individually, did not lead him to his claims of 'rogue behavior' but which cumulatively had an influence on them. Perhaps there were more general complaints about the 'rogue behavior' of clubs which made the same contribution. It's probably not enough just to ask for communications specifically requesting action, because maybe the communicators just wanted to complain or had some other goal in mind, and yet their communications contributed to the Councilmember's decision to act. It's hard to say what leads a politician to suddenly act on a matter, so it's hard for me to narrow down what I want to see in this area.

Perhaps there were communications to and from other city agencies or quasi-agencies (I suppose BIDS are quasi-agencies, maybe there are other such entities; neighborhood councils, I don't know what all) of the different sorts described above. The same factors make it hard for me to narrow this part of the request down.

Perhaps there was input from the Councilmember's staff, who might be transmitting such concerns, or expressing their own concerns and ideas about the issue, and this input is reflected in documents that I don't know the names of, like, e.g. staff memos or minutes, or something?

Also, it's not just his claims of 'rogue behavior' that I'm interested in, but very particularly his claims about hoe nightclub 'culture is diminishing the quality of life for people who live here.' I know that he himself doesn't live around here, so it's probably mostly not his personal experience that led him to make this claim. I'd like, therefore, to understand what it was that gave him that idea. Perhaps via the sorts of communications outlined above?

Finally, he's working with other city agencies on this initiative. I have no idea how to even ask what forms their collaborations are taking, but I assume that there are records involved. I would like to understand the collaborations through those records, whatever they might be.

And thanks for your concerns about the length of time it might take to produce such a large volume of information. I see no way around this, but perhaps we could mitigate it somewhat by your producing the documents in incremental blocks as you collect them, e.g. once a month or whatever, rather than waiting until the entire batch is collected. Other city agencies have done this for me, so I suppose it's permitted. The money's not an issue.

TL;DR: I wasn't to understand what led up to Councilmember O'Farrell's decision to engage with this issue ***now*** and where did the specific contents of his press conference statement about 'rogue' nightclubs come from. I suspect that a broad range of records will be necessary for me to understand this."....

Good morning, Dan, Gigi.

I'm trying to determine how far in advance of a HE clean-up CD13 is aware of the date it is going to be cleaned up. As you can see from the attached email, on Thursday January 7, 2016, Juan Fregoso is discussing clean-ups scheduled for Wednesday January 13, 2016. This suggests that in some circumstances CD13 is aware of HE clean-up dates six days in advance.

I would like to see enough records to allow me to understand the normal range of CD13's advance knowledge. In particular, this should include all emails or other communications between anyone and Juan Fregoso which resulted in his knowing on January 7 about HE clean-ups scheduled for January 13.

If whatever course of events occurred for that incident is no longer standard, can you please also let me see corresponding records for the most recent instance of CD13 becoming aware of the actual scheduled dates of an HE clean-up?

Again, I'm trying to determine how far in advance CD13 becomes aware of an impending clean-up, so I would like records that reflect the current process by which they become aware. In this request I am not concerned with any particular clean-ups, so records from any example that are representative of the general process will be fine.

Thanks for your help,

Adrian

Hi Kim:
I hope you are both well. I have been out of the office for most of the week in observance of the Jewish New Year and a cold that I'm battling, but I wanted to reach out to you for some advisement regarding several CPRA requests that Adrian Riskin has sent to us, some of them new.

For the record, based on our spreadsheet we are now at approximately 85 CPRA requests from Adrian alone, from May 19th of this year.

Here are my questions:

-All emails between CD13 and Ethics Commission, 1/1/16 - date of compliance. **Are these emails exempt via deliberative process/attorney-client privilege, etc?**

-All CD13 Field Staff Reports, 7/1/13 (the day we took office) - date of compliance. This is every single staff report (from field staff, to Councilmember O'Farrell) covering, by nature, essentially every single field issue in CD13 over the last 3+ years. **Would these be considered deliberative, and thus exempt?**

-Adrian is now routinely asking for all sorts of documents in the "native" format. For example, he is asking for the actual files of photographs that we included in a recent newsletter. There is some concern that documents such as photographs or MS Word docs, etc. could be altered. **Please provide clarification regarding "native" format and if we are required to turn over these documents, in every case?**

-All calendars of everyone at CD13 from January 1, 2016 through the present. Some have already been turned over, which he has published on his website. I redacted my personal information from my calendar. **Is CD13 required to turn over ALL the calendars for every staff member for virtually an entire year?**

-All my notes, from every single meeting, from January 1, 2016 through the present. **Kim, you had mentioned that these notes might be considered deliberative. Please advise.**

Good morning, Dan.

I'd like to take a look at all emails between Carlos Illingsworth and anyone at CD13. I'd also like to take a look at all CD13 records that mention or discuss Carlos Illingsworth, including notes from any meetings with or about Carlos Illingsworth, emails that mention Carlos Illingsworth or his concerns or ideas, and so on. It's not necessary to include daily schedules amongst these latter, since you'll already be releasing those to me in response to a separate request.

Thanks for your help,

Subject: CPRA Advice Needed

Hi Kim:
I hope you are both well. I have been out of the office for most of the week in observance of the Jewish New Year and a cold that I'm battling, but I wanted to reach out to you for some advisement regarding several CPRA requests that Adrian Riskin has sent to us, some of them new.

For the record, based on our spreadsheet we are now at approximately 85 CPRA requests from Adrian alone, from May 19th of this year.

Here are my questions:

-All emails between CD13 and Ethics Commission, 1/1/16 - date of compliance. **Are these emails exempt via deliberative process/attorney-client privilege, etc?**

-All CD13 Field Staff Reports, 7/1/13 (the day we took office) - date of compliance. This is every single staff report (from field staff, to Councilmember O'Farrell) covering, by nature, essentially every single field issue in CD13 over the last 3+ years. **Would these be considered deliberative, and thus exempt?**

-Adrian is now routinely asking for all sorts of documents in the "native" format. For example, he is asking for the actual files of photographs that we included in a recent newsletter. There is some concern that documents such as photographs or MS Word docs, etc. could be altered. **Please provide clarification regarding "native" format and if we are required to turn over these documents, in every case?**

-All calendars of everyone at CD13 from January 1, 2016 through the present. Some have already been turned over, which he has published on his website. I redacted my personal information from my calendar. **Is CD13 required to turn over ALL the calendars for every staff member for virtually an entire year?**

-All my notes, from every single meeting, from January 1, 2016 through the present. **Kim, you had mentioned that these notes might be considered deliberative. Please advise.**

Good morning, Dan, Gigi.

I'm trying to determine how far in advance of a HE clean-up CD13 is aware of the date it is going to be cleaned up. As you can see from the attached email, on Thursday January 7, 2016, Juan Fregoso is discussing clean-ups scheduled for Wednesday January 13, 2016. This suggests that in some circumstances CD13 is aware of HE clean-up dates six days in advance.

I would like to see enough records to allow me to understand the normal range of CD13's advance knowledge. In particular, this should include all emails or other communications between anyone and Juan Fregoso which resulted in his knowing on January 7 about HE clean-ups scheduled for January 13.

If whatever course of events occurred for that incident is no longer standard, can you please also let me see corresponding records for the most recent instance of CD13 becoming aware of the actual scheduled dates of an HE clean-up?

Again, I'm trying to determine how far in advance CD13 becomes aware of an impending clean-up, so I would like records that reflect the current process by which they become aware. In this request I am not concerned with any particular clean-ups, so records from any example that are representative of the general process will be fine.

Thanks for your help,

Adrian

CD13 Team,

This is informative: PATH outreach team will be partaking a webinar on 01.13.2016 at 9:00am—12:00pm.

This webinar includes a training for Version 2.1 of the CES packet. It'll definitely be important that each PATH outreach staff remains keen—the old 1.1 & 1.2 versions will no longer be utilized and information will no longer be allowed to enter into HMIS.

The Outreach team looks forward to using Friday (01.15.2016) to set appointments and meet CD13 clients.

If you have any question or concerns, please don't hesitate to call me or re: to discuss any matter.

Sincerely,

Thanks Lao for the update. We will still need the outreach team to reach out to the encampment locations on Tuesday and leave trash bags letting them know we are coming. Please let me know if your team needs any more bags.

Are there any other Wednesdays PATH will not be able to join us? I know some things just come up at times, but we need to have the Outreach Team join us on Wednesdays, PATH is a key to our outreach. If there is anyone at PATH that can join us on the 13th it would be greatly appreciated.

Ill send locations over tomorrow and any report questions that come up.

Thanks

Good Morning Juan and CD 13 team! We are going to see if any of the Hollywood team are available for support this Wednesday. We will continue to avoid scheduling things on Wednesday. However, it unfortunately depends on LAHSA and when they schedule their trainings. We apologize that it was unavoidable this time but we are also confident that this training will further help our staff connect people to housing resources in the future.

We will let you know if we are able to find coverage for Wednesday. Also, Jenny and Sandi will be coming by today for trash bags. If you can let us know the locations as soon as you know so they can inform the people.

Warmly,

I will be here all day if/when your team wants to stop by to pick up more bags.

Hi again Juan, and thanks!! Our team was able to stop by and pick up some trash bags. They are crammed full of obligations tomorrow but as soon as you know of the locations, they will see what they can do.

Also, we were unfortunately unable to pull staff from other outreach teams for tomorrow due to the same training. If there is another way we can be of support, please let me know. We should be back in the full swing of things in CD 13 on Friday, January 15th.

To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

I'd like to take a look at all emails between Carlos Illingsworth and anyone at CD13. I'd also like to take a look at all CD13 records that mention or discuss Carlos Illingsworth, including notes from any meetings with or about Carlos Illingsworth, emails that mention Carlos Illingsworth or his concerns or ideas, and so on. It's not necessary to include daily schedules amongst these latter, since you'll already be releasing those to me in response to a separate request.

Thanks for your help,

Adrian

Stolen/Abandoned Shopping Carts

1 message

Angelo Yenko <angelo.yenko@lacity.org> Fri, Sep 26, 2014 at 12:55 PM
To: Carlos Illingworth <Carlos.Illingworth@safeway.com>

Hi Carlos,

Hope all has been well since we last spoke. I am reaching out to you to see if you can shed some light on how VONS handles stolen/abandoned shopping carts. For instance, if a community member found an empty VONS shopping cart chained to a tree on her street, would VONS or your contractor be able to retrieve it?

We've been having issues with abandoned shopping carts lately and I am trying to figure out the best way to address it.

Thanks in advance!

11/8/14 - CD13 Community Donation Request

5 messages

Angelo Yenko <angelo.yenko@lacity.org> Wed, Oct 8, 2014 at 4:50 PM
To: Carlos Illingworth <Carlos.Illingworth@safeway.com>

Hi Carlos,

I hope all has been going well. On November 8, 2014, Councilmember O'Farrell is partnering with several schools in the Vermont/1st St area to host a large community clean up. The schools involved are Virgil Middle School, Sammy Lee Magnet Elementary and Del Olmo Elementary. All in all we expect about 150 people to be in attendance.

Given the close proximity of these schools to the Vons at 3461 West 3rd St., we are hoping that Vons would be willing to help out with a donation of light snacks or refreshments for that day.

In return, we would be happy to add any Vons logo to our promotional flyers and have any other marketing materials posted at the event.

I look forward to hearing back from you.

Thanks in advance!

Hi Carlos,

Hope all is well. I just wanted to check back in with you to see if you had a chance to review our request. Any help you can provide would be much appreciated by the community. I hope you have a great weekend.

Best,

Angelo

Hi Carlos,

I hope all has been going well. On November 8, 2014, Councilmember O'Farrell is partnering with several schools in the Vermont/1st St area to host a large community clean up. The schools involved are Virgil Middle School, Sammy Lee Magnet Elementary and Del Olmo Elementary. All in all we expect about 150 people to be in attendance.

Given the close proximity of these schools to the Vons at 3461 West 3rd St., we are hoping that Vons would be willing to help out with a donation of light snacks or refreshments for that day.

In return, we would be happy to add any Vons logo to our promotional flyers and have any other marketing materials posted at the event.

I look forward to hearing back from you.

Thanks in advance!

Good morning, CM O'Farrell.

Your office has recently stopped complying with my public records act requests. I'm writing to urge you to reverse this policy.

As you may know, I use the information I gather from these requests to investigate violations of City ethics laws and other laws affecting government conduct. In 2016 alone I've used material from your office to support complaints with the City Ethics Commission regarding unregistered lobbying, violations of the revolving door ordinance, and violations involving misuse of City position. I've also used information from CD13 in complaints to City and state agencies involving numerous violations of the Business and Professions Code and other laws by the HPOA, and in gathering evidence relating to the violation of CPRA by the HPOA, the Media District BID, and other local agencies.

For instance, your office has provided me with evidence that Rodriguez Strategies, your present employee Juan Fregoso (previously employed by Rodriguez strategies as an unregistered lobbyist), your partners at HPOA and CCALA, including Kerry Morrison and Carol Schatz, the HPOA and CHC themselves, engaged in a number of violations of lobbying registration laws with respect to last year's activity on sidewalk vending. Rodriguez Strategies has been heavily involved in lobbying the City about soda taxes for the last couple years. Thus, e.g., the fact that your staff member David Giron has spent the last four months delaying my request for information about CD13's relations with Rodriguez Strategies with respect to soda taxation creates an appearance that you all are covering up something, if not your own or your staff's bad actions, then at least Rodriguez Strategies' failure to register as required by law. That Juan Fregoso was previously employed by Matt Rodriguez makes this appearance, whether or not it is accurate, even more plausible.

Another example of the intransigence of your office with respect to CPRA requests creating an appearance of impropriety has to do with out-of-process homeless encampment cleanups. Using information I obtained from you via CPRA, along with information I obtained from a number of other City agencies, I was able to put together a case against your staff member Aram Taslagyan for violating LAMC 49.5.5(A) with respect to encampment cleanup.

It seems likely that a similar case can be made against Marisol Rodriguez, and I have substantial but partial evidence from BSS and LASAN. However, without the additional material presently being embargoed by your staff in violation of CPRA I am unable to complete my investigation. In this case too your office's refusal to abide by CPRA-required duties creates a plausible appearance of impropriety.

There are numerous other examples along these same lines. These include ongoing unregistered lobbying by your campaign contributor Kerry Morrison and other HPOA staff with respect to homeless issues, tree-trimming issues, and a number of other things, violations of CPRA by the HPOA, evidence of which CD13 refuses to release in response to my CPRA requests, post-employment restriction violations by Lisa Schechter involving motions introduced by you, post-employment restriction violations by your former staff member Marie Rumsey, and so on.

As I said, I don't know whether or not it's your intention to cover up evidence of wrongdoing by your friends, campaign contributors, and present and former employees by failing to comply with your duties under

CPRA. However, your actions not only have the effect of covering up evidence, but they create a strong appearance that you actually intend to do so. As I'm sure you're aware, this is not a particularly appropriate moment in our City's political history for politicians to appear to violate laws in order to help their campaign contributors evade scrutiny and bypass City requirements and prohibitions.

I assume that you have consulted with the City Attorney before taking this new hard-line stance on my CPRA requests. That is, of course, as it should be, and following the City Attorney's advice will certainly insulate you and your staff from some of the repercussions of your violations. However, it's possible that you're exposing yourself and your staff to other liabilities that may not have occurred to you or your advisors.

For instance, if you all are violating CPRA on purpose, e.g. because you were advised that there are no potential consequences for doing so other than exposing the City to the (fairly minimal) risk of a writ petition, you and/or your staff may be in violation of Government Code section 1222, which seems at least prima facie, to make intentionally violating CPRA into a misdemeanor.

Surely no amount of advice-following will insulate you or your staff from criminal liability. Also, I hope you will consider the fact that with respect to criminal violations, members of your staff are not absolved of individual liability because they are following your instructions or the advice of the City Attorney. It doesn't seem very responsible of you to endanger your staffs present and future well-being by ordering or allowing them to violate CPRA intentionally.

Even if this (fairly novel, I admit) theory about GC 1222 doesn't pan out, it is still the case that you are exposing yourself, your staff, and the City to action under the California Code of Civil Procedure section 526a, which allows for injunctions against individuals in City government in CPRA cases. Also, of course, there are the usual writ petitions for CPRA compliance, the risk of which you all have evidently already decided is acceptable. Also, the fact that CD13 continues to comply with CPRA requests from people other than me may constitute violations of LAMC 49.5.5(A).

I actually do understand why you and your staff may personally not want to comply with my CPRA requests. In some sense the information I've obtained and published doesn't always reflect well on you, on your staff, on your campaign donors and your personal friends and associates. But I'm asking you to rise above personal considerations and remember that, in addition to your other responsibilities, you are a custodian of the public records in the possession of your office. You hold those records in trust for the public irrespective of your own private goals and motivations. Your compliance with the law, the state constitution, and your adherence to your oath of office, in which you swore to or affirmed your duty to support all of these, whether or not it's in your immediate interest, will in fact reflect more positively on you in the long run than any short run disadvantage that may accrue to you from material you release.

In any case, I hope that you will reconsider your ill-advised decision to stop complying with CPRA. It's illegal, immoral, short-sighted, and petty. Once upon a time CD13 had a perfectly civilized workable system for dealing with my requests. I hope that we can go back to working together for our City's benefit as we have been able to do so successfully and amiably in the past.

Thanks for your prompt attention to this matter,

Adrian Riskin

P.s. I'm attaching a few of the complaints I mentioned so you can see the kind of investigations that you and your staff are obstructing.

Report to the Los Angeles City Ethics Commission on violations of the revolving door ordinance by Marie Rumsey

1 The Law

1. Section 49.5.2.A of the Los Angeles Municipal Code states that:

   A. "Agency" means the City of Los Angeles or any City department, bureau, office, board, commission, or entity required to adopt a conflict of interests code subject to City Council approval. With respect to employees of a City Council member's staff and employees of the Chief Legislative Analyst's office, "agency" means the City Council.

2. Section 49.5.13.C of the Los Angeles Municipal Code states that:

   The following time-based restrictions on lobbying activities apply to former City officials.

   1. For one year after leaving City service, a City official shall not receive compensation to attempt to influence, either personally or through an agent, City action on any matter pending before any agency on behalf of a person other than an agency if, during the 24 months preceding the official's departure from City service, the official held any of the following positions: ... Council Aide VII.

   2. For one year after leaving City service, all other former City officials shall not receive compensation to attempt to influence, either personally or through an agent, City action on any matter pending before an agency in which the City official served during the 24 months preceding the official's departure from City service on behalf of a person other than an agency. Serving an agency means being directly employed by or being assigned or on loan to that agency.

2 The Facts

3. According to current Council District 13 field deputy Dan Halden, Marie Rumsey was employed by Council District 13 as a Council Aide VII through December, 2014. See Appendix 1 (p.3).

4. Marie Rumsey submitted a speaker card at the Los Angeles City Council Meeting on June 16, 2015 to speak on Council File 14-1656 on homeless people's property. This card identified her as a representative of the Central City Association. See Appendix 2 (p.5).

5. Marie Rumsey spoke at a meeting held by the Los Angeles Chief Legislative Analyst on June 25, 2015 for the purpose of gathering public opinion on Council File 13-1493 on street vending. At that time she stated that she was representing the Central City Association and the Downtown Center Business Improvement District. A transcription of her remarks can be found in Appendix 3 (p.7).

6. Marie Rumsey submitted a speaker card at the City Council's Economic Development Committee meeting on October 27, 2015 to speak on Council File 13-1493 on street vending. This card identified her as a representative of the Central City Association. See Appendix 4 (p.9).

7. Throughout 2015 Marie Rumsey was employed as a registered lobbyist by the Central City Association. See Appendices 5 and 6 (pp.11, 13).

3 Conclusions

8. On at least three occasions in 2015 within a year of being employed as a Council Aide VII (see paragraph 3), Marie Rumsey attempted to influence City action on at least two pending Council files (see paragraphs 4, 5, and 6 above), and was compensated for these efforts by the Central City Association (see paragraph 7). These actions constitute violations of §49.5.13.C.1 of the Los Angeles Municipal Code.

9. The agency Ms. Rumsey attempted to influence on these three occasions was the City Council, an agency for which she had served in the 24 months preceding her actions. Thus these actions also constitute violations of §49.5.13.C.2 of the LAMC.

4.3 Appendix 3

This is a transcript of Marie Rumsey's comments at the June 25, 2015 meeting on street vending held by the Chief Legislative Analyst's office. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Ms. Rumsey's comments begin at 49:38

Hi, good evening, my name is Marie Rumsey and I'm here on behalf of the Central City Association and the Downtown Center Business Improvement District. CCA represents approximately 350 businesses and the Downtown Center BID represents approximately 1700 property owners, and together we are proud members of the Coalition to Save Small Business. At the last community meeting on June 18th, the office of the Chief Legislative Analyst presented three models regarding a sidewalk vending program. Model one maintains the status quo while increasing enforcement, penalties, and fines. Model two is based on the City Council adopting a sidewalk vending program. Model three is community-driven and asks community members to develop a sidewalk vending program. None of these models take into account the broad policy considerations to establish a sidewalk vending program. We recommend that the City review the existing special sidewalk vending program and determine what works and what does not work. Communities should be able to opt out of the sidewalk vending district if they choose to do so, and communities should be able to determine how many vendors are appropriate for their neighborhood. There should also be a mechanism to determine what kind of goods are sold and protections for local businesses. Existing brick-and-mortar establishments should have the ability to approve if a vendor can set up in front of their business and vendors must have liability insurance to indemnify property owners. These components, along with enforcement, are essential to a successful sidewalk vending program. Thank you very much.

5.5 Appendix 5 – Lisa Schechter resume 24

1 Background

1. The Hollywood Media District Business Improvement District ("Media District") is a Business Improvement District ("BID") in the City of Los Angeles ("City"). The Media District is in Council Districts 4 and 13. The Media District hired Lisa Schechter as its executive director in the Fall of 2015. Laurie Goldman is the president of the Media District Board of Directors. Dan Halden is Councilmember Mitch O'Farrell's Hollywood Field Deputy.

2 Facts

2. Lisa Schechter was employed by former Councilmember Tom LaBonge as a deputy chief of staff at the rank of Council Aide VII until he left office on June 30, 2015.[1]

3. On November 5, 2015, Laurie Goldman and Lisa Schechter met with Dan Halden. Halden's notes from this meeting can be found in Appendix 1 (page 7).

2.1 BID expansion

4. One of the topics discussed at that meeting was the expansion of the Media District BID's boundaries (Halden's item 1). The boundaries of BIDs in Los Angeles are set by ordinance and so changes in them require Council action. That Schechter and Goldman asked Halden to ask O'Farrell to bring this matter to the Council is strongly suggested by Halden's note on the matter, reading "MOTION ask MOF."

5. That Schechter and Goldman had the goal of instigating Council action on this matter is further suggested by an item in the Media District Board of Directors minutes from November 19, 2015 (Appendix 2, page 10, page 8 in the internal document numbering, item IX) describing this meeting. Regarding BID expansion the minutes say that

> Goldman spoke about the possibility of increases the BID's boundaries to the east side of Vine from Santa Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID. Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to increase the BID's boundaries on Vine.

6. That Schechter continued to advocate for this issue is suggested by the next sentence in the description: "Schechter will follow up with O'Farrell staff on this matter and process."[2]

---

[1] Ron Galperin sent me a spreadsheet with the names of all 2015 Council Aides VI and VII. I'm not including it here for the sake of space.

[2] I have not been able to find evidence that Schechter did "follow up with O'Farrell staff" about this. The Media District has been completely unresponsive to my requests under the Public Records Act for Schechter's emails from this period. It's probable that they'll respond more promptly to a request from CEC if you all think it's worth checking out.

2.2 Relinquishment of Santa Monica Blvd.

7. This is an issue that the Media District has been working on without success for a number of years. I don't understand it well enough to explain it, but evidently Schechter, Goldman, and Halden discussed a Council resolution as a way through the current impasse, as reflected in Item 2 of Halden's notes: "Resolution — do it anyway."

2.3 Oversized vehicles

8. The Media District has been trying unsuccessfully for a long time to ban or otherwise regulate recreational vehicle parking within its boundaries. Again, Schechter, Goldman, and Halden discussed it at their meeting, and Halden's note (Item 3) says "Resolution — MAP," supporting the idea that Schechter and Goldman discussed him talking to Mitch O'Farrell about initiating Council action on this matter.

9. On December 3, 2015, Schechter emailed Yena Ji, who is the scheduler for CD4 Councilmember David Ryu, asking for an appointment to discuss oversized vehicles in the Media District. See Appendix 3 (page 14, specifically pages 5 and 6 in the internal document numbering). While she does not say in that email that she or her Board of Directors are seeking Council action, given Dan Halden's note there's at least probable cause to believe that she was looking for support for the Council resolution she'd discussed with Halden.

10. That Schechter was asking for Council action on this is also supported by a comment that CD4 field deputy Nikki Ezhari made to her colleague Catherine Landers about Schechter's request for a meeting: "I've already spoken to her about this, she worked policy for Tom and knows better." (See Appendix 4, page 22). Again, I can't prove that this refers to an attempt to influence Council action, but it's not unlikely in context.

3 Conclusions

11. On at least one occasion in 2015 within a year of being employed as a Council Aide VII, Lisa Schechter attempted to influence City action on at least three pending Council matters, and was compensated for these efforts by her employer, the Media District BID. These actions constitute violations of §49.5.13.C.1 of the Los Angeles Municipal Code.

12. The agency Ms. Schechter attempted to influence was the City Council, an agency for which she had served in the 24 months preceding her actions. Thus these actions also constitute violations of §49.5.13.C.2 of the LAMC.

4 Criminal prosecution is appropriate

13. I hope that the CEC will consider a criminal prosecution of Lisa Schechter under §49.5.16.A of the LAMC. There's no question that Schechter, who worked in City government at high levels for almost seven years[3] prior to going to work for the Media District, ought to have been aware of the laws she was violating. In fact, according to her resume (Appendix 5, page 24), her responsibilities when she was working for Tom LaBonge included being "[k]nowledgeable of City operations, rules, procedures, and requirements" as well as maintaining a "[t]horough understanding of ... the requirements of the City Charter and Codes."

Hollywood Media District BID
Board of Director's Meeting Minutes – Meeting held on November 19, 2015
Musician's Union Auditorium, 817 N. Vine St., Hollywood CA

Board Members Present: Anabel, Bass, Cassella, Costello, Goldman, Groeper, Howard, Lee, Loverro, Luster, Malick, Varet

Board Members Absent: Ankney, Hart, Massachi, Parker, Singer, Wolfson

Staff and Guests Present: Demson, Irigoyen, Omahen, Poveda, Romano, Schechter

I. Call to Order – Mallick called meeting to order at 3:40pm

II. Introductions and Public Comments – Martha Demson with The Open Fist Theatre Company introduced herself to the Board of Directors. She wanted to let the Board know about their new proposed small performing arts theatre on 837 Cahuenga. The owners went in front of the Planning Commission in early November and are awaiting their Letter of Determination for their project (theaters, roof top patio, and ground floor café). Ms. Demson has requested to be placed on the December agenda to request a Letter of Support for their project. She further stated that they are going to be a staunch neighborhood partner for the BID.

III. Approval of Meeting Minutes

Minutes of 10.22.15 Board of Directors meeting read and reviewed by Board. **Goldman made a motion to accept and approve the minutes. Groeper seconded the motion. Cassella abstain due to absence of last meeting.**

IV. Nominations/Election Committee Report

- a. **Slate of Nominees, 2016 Board of Directors** - The Nominatee Committee met November 5th, 2015 at the Musician Union. There were 8 seats open and 8 applicants. **Goldman made a motion to approve the Slate and Cassella seconded. The motion carried unanimously.**

V. Treasurer's Report

- a. **3rd Quarter Report, Balance Sheet, Profit & Loss Report** – were attached to the agenda package for all Board members review. Goldman stated that the current bank balance in BID III Money Market is $323, 266.38.

- b. **2016 Annual Planning Report** – The Annual Planning Report is a requirement under the BID contract with the City. This report details the upcoming fiscal year (2016) for which Assessments are to be levied and collected. The total proposed budget for fiscal year 2016 is $1,203,797. There was an increase in Cleaning (additional cleaning) as well as Administration (Executive Director's salary). **Groeper made a motion to approve the 2016 Annual Planning Report and Goldman seconded. The motion carried unanimously.**

c. **HMD CPA will attend Feb. 25th, 2016 Board of Director's Meeting** - Goldman confirmed that GTL, CPA will be at our Board Meeting to discuss the 2015 year end financial statement of the BID.

VI. Executive Director's Update

a. **Theatre Row Medallions, Caltrans Permit Fee** - Schechter stated that she has been working with CALTRANS on the Medallion Encroachment Permit Fee. As the design currently stand, CALTRANS stated to submit the Application along with a fee not to exceed $1,000.00. Schechter is further working with Valerie Mitchell (Artist) on re-stamping engineering drawings, fabrication costs and installation costs. Schechter will be able to submit the Encroachment Application as soon as the Structural Engineer re-stamps working drawings. Schechter is requesting not to exceed amount of $1,000 for Caltrans permit. **Groeper made a motion to approve an expense of not to exceed $1,000 to Caltrans for Encroachment Permit and Cassella seconded. The motion carried unanimously.**

b. Security Vehicle Honda Element - Per Clean and Safe Committee
Action: The Committee decided not to move forward with replacing the Honda Element at the present time; however this could change as the vehicle's mileage increases to 120,000. Action: Goldman made a motion to approve an expense not to exceed $1,500.00 to have the Element repaired at Friendly's Automotive by year-end. Cassella seconded the motion. The motion carried unanimously.

c. Clean Team Shirts – Per Clean and Safe Committee
Action: Goldman made a motion to approve an expense not to exceed $1100.00 for the purchase 45 new Clean Team shirts. Loverro seconded the motion. The motion carried unanimously. Further Anabel stated he might have a better contact and will obtain prices - if his quote is less expensive then we will go with his vendor. Staff will send Anabel an email with spreadsheet along with specifications so he is able to obtain a bid.

VII. UPS Patrol Report: Captain Irigoyen stated that the Month of October was relatively quiet as opposed to other months. The Honda Element was repaired at Friendly's so the vehicle is not shaking any more. Recently there was a stabbing this week at Hollywood Boulevard. They are gearing up for the Hollywood Parade on Sunday November 29th and expect it to pick up.

a. **Employee of the Month Presentation – Patrol Officer Michael Poveda**
The Board, Universal Protection Services, and the 13th Council Office recognized Patrol Officer Poveda for his dedication and service to the Hollywood Media District BID. Patrol Officer Poveda was presented a Certificate from the City, gift card of $50.00 from the Board, as well as movie tickets from Universal Protection Services. A photo was taken to memorialize the event.

VIII. LABT Report - Romano verbally reported the following activities for the month of October 2016: 1,458 bags of trash picked up and removed, 140 items removed from the public right of way, and 3,596 square feet of graffiti painted out. Graffiti continues to remain high in the area. Over the last two weeks, the irrigation on the medians have been repaired however other problems with the irrigation have been uncovered. Jeff has completed the median irrigation repairs on Highland Avenue. Romano will be working on various reports that the Clean and Safe Committee has requested: Revised budget on how to allocate the 2016 budget in the amount $250,000; cost estimate sand recommendations on painting out green metal BID trash cans, update on mesh trash receptacles, and new request for ponchos (rainy season).

IX. New Business - Goldman stated that she and Schechter met with Council District 13's representative, Dan Halden, to discuss on going issues in the BID District. Goldman spoke about the possibility of increases the BID's boundaries to the east side of Vine from Santa Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID. Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to increase the BID's boundaries on Vine. Schechter will follow up with O'Farrell staff on this matter and process.

X. Adjournment – 4:25pm Mallick stated that the next Board Meeting and Holiday Dinner will be on Tuesday December 15th at 5pm at Grub Restaurant 911 Seward Street, Hollywood, CA 90038.

While there are some restrictions in force there has been a tremendous serge of motor homeless vehicles within the business improvement district. There has been little to no enforcement of these vehicles. Tenants along with management have reported these vehicles DOT for enforcement without any action. We are requesting the Councilmember's support and assistance in coming up with a viable enforcement plan. These individuals are extremely aggressive and have taken over the public right of ways with cones, chairs, generators, and even laundry. On occasions when I have physically stopped Parking Enforcement on the street they have stated that they are

on their street sweeping routes - they are not marking for 72 hours. Even then the RV's move ever so slightly to negate the traffic officers chalk marks.

At your earliest opportunity, please provide two dates in which the Councilmenber and DOT will be able to meeting with our Board members prior to year end. It would be very educational for the Councilmember to do a drive a round with our Board Members of the BID.

Thank you in advance for your assistance.

1 Background

1. The Hollywood Property Owners Alliance ("HPOA") is a 501(c)(6) nonprofit organization that contracts with the City of Los Angeles to administer the Hollywood Entertainment District Business Improvement District ("HED BID"). The Central Hollywood Coalition ("CHC") is a 501(c)(6) nonprofit organization that contracts with the City of Los Angeles to administer the Sunset & Vine BID ("SVBID"). The HPOA subcontracts with the CHC to administer the day-to-day operations of the SVBID.

2. Kerry Morrison is the executive director of the HPOA. Joseph Mariani is the HPOA's associate executive director. Devin Strecker is the director of communications and social media of the HPOA. Matthew Severson is the HPOA's operations coordinator.

3. In November, 2013, Councilmembers Huizar and Price moved in Council that the Chief Legislative Analyst ("CLA") prepare a report on ways and impacts of legalizing sidewalk vending in the City of Los Angeles. The motion was memorialized in Council File 13-1493. Beginning in early 2015 discussions, hearings, and community forums

("Street Vending Hearings") were held to gather input on what form such legalization might take.

2 Alleged Violations

2.1 Kerry Morrison (May 2015–July 2015)

In this section I argue that between May 2015 and July 2015 Kerry Morrison acted as a lobbyist attempting to influence municipal legislation concerning street vending on behalf of the Hollywood Property Owners Alliance and the Central Hollywood Coalition.

2.1.1 Facts

4. At the May 12, 2015 meeting of the CHC Board, Ms. Morrison informed the directors that the SVBID and the HED BID had participated, along with four other BIDs, in sending a letter dated May 11, 2015 about street vending to L.A. City Chief Legislative Analyst Sharon Tso. See Appendix 1 (p.8) for details (p.4 in the internal document numbering).

5. On May 21, 2015, Kerry Morrison told the HPOA Board of Directors about the Street Vending Hearings. She stated that HPOA staff would "cover" all four[1] meetings. She solicited board members to attend the meetings and board member Alyssa Van Breene volunteered. See Appendix 2 (p.13, p.5 of the internal document numbering).

6. Alyssa Van Breen spoke at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. She identified herself as representing the HPOA. A transcript of her remarks can be found in Appendix 3 (p.20).

7. Devin Strecker also spoke at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. He identified himself as representing the Central Hollywood Coalition. A transcript of his remarks can be found in Appendix 4 (p.22).

8. Kerry Morrison spoke at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. She identified herself as representing the Sunset and Vine BID and the Hollywood Entertainment District BID. A transcript of her remarks can be found in Appendix 5 (p.24).

9. HPOA Board Member John Tronson spoke at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. He identified himself as being a member of the HED BID. A transcript of his remarks can be found in Appendix 6 (p.26).

10. Matthew Severson spoke at the June 18, 2015 Street Vending Meeting at Los Angeles City Hall. He identified himself as representing the HPOA. A transcript of his remarks can be found in Appendix 7 (p.28).

---

[1] There were originally four meetings announced by the CLA. Later two additional meetings were added to the schedule.

11. According to Kerry Morrison, HPOA Board member Mark Stephenson attended the June 11, 2015 Street Vending Meeting at Van Nuys City Hall and Joseph Mariani attended the June 25, 2015 meeting in Watts. Neither seems to have spoken aloud and, according to the Los Angeles City Clerk's Office[2] the speaker cards from all six of the Street Vending Meetings have been destroyed. However, at a July 9, 2015 meeting of the Joint Security Committee of the HED BID and the SVBID, Kerry Morrison stated that Mr. Stephenson was in attendance at the June 11 meeting and that Mr. Mariani was in attendance at the June 25 meeting. See Appendix 8 (p.30) for details.

12. At the June 19, 2015 meeting of the HPOA Board of Directors, Ms. Morrison reported on her work and the work of her staff and volunteers from the Board at the Street Vending Meetings. She also requested $5,000 from the Board to contribute to the Central City Association's ("CCA") anti-Street-Vending lobbying efforts and mentioned that the SVBID Board had contributed $2,500. See Appendix 9 for details (p.31, p.4 in the internal document numbering).

13. Sometime after July 9, 2015, Ms. Morrison arranged for her staff and (possibly) HPOA and CHC board members to participate in what she called "a series of one-on-one meetings with members of the City Council which staff will be involved in. I've got board members involved in..." for the purpose of discussing the street vending legalization proposals. See Appendix 8 (p.30) for details.

14. In the Summer of 2015 Ms. Morrison wrote an article for the HED BID's newsletter entitled "BID Voices Express Concern Over Sidewalk Vending" in which she described many of these efforts and further articulated the two BIDs' position against street vending. See Appendix 10 (p.39) for details.

15. On August 11, 2015, Ms. Morrison sent an email to members of the HPOA and CHC Boards of directors and others which discussed, among other things, the August 13, 2015 Street Vending Meeting at Los Angeles City College, stating:

    > Thursday evening, August 13, the city is holding another hearing on the sidewalk vending ordinance...and it is in Hollywood at LA City College. We really need businesses to speak up. It is at 855 N. Vermont Avenue, 6–8 p.m. If you can get a business to attend, I will write their talking points (one minute). Here are details attached.

    See Appendix 11 (p.42) for details.[3]

16. Ms. Morrison and her staff meet Dan Halden and multiple other CD13 staff members for breakfast on the first Friday of each month to discuss current matters of concern. See Appendix 12 (p.44) for an example from July, 2015.

---

[2] Specifically either Sharon Gin or Sharon Dickinson (I've misplaced my notes) in a telephone conversation.

[3] Although this item is outside the range of dates under consideration, it's necessary for context and will be discussed below.

17. Surveys distributed at the six Street Vending Meetings were tallied and discussed in the Chief Legislative Analyst's October 21, 2015 report to the City Council's Economic Development Committee.[4]

2.1.2 Conclusions

18. Kerry Morrison engaged in lobbying activities when she sent a letter on behalf of the two HPOA administered BIDs to Sharon Tso (paragraph 4).

19. Ms. Morrison engaged in lobbying activities when she arranged for her subordinates and board members to speak at the six Street Vending Meetings (paragraphs 5, 6, 7, 9, and 10). Furthermore, given that she offered to write remarks for other people who might attend these meetings (paragraph 15), it's not unlikely that she wrote or helped to write the remarks of her subordinates at these meetings, which is also a lobbying activity.

20. Ms. Morrison herself attempted to influence municipal legislation on street vending when she spoke at one of the meetings (paragraph 8).

21. She engaged in lobbying activities by arranging for her subordinates and board members to attend these meetings even when they did not speak (paragraph 11) because they evidently reported to her on the meetings they attended, and probably filled out questionnaires, which were later used by the CLA (paragraph 17) in shaping the recommendations made to the City Council.

22. Ms. Morrison engaged in lobbying activities when she reported on the Meetings to the HPOA Board of Directors and arranged for them to donate money to the Central City Association's efforts to shape the CLA's recommendations (paragraph 13).

23. Ms. Morrison engaged in lobbying activities when she wrote about the activities of her and her staff in the BIDs' newsletter (paragraph 14).

24. Ms. Morrison engaged in lobbying activities when she (probably) arranged for her staff and the members of her Board to have "a series of one-on-one meetings with members of the City Council which staff will be involved in." (Paragraph 13).

25. Ms. Morrison probably engaged in lobbying activities by discussing street vending during one of her and her staff's regularly scheduled "first Friday" meetings with the staff of CD13 (paragraph 16).

26. I can't prove that Ms. Morrison's lobbying activities concerning street vending took up 30 hours of her time between May and July 2015, but given the extent of these activities it seems implausible that they did not.

27. Therefore Ms. Morrison was acting as a lobbyist during this time, and was therefore required to register with the City Ethics Commission, which she did not do.

---

[4] The report is too lengthy to include here, but it's available at the Clerk's council file 13-1493 website. The report is outside the range of dates under consideration, but it's also necessary for context.

Note: If your investigation finds that Ms. Morrison's activities as described above do constitute lobbying but that fewer than 30 hours were involved, it is possible to make as strong a case for her advocacy during the same three months regarding various council motions involving the homeless. I left this topic out of this report to save space, but can submit information about it if necessary to show that she spent more than 30 hours lobbying.

2.2 Hollywood Property Owners Alliance

2.2.1 Facts

28. The Central Hollywood Coalition contracts with the HPOA to operate the Sunset-Vine Business Improvement District. The CHC currently pays the HPOA $165,480 per annum to provide this service (see Appendix 13, p.47), although this figure was possibly lower in 2015, but not lower than $157,000.[5]

2.2.2 Conclusions

29. The HPOA carries out lobbying activities on behalf of the CHC. For instance, Ms. Morrison sent a letter to Sharon Tso on behalf of the SVBID regarding street vending (paragraph 4) and HPOA employee Devin Strecker spoke on behalf of the CHC at one of the Street Vending Meetings (paragraph 7).

30. The CHC paid the HPOA at least $157,000 in 2015, which is $13083.34 per month, or $39,250 per three month period (paragraph 28). One thousand dollars is 2.5% of that figure. Given the lobbying activities described above, it's plausible that at least 2.5% of the HPOA's resources were directed towards lobbying on behalf of the CHC. If true, this conclusion implies that the HPOA was required to register as a lobbying firm during 2015, though it did not do so.

31. The HPOA employed Kerry Morrison during 2015 in part to lobby on its behalf (paragraph 27) and therefore, if not required to register as a lobbying firm (as argued in paragraph 30), was required to register as a lobbyist employer during 2015, though it did not do so.

---

[5] This figure also appears in the document in Appendix 13. It's the amount that that agreement shows is being increased for 2016, so the 2015 amount must have been that much or higher.

I. Call to Order

Carol Massie called the meeting to order at 3:42 p.m.

II. Public Comments & Introductions

- **No Public Comments or Introductions**

III. Approval of Board Minutes

It was moved by Melissa Logan, seconded by Brian Folb, and CARRIED to approve the minutes from the meeting on April 14, 2015. Unanimously approved

IV. Treasurer's Report – Kerry Morrison

A. **Financial Statements**: Morrison walked the Board through the April 30, 2015 financial statement. Expenses for April amounted to $102,378. The first major installment of property assessment revenue was received in March in the amount of $683,000.

It was moved by Brian Folb, seconded by Bill Humphrey, and CARRIED to approve the April 30, 2015 financial statement. Unanimously approved.

B. **Presentation of the 2014 Financial Review:** Uriel Reyes, RBZ, presented a draft version of the 2014 financial review. This is a requirement of the city contract. There was a general discussion about the category "assessments receivable" and "allowance for doubtful accounts." To help the board understand, Morrison presented a summary of Sunset & Vine BID delinquencies with LAUSD owing the largest amount. ($122,558 out of $165,286). The board was reminded that eventually all private parcels will be paid up; but the LAUSD payments are not likely, given that the school district has made a unilateral decision about how much they will pay.

It was moved by Chase Gordon, seconded by Fred Rosenthal, and CARRIED to approve the 2014 financial review to be submitted to the city of Los Angeles. Unanimously approved.

V. COMMITTEE & PROGRAM REPORTS

A. Marketing and Communications – Devin Strecker and Joe Mariani

1. **Neighborhood Festival Ad-Hoc Working Group** – Strecker noted that festival committee met for two (2) unscheduled meetings. The May 15th meeting has been cancelled so the staff can work with Haines & Co. to formulate a deck to present to the committee.

2. **Sunset & Dine** – The 4th annual Sunset & Dine has been tentively scheduled for September 30, 2015, at BuzzFeed. Stroyman was instrumental in setting this up. Strecker submitted a map to the BuzzFeed group showing how the 2013 event was set-up when AMPAS was the host. Parking may be a problem. Pogorzelski will look into using the AMPAS parking lot.

3. **BISNOW "The Future of Hollywood"** – Mariani reported over 300 attended the April 29, 2015 conference including brokers, developers, and capital partners. Morrison gave an exciting keynote speech about Hollywood. 150 Infographics packets were handed out.

4. **Haines & Co. Proposal** – Strecker presented the board the Hanes & Co. Media Relations and Marketing proposal for the Sunset Vine BID. This plan includes five (5) apects: 1. Branding, 2. Collateral Development, 3. Internal Influencer, 4. Press Tour, and 5. Ongoing Media Issues and Opportunities. A general discussion ensued about next steps. It was suggested that a meeting could be arranged with the PR reps from larger businesses and properties in BID to discuss how we could all work together to create consistency in messaging. At this point, the board passed on pursuing a retainer agreement with Haines.

B. **Streetscape & Planning Committee – Chase Gordon and Matthew Severson**

1. **BID Walk-through** – Severson showed the board a power-point presentation of what was found during the April 23rd BID walk-through. The needs of the BID were broken down into three (3) phases – immediate, long term, and special (wish list). Immediate would include tree wells, pressure washing, trash can conformity with BID plaques, meter posts, and graffiti. Long term would include sidewalk/curb repair, refurbished light poles, newspaper racks. Special project areas included the Denny's back lot adjacent to the 101 off-ramp at Van Ness and the ATT Building behind Gower Gulch. Gordon spoke of a weighted priority matrix which will be worked on the next committee meeting on Wednesday, May 20, at 9:30 a.m.

   Staff also described how the city's "311" app works, which allows citizens to inform the city about conditions that need to be fixed (e.g., hazards, bulky item pick-up, damaged infrastructure) and email (with a photo) to the city. Morrison agreed to forward information to the board about how to download the 311 app.

2. **Chase Plaza** – Severson reported that the proposal is working its way up to the executive level for consideration. The bank manager is in favor of the proposal.

3. **Vandalized Trees** – The suspect, Ricardo Gamez, has a court date on May 19, 2015. The city may request a stay away order and a fine for the loss of the trees.

C. **Security Committee – Fred Rosenthal and Kerry Morrison**

1. **Homeless Issues** – The official homeless count results were released May 11, 2015. Homelessness in the county was up 12% over 2014. There was an 85% increase in the number of tents, encampments and vehicles which has led some to speculate that the economy has taken its toll with people losing jobs and apartments.

2. **Hollywood Safe Sidewalks** – A sample of a visitor's card to be handed out in area hotels was given to the board. The card in four (4) languages discourages giving to costumed characters and CD vendors on one side and panhandlers on the other side. A website is under development, www.hollywoodsafesidewalks.com, which would provide information about organizations that help the homeless.

3. **Street Vending Ordinance** – A copy of a letter dated May 8th was in the board packet from Councilmember Curren D. Price, Jr., 9th District, to the members of the Los Angeles City Council. The letter includes a schedule of four (4) meetings per the requests by members of

the Economic Development Committee for more community input on the vending proposal. Also included in the board packet was a second letter dated May 11th to Sharon Tso, chief legislative analyst, re the street vending issue from six (6) area BIDS including Sunset & Vine and Hollywood Entertainment District.

4. **Security Report** – Steve Seyler, Andrews International, presented the board the summary for March 30 through May 3, 2015. Arrests were down while citizen contacts and radio calls were up. Seyler has begun to track incidents that involved violent behavior. Because of the newly hired dispatcher, Seyler and his staff have been able to be out on the streets more and attended 18 meetings. On a good note, the manager at Starbucks on Hollywood & Vine has been donating pastries for the homeless. The Andrews staff wake those sleeping on the sidewalks at 6:00 a.m. every morning and now are able to give them the donated pastries, which makes things much easier.

VI. Staff Reports

- Updated Whistle Blower forms were distributed to the board replacing Sarah Besley's with Kerry Morrison's name. A signed copy is required from every board member to be kept on file at the BID office.
- Morrison reported that the deadline for the city to receive the assessment roll for the coming year (2015-16) is June 1, and she neglected to put an action item on the agenda in time (72-hours' notice) for the board to discuss the potential for a CPI increase in the next year. The board indicated that if it is not too late, they would like to formally agenda an item to discuss a potential CPI increase at the next meeting. The board asked staff to investigate whether the Clean Street contract has an automatic CPI increase.

VII. Next Meeting

Tuesday, June 9, 2015 at 4:00 p.m. Location TBD.

VIII. Adjourn

The meeting was adjourned at 5:30 p.m.

I. CALL TO ORDER – Monica Yamada

The meeting was called to order at 4:05 p.m.

II. OPEN FORUM

- **Grant King & Michael Gonzales** – The Dream Hotel project was presented to the board. It is scheduled to open at Cahuenga and Selma in February 2016. High end hotel with restaurants, nightclub, valet parking.

  The team is also working on a new boutique hotel, The Thompson at Wilcox and Selma. They are going through entitlements. It will offer a ground floor lobby, restaurant, bar and valet. The plans for the rooftop include a pool, gym, spa, restaurant and bar.

III. APPROVAL OF MINUTES

- Approval of the April 16, 2015 Board meeting minutes.

It was moved by Mark Echeverria, seconded by Chad Lewis, and CARRIED to approve the minutes from the Board's April 16, 2015 meeting. Unanimously approved.

IV. NEW BUSINESS

A. Recommendation from Nominating Committee. Frank Stephan presented the recommendation to elect Galo Medina to fill the seat vacated by Drew Planting. The term will expire November 2015.

It was moved by Joe D'Amore, seconded by Jan Martin, and CARRIED to approve Galo Medina filling the board treasurer seat vacated by Drew Planting with the term ending November 2015. Unanimously approved.

V. TREASURER'S REPORT – Kerry Morrison

A. Morrison presented the April 30, 2015 statement which reflected actual monthly expenses of $336,845 against budget of $310,078. The April expenses reflected six weeks of security payments. The projected end of year cash balance is $382,279. There are no significant variances to report at this time.

It was moved by Joe D'Amore, seconded by Chad Lewis, and CARRIED to approve the April 30, 2015 financial statement. Unanimously approved.

B. Uncollected Assessments – Morrison presented a letter from the Judicial Council of California stating that a check is being processed for BID assessments for the Hollywood Courthouse dating back to FY 11-12. They asked that the nature of the assessment formula associated with that property be re-evaluated when the BID is renewed.

C. Gursey Schneider – A proposed engagement letter between Gursey and HPOA was included in the Board packet. Morrison reported that she and Mariani met for four (4) hours with a partner, an associate, and two (2) staff members who would work directly on our account. As a result of this meeting to review processes and the detailed needs of the HPOA, Gursey re-worked their original proposal as presented during the RFP process. A spreadsheet was presented to the board documenting the revised hourly projection against the original proposal. As a result, Gursey is proposing a first year projection of 652 hours at a cost of $60,000 plus a start-up fee of $8,400 for a total of $68,400 in year one. This represents a discount off their standard billing of 66 percent. The start-up costs would be funded from the contingency budget. The monthly variance from the current budget would amount to approximately $529/month.

It was moved by Evan Kaizer, seconded by Leslie Blumberg, and CARRIED to authorize the ad-hoc finance committee to negotiate a terms of engagement letter with Gursey Schneider. Unanimously approved.

D. 2014 Annual Financial Review. Fabio Vasco, independent CPA with GTL, LLP, presented the Financial Review report, which is a requirement of the city contract to manage the BID. He pointed out that the review was more intensive than a compilation but less rigorous than a full audit. The Finance Committee had previously had the opportunity to review the document.

It was moved by Galo Medina, seconded by Evan Kaizer, and CARRIED to approve the 2014 Financial Review as presented by Fabio Vasco.

E. Consumer Price Index – Morrison presented the opportunity to increase the BID assessment for 2015-16. This year the CPI is up .5% which is the amount assessments can be raised. The board elected not to increase.

It was moved by Joseph D'Amore, seconded by Mark Echeverria, and CARRIED to not increase the BID assessments for 2015-16. Unanimously approved.

VII. NEW BUSINESS

A. Dashboard Report – Kerry Morrison presented a "Dashboard" spreadsheet to track/identify projects and their priorities. The hope was this dashboard would track issues and objectives that are contained in the Board's Strategic Work Plan, and that come up during the year. The tracking correlates with the strategic plan and is divided into: Safe Hollywood Nights, Public Space & Planning, Safe Hollywood Sidewalks, and Stakeholders: Engagement & Communications, Admin, and Misc. Projects in these categories are listed as to level of attention: Urgent/Pressing, In Process, Monitoring, Accomplished, and Parked. It was requested by the board that this report be generated quarterly in order for the board to have a clear understanding of where issues stand.

VIII. COMMITTEE AND ACTIVITY REPORTS

A. Streetscape and Planning – Mark Echeverria and Matthew Seversen

1. BID Walk-Thru April 21, 2015 – A PowerPoint presentation of conditions found throughout the BID was shown to the board. Additionally, a complete punch list of several hundred items noticed by the committee was distributed to the board. This will serve as the work plan for the Streetscape & Planning Committee this year. Items were categorized as:

    a. Immediate – easy fixes which could be done under the Maintenance Contract
    b. Long Term – items such as sidewalk/curb repair, refurbished light poles, etc.
    c. Special Projects such as standardized tree wells, public art, etc.

2. Potential funding opportunities – Severson included in the board packet information just received from the city about funding that has been preserved to complete several projects associated with the Hollywood Crossroads streetscape and pedestrian amenity plan. More details will follow in future meetings, but approximately $2.4M is available to fund important improvements along Vine Street (from Sunset to Fountain); Highland (from Franklin to Sunset) and Hollywood Boulevard (from Sycamore to Serrano). In addition, staff just received word relative to the opportunity to apply for a Great Streets challenge grant for Hollywood Blvd. Information will be brought back to the June meeting.

3. Mobility Summit expenses – Morrison was asked to compile an expense report associated with the planning and implementation and aftermath of the February 11 mobility summit and this was included in the board packet. The concern was expressed that the board may not have known up front how much was entailed in planning for the event, and the need to secure consultant help to implement. A portion of Sarah Besley's consulting time was also devoted.

B. Ad-hoc Communications Working Groups – Jan Martin and Devin Strecker

1. Festival Working Group: Strecker and Martin walked the board through a deck describing Hollywood Music & Arts festival, covering four (4) nights, tentatively November 5 through 8, 2015. Staff is working with Haines & Co. on the structure of the event. Already there are 12 venues interested in participating. Every venue will sponsor their own event. With board approval, marketing and staff time will be taken from existing marketing budget.

2. BISNOW "The Future of Hollywood" – Report from Mariani postponed until the June board meeting.

B. Security – John Tronson, Kerry Morrison

1. Public Hearings on Street Vending – Morrison advised the board that four (4) meetings are being held to seek input on a proposal to create a citywide sidewalk vending ordinance. An announcement from the Council's Economic Development Committee was distributed announcing the dates of the upcoming meetings. Morrison said staff is committed to cover the four hearing and sought board members to volunteer. Alyssa Van Breene volunteered to attend the May 29, 2015 hearing.

2. Official Homeless Count – In the interest of time, a report was tabled. Information was included in board packet.

3. LAPD Review of Proposed Type 47 Restaurant Licenses – Yamada reminded the board that the BID remains neutral on applications from businesses to seek a liquor license. LAPD is currently supporting Type 47 restaurant licenses up to a midnight serving time. If individual board members speak on this topic, it should not be confused with the BID position, which is to remain neutral.

4. Panhandling and sidewalk safety – Morrison presented the board a mock-up of a handout for tourists discouraging giving to costumed street characters, CD vendors, and/or panhandlers. This brochure will tie into a new website, www.hollywoodsafesidewalks.com. The handout is written in four (4) languages and will be given to property managers, hotels, restaurants, and businesses for distribution. The initial cost for 25,000 brochures is $5,000 which will included costs of artwork and printing.

It was moved by Mark Stephenson, seconded by Jan Martin, and CARRIED to authorize the expenditure of $5,000 to proceed with the project to design and print information cards and a website to promote visitors' awareness on donations to costumed street characters, CD venders, and panhandlers. Unanimously approved.

VI. Old Business

A. Coffee with the President Follow-up – Yamada directed the board to review the issues, concerns and suggestions raised by those who attended the Coffee with the President meeting on March 13. The report was included in the board's packet. In particular, she asked for input on items noted in yellow. In response, it was noted that at the next planning retreat, if the board was interested, they could have an outside expert do a presentation on how other cities organize unified parking programs, and what would be involved in creating a sign overlay district or a specific plan for Hollywood. Instead of creating a mid-BID business association, it was reported that a group of owners, led by board members Mark Echeverria and Evan Kaizer, have already committed to reach out to mid-BID businesses. In lieu of sending out a survey to owners, it was suggested that some type of survey mechanism could be incorporated into the annual all property owners meeting.

VII. Staff Report

A. Search for the HPOA Office Location – Kerry Morrison and Joe Mariani

1. At the suggestion of the board, a letter was sent out to mid-BID property owners seeking office availability options. Several responses were received and the staff followed up. Mariani reported that because the office moved to the sixth floor at the request of building management, rent is free in the Taft building until July 31, 2015. At that time the monthly rent will be approximately $8,000, compared to the monthly budget allowance of $4250. A spreadsheet "Office Move Cost Analysis" was distributed to compare and contrast the costs and attributed of various spaces: Spaces currently being looked at are:

    a. Taft Building – Two (2) office suites available. One at 1480 sq. ft. with courtyard view (facing The W wall) with no room for board meetings, no storage space, and 7 ft. wide offices. The second facing Vine Street has 1,772 sq. ft., again with no storage, small offices, no room for board meetings. Both are considerably smaller than the BID office previously occupied on the 4th floor but higher rent.
    b. Sieroty Buildings – 6556 Hollywood Blvd. and possibly 6562 Hollywood Blvd.
    c. Musso's space – Hollywood Blvd.
    d. Denley Buildings –McCadden and Whitley

B. Board Planning Retreat – The annual board planning retreat is slated to be held in July. Given time constraints, there was no time to discuss the board's preferences. Morrison will bring back suggested sites to the June board meeting.

VIII. Next Meeting: The next meeting will be held June 18, 2015

IX. Adjournment: The meeting was adjourned at 6:20 p.m.

Ms. Van Breen's comments begin at 46:59.

Hi, Alyssa Van Breene, Hollywood Property Owners Alliance. Um, we manage the Hollywood Entertainment District Business Improvement District. Our BID covers 1.6 miles along Hollywood Boulevard and we work very hard to keep the sidewalks clean, safe, and hospitable for all pedestrians: tourists, workers, residents, and students. Our sidewalks are among the most densely packed in the city of Los Angeles. Already pedestrians experience what can sometimes feel like an assault with all the attempts to capture their attention and their money. On a typical summer day one can be approached on every block by aggressive tour operators. In the most busy tourist zone there are dozens of street characters and CD vendors who have been known to shake down unsuspecting tourists. We already have vendors selling food and merchandise on the Walk of Fame and the city seems overwhelmed by the prospect of enforcing the current laws on the books that prohibit vending. We can only imagine that if sidewalk vendors were to take up residence on every block along the Walk of Fame an already congested and sometimes chaotic situation would be made much worse. Finally, we have many restaurants and small businesses that depend upon the tourist trade to pay their bills, their payroll, taxes, insurance, rent, and the BID assessments that are passed through to them. This puts them at a serious disadvantage. There may be communities in our city who want more liberalized sidewalk vending. Hollywood is not one of those communities. Alyssa Van Breene, Hollywood Property Owners Alliance, thank you.

3.4 Appendix 4

This is a transcript of Devin Strecker's comments at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Mr. Strecker's comments begin at 48:26.

Hi, my name is Devin Strecker. I'm representing the Central Hollywood Coalition, which manages the Sunset and Vine BID covering 44 blocks in Hollywood. This is an area thats experiencing... This is an area thats experiencing an economic revival where few restaurants and small retail businesses were five years ago. Things have changed radically. We want to support our small businesses who have taken the risk to invest in Hollywood. With the adoption of an increase in minimum wage recently and the prospect of having vending on every corner on Sunset Boulevard, this is a double whammy threatening their very survival. Further we have concerns about the public safety with respect to food handling and storage. For these reasons we would ask that Hollywood be exempted from this ordinance if the City Council decides to proceed. Theres already an ordinance in place that allows for the creation of sidewalk vending districts. Perhaps that ordinance should be dusted off and amended to meet the needs of neighborhoods that want sidewalk vending. Thank you.

3.5 Appendix 5

This is a transcript of Kerry Morrison's comments at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Ms. Morrison's comments begin at 01:44:37.

Good evening. My name is Kerry Morrison and I am the... I'm representing two business improvement districts in Hollywood: Sunset and Vine and the Hollywood Entertainment District. And as has been mentioned, we are an area that has extremely compacted sidewalk behavior and a lot of things going on. We also represent many, many small businesses as well. So you mentioned a third option, a third model that youre looking at, and that would be for perhaps if a community is desirous of having street vending in their neighborhood, and clearly many are, then there would be a roadmap for them to do that. We would ask that communities such as ours would be able to opt out for or that there would be a way to opt in, but that this should not be something that applies to the entire city. Its a very diverse city with many diverse neighborhoods and Hollywood simply cannot support this kind of activity on its sidewalks. Thank you.

3.6 Appendix 6

This is a transcript of John Tronson's comments at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Mr. Tronson's comments begin at 01:22:48.

Good evening. My name is John Tronson. I'm a member of the Hollywood Entertainment District, which is a property-owner based business improvement district in Hollywood. We spend three and a half million dollars a year of our own money to clean the streets of Hollywood, to trim the trees, to provide additional public safety and paint out graffiti. The reason why we do this is because the city simply can't afford to provide those services at an adequate level. My main concern about this ordinance is that if anybody comes up here and tells you it's gonna be a self-funding ordinance, I believe that they're, uh, you're being misinformed, and any money that's gonna be spent to hire the inspectors that're gonna be required to, to provide any level of reasonable enforcement for this ordinance, um, will be taking dollars away from a city that can't afford to provide basic services as it is. So I'm in favor of keeping the status quo of certain communities who would like to expand street vending, there is a mechanism to do so, and those that don't want to, shouldn't have to. Thank you for your time.

3.7 Appendix 7

This is a transcript of Matthew Severson's comments at the June 18, 2015 Street Vending Meeting at Los Angeles City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Mr. Severson's comments begin at 02:12:22.

Good evening, my name is Matthew Severson and I'm representing the Hollywood Property Owners Alliance, which manages the Hollywood Entertainment District and Sunset and Vine BIDs. We respectfully encourage the city to revisit the sidewalk vending ordinance that already exists. The ordinance that was passed in 1994 to facilitate the creation of sidewalk vending districts. Hollywood would not be a community seeking to form a sidewalk vending district. Our sidewalks are among the most densely packed in the city of L.A. On Hollywood Boulevard pedestrians experience already what can sometimes feel like an assault with all the attempts to capture their attention and money. In the most busy tour zones there are dozens and dozens of street characters, CD vendors, and aggressive tour operators who've been known to shake down unsuspecting tourists. We already have vendors selling food and merchandise on the Walk of Fame and the city seems overwhelmed by the prospect of enforcing the current laws that exist, which prohibit vending, except in a bona fide district. Finally, we have many restaurants and small businesses which depend on tourists to pay their bills. Thank you.

3.8 Appendix 8

This is a transcript of Kerry Morrison's remarks at the July 9, 2015 meeting of the Joint Security Committee of the SVBID and the HED BID. The original can be viewed at https://youtu.be/Vrrh8a8av5M?t=63

As we talked about at the last meeting there were a series of four hearings that the chief administrative office staff held on the sidewalk vending ordinance. And what was really kind of problematic about these hearings is that there's no ordinance yet. There's nothing to really react to. There's nothing to weigh in on with respect to where people will be located or what the fees would be or insurance requirements or licensing or health requirements. It's just this kind of amorphous set of hearings, which were completely dysfunctional, disrespectful, and almost resembled a circus. I think after the last meeting, John and I went that night and Mark Nathanson [*sic*] from our board, Mark Stephenson from our board was also there at Van Nuys, and there were people being bused in, everybody who spoke had the same tune, like "I need to be able to sell on the street to support my family." There was no discussion of any parameters or rules that would, that you would actually feel to be part of a quote policy hearing, and what we... Right, if theres any enforcement, because there is no street vending ordinance, currently, it is illegal, that, enforcement was considered harassment. So actually, Carol Schatz and I wrote a letter to Herb Wesson, the president of the city council after that meeting saying this is, this is really not being, you know, well-handled, there's no security, it's intimidating to people, there are people who did not want to testify. So the subsequent two hearings were maybe a little bit more well-behaved. Joe attended the one in South LA and Matthew attended the one at City Council. So we were, we were in attendance at all four and now there's gonna be a series of one-on-one meetings with members of the City Council which staff will be involved in. I've got board members involved in [unintelligible]. The Coalition is building, the Coalition to Support Small Business, both BIDs have supported, like, most of the BIDs in LA have supported this coalition that's being formed to try to have a reasonable voice... And actually one of the points that we're making right now is there is a sidewalk vending ordinance in the city of LA that was adopted in 1994 that gives you the discretion to create a sidewalk vending district if your neighborhood wants one, and the first and only district that was ever created was in MacArthur Park, and that district failed because the law-abiding vendors who actually paid the fees and set up their carts around MacArthur Park complained because the, there was another whole group that never paid the fees and they, they, you know, kind of encircled them and there was no enforcement. So that sidewalk vending district folded, and our point is, if you want a sidewalk vending district, work with the [unintelligible] that you have and make it work, otherwise Hollywood wants to be out of it. So this is, you know, continuing to be an effort, and the BIDs are coalescing on this. We'll keep you informed, but I thank the board members who did show up in the evening and sit for hours, you know, [unintelligible].

I. **CALL TO ORDER – Monica Yamada**
The meeting was called to order at 4:13 p.m.

II. **OPEN FORUM & INTRODUCTIONS**
No public comment offered.

III. APPROVAL OF MINUTES

- Approval of the May 21, 2015 Board meeting minutes.

It was moved by John Tronson, seconded by Evan Kaizer, and CARRIED to approve the minutes from the Board's May 21, 2015 meeting. Unanimously approved.

IV. TREASURER'S REPORT – Kerry Morrison

A. Morrison presented the May 31, 2015 statement which reflected actual monthly expenses of $273,968 against budget of $309,878. The City of LA was invoiced in May for a total of $1.8 million and that will appear on the June financials. The projected end of year cash balance is $407,859. There are no significant variances to report at this time. The new accounting firm, Gursey Schneider, is scheduled to take full control in August. RBZ has cooperated fully with the new firm making the transition run smoothly.

It was moved by Evan Kaizer, seconded by David Green, and CARRIED to approve the May 31, 2015 financial statement. Unanimously approved.

V. NEW BUSINESS

- No new business

VI. COMMITTEE AND ACTIVITY REPORTS

A. Streetscape and Planning – Mark Echeverria and Matthew Seversen

1. Do Art Foundation – Carmen Zella, executive director of the Do Art Foundation, met with the Streetscape & Planning Committee in the past month. The staff was first introduced to her at the CDA conference where she showed examples of how public art enhances communities. The foundation has the ability to help the BID prepare a comprehensive public art strategic plan which will set program strategies around resource development, marketing/media, artist outreach, external visions/community integration, and internal management operations. This would be a long-term plan. Do Art will help identify potential art sites, obtain city permits, find funding, curate and implement art projects. The art will be sensitive to community wants and needs and will reflect Hollywood's unique identity. Do Art Foundation is working on a proposal which will be presented to the Streetscape Committee and ultimately to the board for consideration.

2. Bureau of Street Lighting Meeting – Morrison and Severson did a walk-through along Hollywood Blvd. with a representative from the Bureau of Street Lighting.

Many light posts are in need of repair, are rusting, have faded colors, etc. Morrison noted that throughout the BID there are many street lighting assessment districts which may explain the vast differences in styles. There is a chance that the lights east of Gower could be changed out and conform to the newer lights that were installed west of Gower in 2005. Severson also pointed out that BSL is willing to repair lights, but they are "complaint driven" and will respond to an inventory that we could present. A temp will be hired to document a data base of existing lighting and repair needs with photos before work can be started.

3. DWP Grant – Severson noted the receipt of $5,000 to fill tree wells with DG. It will be necessary to do an inventory of what is needed before beginning the project.

4. Great Streets – Hollywood Blvd. between La Brea and Gower has been designated by the City of LA as a Great Street. The initiative aims to reimagine neighborhood centers through community partnerships and temporary public space activation pilots. There have been two positive developments in the past month.

    a. Maintenance Walk-Thru on June 4th – Severson walked the Boulevard with various city departments and representatives from the Mayor's office to identify quick-fix maintenance issues with existing city resources. BID provided city with the maintenance punch-list created by the Streetscape Committee in advance of the walk. Severson reported that work has already commenced including replacing street signs, repainting/repairing curbs, removing sign posts, etc.

    b. Challenge Grant – The city will award ten (10) grants up to $20,000 with the application due June 30, 2015. The grant aims to support projects that create active and vibrant public spaces. In order to receive the grant, the applicant must show how the organization will reach out to the community; how data will be collected documenting activation of the sidewalk; the use of creativity and innovation; and long term use. Do Art Foundation is working with us on the application. Focus will be on the five Hollywood Blvd. bulb-outs to activate the "mid-BID" section of the Boulevard by generating new street life and a new creative cultural center. The grant proposal incorporates physical elements consisting of bistro tables and chairs, and artistic features which include visual/aesthetic elements, programming/interactive elements, and custom planters. This is a temporary grant which will end April 2016. If the installs are successful it could become a permanent set-up. Both Echeverria and Blumberg expressed the enthusiasm of the committee for this application. The cost of the bistro furniture is $10,000 and the art installations $30,000. If we receive the $20,000 grant the BID will match with $20,000 from the Streetscape budget. It was also pointed out that $10,000 could be taken from the old 2004-08 BID account.

It was moved by John Tronson, seconded by Alyssa Van Breene, and CARRIED to authorize the expenditure of $20,000 toward Challenge Grant with $20,000 to be matched by the city if successful. Unanimously approved.

5. City Sidewalk Repair – Mariani reported that the city will be paying $30 million for sidewalk repair over the next 20-30 years. But a proposed ordinance that could take effect as early as January 2016 would determine that commercial properties would be responsible for their own sidewalk repair and residential sidewalks would be repaired one (1) time by the city. Then it would be the responsibility of the property owner. Staff is continuing to monitor these developments.

B. Ad-hoc Communications Working Groups – Jan Martin and Devin Strecker

1. Festival Working Group –The planning continues for the November festival. Jan Martin and Strecker invited the board to join them after the meeting in visiting several venues that will participate in the festival. After the board meeting the group will visit St. Felix, Record Parlor, Aventine, Hotel Cafe, and Running Goose.

2. Sunset & Dine – Strecker advised the board that the 4th annual Sunset & Dine has been scheduled for September 24, 2015 at BuzzFeed. The event is in need of sponsors and exhibitors. Though this is a Sunset BID event, many Hollywood venues participate. If interested, board members are invited to attend the next planning meeting on Wednesday, June 24th at 11:30 a.m. in the BID office.

B. Security – John Tronson, Kerry Morrison

1. Public Hearings on Street Vending – Tronson, Morrison, and Leron Gubler, Hollywood Chamber of Commerce, attended the June 11th Van Nuys hearing. The well-organized group in favor of street vending greatly outnumbered those opposing. At the previous hearing on May 28 in Boyle Heights, Alyssa Van Breene and Devin Strecker represented the BID. The audience was very disrespectful and booed anyone who disagreed with them. The business community is needed to speak up about the impact of a city-wide ordinance. The Central City Association has hired an organizing firm and created a coalition (Coalition to Save Small Business) and is spending $7,500 each month to organize the business community. Other BIDs are asked to share the burden. Morrison requested the board to approve $5,000 to help support this grassroots committee mobilizing strategy for sidewalk vending ordinance. She shared information about other BIDs participating, including a $2,500 contribution last week from the SVBID.

It was moved by John Tronson, seconded by Chad Lewis, and CARRIED to authorize the expenditure of $5,000 from the security contingency budget to support Coalition to Save Small Business and the coalition building campaign to oppose the street vending ordinance. Unanimously approved.

2. Hollywood Safe Sidewalks – Will present an in depth report next meeting.

3. Homeless Issues – Morrison reported that the statewide BID community is planning for a forum on homelessness issues on July 30. She is on the organizing committee and the intent is to equip BIDs to be proactive in their communities and to

understand public policy options on the table to increase affordable housing, address mental health reform, and related issues.

She also reported that BID Patrol officers have been asked to interview new faces in Hollywood to ask three (3) questions to help us understand why there is such an influx in new homeless individuals in Hollywood. The questions are:

1. One year ago, where were you?
2. Why did you come to Hollywood?
3. What do you need?

Of 36 interviewed in May, 20 lived in another state one year ago (55%). Two-thirds were under 25 years of age. A year ago, 11 of them lived in housing and three (3) had jobs.

4. Andrews Radio Repeater – Mariani reported that the repeater located on the W Hotel failed. Bearcom replaced it with a new one for $3,500. This amount also included a casing to protect the repeater, batteries for the radios, and a new headset for Andrews' office. Because of officer safety, Mariani checked with the Security Chair before authorizing purchase of the replacement equipment. This comes from Security Contingency budget.

VI. Old Business

- There was no Old Business update.

VII. Staff Report

A. Bid Headquarters Office Update

1. Mariani reviewed with the board the various office space options the staff has visited over the past few months. After much consideration, the staff is recommending the BID office be moved to 6562 Hollywood Blvd. The location is a retail store front located in the "Mid-BID" portion of the district and would allow for the staff to continue to work on enhancing what can sometimes be a challenged part of the district. The location would also allow for ample space to hold board and committee meetings on site, as well as room for the expansion of the BID staff (if needed). The proposed lease is for a 62 month term with 3% annual increases. Utilities and HVAC quarterly maintenance will be the BID's responsibility to pay. One (1) parking space is also included with the lease. The BID has one (1) termination right which can be exercised between August 1, 2018 and October 30, 2018. This can only be exercised if the BID is not reauthorized past December 31, 2018. The lease also calls for the HPOA (tenant) to pay the increase in property taxes and insurance after the base year. Tronson noted that

due to Prop 13 these taxes should be minimal, however if the building were to sell, the HPOA could see a significant increase in costs. Tronson suggested the lease include a protection related to this item, should the owners ever sell the building. Lastly, Mariani went over with the board the projected cost for rent through the remainder of this year and the remaining years of the BID. Due to the rising office rents in Hollywood, this building seemed to be the best cost value of all options seen by the staff since the 3,500 SF space comes at $1.71/per square foot. It was acknowledged, however, that the BID would still have to adjust their rent budget in coming years in order to account for the increased rent and utility costs.

It was moved by John Tronson, seconded by David Green, and CARRIED to authorize the staff to enter into a Letter of Intent with Hollywood Studios Bldg., LLC to secure office space at 6562 Hollywood Blvd. Approved with one (1) abstention from Evan Kaizer.

2. TI and FFE Costs – Before moving to the 6562 Hollywood Boulevard space, Mariani noted that the landlord (Hollywood Studios Bldg., LLC) will need to do tenant improvements (TI). In discussing the matter, the landlord has agreed to cover a majority of the TI costs, with the HPOA having to pay Furniture, Fixture and Equipment (FFE) costs, as well as any costs associated with the placement of new lighting in the space. Mariani showed the board that there has been savings in rent this year due to the staff re-locating to a temporary space in April 2015. The staff assumes that the HPOA would have to pay rent for the months of August 2015 to October 2015 in their temporary space while their new space is being constructed. The HPOA's current landlord has agreed to keep the staff in the space on a month to month basis at a cost of $6,567/month ($2.50/psf), with a seven day option to vacate the space if needed. Assuming the staff would have to stay in the space until October and taking into account other anticipated budgeted costs (parking, cleaning, etc.), it is projected that the HPOA would have approximately $14,500 in rent savings at the end of the year. The staff suggested that these funds be put toward FFE costs. The staff has worked on a proposed FFE budget which included various items such as: work stations, kitchen appliances, conference room furniture, etc. It is estimated that total costs for relocation would be around $52,000. The staff requested that the board authorize an expenditure of up to $40,000 to be used toward any TI or FFE costs associated with the move, in addition to the anticipated $14,500 in rent savings. The $40,000 would come from the Contingency budget. Mariani also explained that the HPOA had an option to amortize these costs into the lease, but in an effort to keep the rent budget lower in coming years it may be better to pay the costs out of pocket now.

It was moved by John Tronson, seconded by Chad Lewis, and CARRIED to authorize an expenditure up to $40,000 from contingency budget for TI and FFE costs associated with new office space. Unanimously approved.

B. IDA Conference – Morrison reminded the board about the upcoming IDA Conference in San Francisco and encouraged their attendance.

C. Coffee with the President – The next scheduled coffee is scheduled in the BID office on July 10 at 9:00 a.m. Yamada reported that the information gained is very helpful.

D. Demolition Party – Morrison gave the board the invitation flyer to a Demolition Party at The Center at Blessed Sacrament on July 16th at 6:30 p.m.

VIII. Next Meeting: The next meeting will be held on July 16, 2015

IX. Adjournment: The meeting was adjourned at 5:55 p.m.

BID Voices Express Concern Over Sidewalk Vending

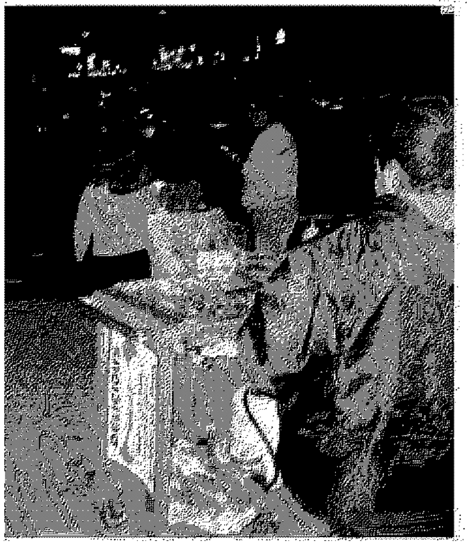
As reported in the last issue of the newsletter, the city council's Economic Development Committee has tasked the city's Chief Legislative Analyst (CLA) office to seek public input on the pros and cons of instituting a city-wide sidewalk vending program.

Before an ordinance is drafted, the CLA staff presided over a series of public hearings to gain input from the community. Staff representing both BIDs, along with board members, attended each of these hearings and expressed the concerns of the business community. However, members of the business community were outnumbered easily 10:1 at these hearings.

Hollywood board member **Alyssa Van Breene** and staffer **Devin Strecker** attended the first meeting on May 28 in Boyle Heights. When they tried to share their concerns the audience booed. Though there were no boos or hissing at the second hearing on June 11 in Van Nuys, the audience was unruly and disrespectful to those testifying against the ordinance or speaking on behalf of small business. Appreciation is expressed to HPOA board members **John Tronson** and **Mark Stephenson** who joined **Kerry Morrison** at the Van Nuys hearing.

The key concerns raised by the business and BID community are fourfold:

- Small businesses in our community pay rent, utilities, property taxes, and payroll taxes. They also pay their share of the BID assessment which helps keep the sidewalks clean and safe. Legalizing street vending would undercut these small businesses by letting vendors set up shop on the public right-of-way without paying their fair share.
- Public health will be compromised because sidewalk food vendors are not subject to the same level of scrutiny as restaurants who are subjected to a county restaurant rating. Food handlers on the sidewalk have no access to hot water or restroom facilities and often food is left unrefrigerated.
- The city cannot enforce the street vending laws that currently exist, so it is hard to imagine the city could effectively enforce an expanded presence of vendors. (It is estimated that there are over 50,000 street vendors that currently operate illegally in the city. Attempts to enforce the existing law is viewed as "harassment" by vendors, which was a common theme of the public hearing.)
- Street vending is disruptive to city sidewalks, especially in busy neighborhoods (such as Hollywood) which are already heavily im-



"There's already an overabundance of, not only sidewalk vendors, but street characters and CD vendors and tour bus operators out there soliciting," Nicole Shahenian, Hollywood Chamber of Commerce, told KPCC after the first hearing. (Photo courtesy Andrews International)

Discouraging News About Homelessness Surprises No One

This is an excerpt from a longer article that appears on the blog Only in Hollywood. This will be the first in a series of blogs on the impacts of homelessness in Hollywood and the organizations that are involved.

The headlines confirmed what we all have been experiencing. The official homeless count results were issued by the Los Angeles Homeless Services Authority (LAHSA) on May 11 and the next morning the frontpage of the LA Times declared, "Homelessness in LA is Everywhere." Homelessness is up 12 percent in the city and in the county since January 2013. Despite great efforts the past four years to house over 25,000 people (as documented by the Home for Good campaign), the numbers have increased.

So what is going on? There are several theories floating. Let me share them with you, because they still need to be researched.

1. There is an increase in the presence of mentally ill people who are homeless. The LAHSA count documents an increase of 23 percent in the number of homeless individuals suffering from mental illness: 12,253 in the county. While there has been much progress in housing individuals who are homeless (Hollywood 4WRD collectively has housed over 400 people since 2010), the remaining victims are those who are "super-chronic," or the "most vulnerable." It is very difficult to secure help for the severely mentally ill and without a concerted effort these individuals

Afternoon tea at Chado Tea Room

Chado Tea Room has three locations in the Los Angeles area, including the Hollywood and Highland store. (Courtesy Photo)

My three girlfriends and I enjoyed a very special afternoon tea at Chado Tea Room at the Hollywood and Highland Complex. The food was beyond good. We each selected our own pot of piping hot tea from the over 200 different flavors offered. Two of us warmed up with a delicious tomato cream soup while the others enjoyed a refreshing salad. Then, beautifully presented on a three tier rack, were warm scones fresh from the oven with orange marmalade and Chado's special homemade cream on the side. Another tier offered yummy half sandwiches on toasted breads:

-Limerick - English cucumbers served on buttered bread and decorated with cream cheese and green onions,

-Punjab - eggs marinated in our Lapsang Souchong Smoked Tea then combined with Mayonnaise and green onions

-Smoked Salmon - served open faced on dark rye bread with cream cheese and topped with baby dill and a slice of lemon

-Souchong Chicken - shredded smoked chicken breast combined with mayonnaise and Cranberry Lingonberry sauce

The dessert tier included slices of old fashioned pineapple upside down cake, white cake with berry filling and creamy icing, and Madeline cookies decorated with sliced strawberries. Lastly we enjoyed ice cream with a tea sauce. Incredible! But even better than the food was the excellent service we received from Jay and Enrique. Their friendly, attentive manner made us feel at home. For me, this is the best tea room by far of of the tea rooms I've visited.

BID's Sidewalk Vending Concerns

...Continued from Page 1

pacted by tour hawkers, CD vendors, and street characters. We simply cannot accommodate more activity on the sidewalks while also promoting a safe pedestrian experience.

At the June 11 hearing, the CLA staff running the meeting asked three questions of those testifying: First, should the city maintain the status quo and continue to enforce existing laws which prohibit vending on streets and sidewalks (largely a complaint-driven enforcement)? Second, should the city continue to prohibit sidewalk vending and increase proactive enforcement and fines/penalties? Third, should the city allow sidewalk vending, create new rules and regulations, and provide training and education for vendors?

The position of both BIDs at present is to oppose the creation of a new ordinance that would extend sidewalk vending opportunities throughout the city. Because the city is so diverse, it does not make sense to adopt a "one-size-fits-all" approach to vending. Therefore, if the city chooses to pursue this activity, Hollywood would respectfully ask to "opt-out" of a sidewalk vending framework. Conversely, if the city moves toward a community-driven ordinance, then other parts of the city would be empowered to seek these activities in their neighborhoods, but this would not be a desire of the core part of downtown Hollywood.

The "Coalition to Save Small Business" has been formed to articulate the concerns of BIDs and the business community about a sidewalk vending ordinance. Information can be obtained on the Facebook page https://www.facebook.com/SaveSmallBusinessLA. There is also a way to sign a petition on the group's Facebook page. Greetings Jt. Security Committee,

I hope your summer is going well.

We are taking a hiatus from the committee meeting this month – please plan to come together again on Thursday, September 10 at 10 a.m.

Here are two important meetings to be aware of:

1. Thursday evening, August 13, the city is holding another hearing on the sidewalk vending ordinance…and it is in Hollywood at LA City College. We really need businesses to speak up. It is at 855 N. Vermont Avenue. 6 – 8 p.m. If you can get a business to attend, I will write their talking points (one minute). Here are details attached.

2. Thursday afternoon is the annual all property owners meeting for both BIDs at the Loews Hollywood Hotel. Meeting goes from 4:30 – 6 p.m. and there is a no-host reception from 6 – 7 p.m. I've attached invite for that as well.

Thank you and enjoy your summer!

Kerry

Hi everyone,

Our office is closed on Friday, July 3rd due to the Independence Day holiday. Would you be available to meet for "First" Friday on Friday, July 10th instead?

Also, would it be possible if this month we met at our District Office in Echo Park? I have an intern coming that morning so that would be a huge help.

Thanks!

YOU DON'T WANT TO WORK ON A HOLIDAY????

The following Friday makes total sense...but that morning we have a meeting with our board president. Could we do lunch...we could come your way, but that is the of of DeLeon's lunches (state of state). I am not going...so that would not be a problem. Will you guys be there on July 10 at lunch?

MEMORANDUM

January 12, 2016

TO: Carol Massie, President, Board of Directors
Central Hollywood Coalition

FROM: Kerry Morrison, Executive Director
Hollywood Property Owners Alliance

SUBJECT: Change Order

Carol, the following represents a change order to reflect the continuation of the agreement between the Hollywood Property Owners Alliance and the Central Hollywood Coalition.

The following provisions of the Service Agreement are hereby amended:

Section 1. Payment for Services.

1.1 Payment Amount. CHC shall pay HPOA for the cost of providing the Services (hereinafter, the "Service Fee") in accordance with the Budget. The contract amount shall be ~~$157,000~~ $165,480 per annum, with monthly payments of ~~$13,083~~ $13,790 Said monthly payments shall be made no later than the first of each month, without the need for any further invoice or presentment. Subject to adjustments to said payments based on revisions to the scope of Services and/or the Budget in the manner provided for herein, said Service Fee is intended to include all amounts payable by CHC to HPOA for the Services to be provided hereunder, including without limitation for HPOA's overhead and administrative costs, payroll, profit, and costs for materials, equipment, and supplies.

Section 3: Term; Termination.

3.1 Term. This Agreement shall be effective as of its full execution and shall continue up to and including December 31, 2016 (the "Term"). Any renewal or extension of this Agreement beyond December 31, 2016, shall require the mutual written consent or approval of the parties, and each party may withhold such consent or approval in its sole and absolute discretion. Notwithstanding the foregoing, it is understood that HPOA shall be responsible under paragraphs A.1 and A.3 of Exhibit A to this Agreement for preparing the quarterly and annual planning reports referred to therein for the applicable period(s) immediately prior to the end of the Term of this Agreement, even if such reports are not finalized and submitted until after said date, and for those limited purposes the Term of this Agreement shall be deemed to be extended until such tasks are performed.

Section 5: General Provisions

5.12 Delivery of CHC Books and Records to CHC upon Termination of Agreement. Upon termination of this Agreement, HPOA shall promptly deliver to CHC all books and records relating to the Services performed by HPOA for and on behalf of CHC and cooperate with CHC in making an orderly transition so that CHC can continue to provide such Services itself or with another third party such as HPOA. Such books and records shall include those documents and records indicated below. In the event any of such books and records are combined with confidential books and records of HPOA (e.g., books and records pertaining to HED), HPOA shall be entitled to redact or excise such confidential information from the books and records provided to CHC. CHC shall be responsible for reimbursing HPOA for HPOA's actual and reasonable out-of-pocket copying costs for making such books and records available to CHC, but HPOA shall not otherwise be entitled to compensation for such services.

5.12 (a) Document retention procedures. HPOA shall follow the document retention procedures outlined below.

EXHIBIT A – SERVICES (rev. January 11, 2016)

ADMINISTRATION

A. BID Contract Compliance

1. Preparation of narrative and financial portion of Quarterly Reports to City (January 31, 2016; April 30, 2016; July 31, 2015; October 31, 2016; and January 31, 2017.)
2. Preparation of narrative portion of Annual Planning Report (December 1, 2016).
3. Coordination of Annual Meeting of Property Owners (Summer 2016)
4. HPOA will ensure that CHC is in compliance with all requirements of the city's Standard Contract with Business Improvement Districts.

B. Budgeting and Financial Management

1. Work with the CHC bookkeeper to develop an annual budget for review by CHC Board of Directors by the October board meeting.
2. Submit invoices to City Clerk for payment of assessment revenues due SVBID
3. In concert with CHC bookeeper, maintain bank accounts and financial records.
4. Retain accounting firm to prepare annual financial review and annual tax return.

C. Database Management

1. Supervise relationship with Willdan Financial Services who will provide technical consulting to update the SVBID property database, calculate annual CPI increases, incorporate changes due to property demolitions or additions of square footage, and the preparation of the annual property assessment roll (June 1) for use by the County Tax Collector.[1]
2. Update and maintain proprietary property owner contact information on master property database. This includes all information gathered separate from official county assessor originated database developed by Willdan Financial and includes: key contact name for mailing, mailing address, phone, fax, and email address and secondary contacts, where available.
3. Create and maintain database of contacts for communications from CHC to SVBID stakeholders.

D. Other Administration

1. Assist the CHC Board in any contract discussions/negotiations with City of Los Angeles.
2. Purchase stationery for CHC/SVBID.

---

[1] The parties recognize that Willdan Financial Services ("Willdan") entered into a relationship with, and performed its initial work regarding parcel assessments and related matters for, CHC prior to HPOA's assumption of the supervisory services reflected in this section. The parties further agree, therefore, that CHC's indemnity of HPOA as provided in Section 4.1B of the Service Agreement specifically includes any Claims arising out of Willdan's parcel assessment and related work.

E. Meetings

1. Prepare for and manage all Board of Director and committee meetings (includes agenda preparation and minutes).
2. Post all required legal notices
3. Respond to public information requests
4. Implement policies and requests of Board of Directors

F. Stakeholder Relations

1. Respond to and coordinate requests from property owners relative to requests from the BID: phone inquiries, correspondence, emails.
2. Refer property owners to city services when appropriate
3. Handle inquiries and questions relative to BID assessments

COMMUNICATIONS AND MARKETING

A. Prepare and distribute all correspondence to property owners:

1. Quarterly newsletter in a format identified by Board of Directors. Current format is via mail, coupled with online e-subscription.
2. Email communications and alerts

B. Oversee maintenance and periodic updating of Sunset & Vine website (Note: actual cost of hosting paid by SVBID).

C. Coordinate all media relations inquiries and identify appropriate spokespeople for SVBID area:

1. Prepare talking points
2. Develop list of media contacts to which press releases are sent and proactively cultivate these relationships. Pitch stories about developments and activities within SVBID.
3. Maintain current information on BID website easily accessed by the media for purposes of finding out background about the Sunset & Vine BID.

~~D. Create press kit~~

~~1. Secure and work with consultant to develop graphic format and materials for inclusion in press kit~~
~~2. Coordinate printing and assembly of press kits~~

E. Map

1. Work with graphic consultant to develop and update a map of SVBID for use by property owners, real estate brokers, and on web.

F. Branding and special marketing projects

1. Work with local restaurants to implement the fifth annual "Sunset and Dine" event in 2016. Activities include organizing planning meetings, assisting committee efforts to recruit participating restaurants; handling logistics associated with event production; marketing; ticket sales; program and follow-up.
2. ~~Participate in efforts to organize a grass-roots/fringe-style music festival in Hollywood in mid-to-late 2015.~~ Represent the interests of the SVBID in the second annual Only in Hollywood Mustic + Arts Festival planned for Q3 2016.
4. Work with an ad-hoc Marketing Working Group to plan activities for 2016 to promote the Sunset & Vine BID.

SECURITY OPERATIONS

A. Supervise contract with Security Vendor

1. Review service array for contract between CHC and Security Vendor.
2. Serve as conduit between security vendor and CHC Security Committee on all questions, directions and shift and program changes
3. Review weekly logs and follow up on issues as appropriate
4. Keep specific property owners informed about actions taken in and around their properties and organize meetings, where warranted, to tackle problem solving with owners, businesses, LAPD and BID Patrol.
5. Review and verify accuracy of invoices.
6. Coordinate, with security vendor, the acquisition of Trespass Arrest Authorization forms from all property owners, to place on file in BID Security Office and at LAPD.

B. Maintain liaison with local law enforcement

1. Serve as key conduit between CHC and LAPD Senior Lead Officer and command staff.
2. Serve as key conduit between CHC and Office of the Neighborhood Prosecutor. ~~(if applicable)~~

C. Coordinate activities of CHC/SVBID Security Committee (held in tandem with HED Security Committee)

1. Prepare agendas, post in public location and keep meeting notes.
2. Arrange for guest presentations and updates on community activities.

D. Coordinate communications with property owners

1. Draft updates for inclusion in newsletter and website, when developed.
2. Handle all incoming calls from property owners relative to service concerns or requests for assistance vis-a-vis LAPD response, homeless issues, and the like.

E. Coordinate partnerships to address homeless situation

1. Maintain liaison with social service providers and homeless advocacy organizations that serve Hollywood: People Assisting the Homeless (PATH), The Center in Hollywood ~~at Blessed Sacrament,~~ LA Youth Network, My Friend's Place, Housing Works, LA County Mental Health, and Hollywood 4WRD.

2. Identify patterns of homeless activity in the SVBID and work with law enforcement and social service providers to address issues related to: criminal activity, needs for shelter and referrals, needs for referrals to mental health services.
3. Work with property and business owners to "harden the target" to make some areas less hospitable to encampments. Measures include:
    - identify candidates to take advantage of DWP lighting program;
    - fencing alleys, vacant lots, driveways etc. where appropriate;
    - posting "no trespassing signs" where appropriate;
    - securing vacant buildings to discourage squatting.

F. Maintain Video Surveillance Camera

1. Maintain service agreement with Metro Video Systems for video surveillance camera located at Sunset and Cahuenga.

MAINTENANCE OPERATIONS

A. Supervise contract with a maintenance service provider.

1. Coordinate "walk-throughs" of the district with committee members and vendor to identify punch list of problems and tasks
2. Supervise maintenance contract with Clean Street and ensure compliance with scope of work.
3. ~~In cooperation with the HPOA, add an amendment to the Cleanstreet contract for ongoing maintenance and clean up of each of the freeway off ramps leading into downtown Hollywood, utilizing DWP grant funds. Oversee the implementation of this task and adjust as needed.~~

5. In consultation with Streetscape Committee, identify, each year, their preference for utilization of annual DWP grant (not guaranteed) and implement service accordingly.

B. Initiate contacts with the city for ongoing services

1. Order adopt- a-baskets as-needed from the city for use on streets where permanent trash receptacles are not presently located.
2. Contact the Office of the Community Beautification (Public Works) to obtain supply request forms, including paint, and graffiti remover (when available).

C. Monitor and track trends of ongoing issues

1. Secure permission slips for graffiti abatement and track problem areas.
2. Correspond with LAPD on any persistent gang graffiti incidents.

D. Meeting administration

1. Organize meetings with streetscape committee on an as-needed basis.
2. Attend monthly meetings of the LA BID Consortium to network with city officials and work with other BIDs to advocate for city services;

3. Coordinate bi-annual meetings with maintenance staff to discuss issues and priority areas.

E. Beautification

1. ~~Work with LAPD to identify suspect responsible for vandalizing the 50+ trees planted along Vine Street. When a re-planting effort is warranted, coordinate the plans and develop a budget to replant the trees.~~

2. ~~Draft a Request for Qualifications (RFQ) to identify a landscape and design consultant to create a streetscape and beautification plan for the SVBID. Seek competitive proposals and retain a consultant to prepare plan by end of year.~~

3. Under the direction of the Streetscape Committee, and utilizing data gathered through District walk-through, prepare a plan and budget to address special beautification projects, including public art installations, tree planting, street furniture, tree well improvements and related projects.

SERVICE EXCLUSIONS**

For the avoidance of doubt, the Services do not include the following. Though staff may monitor or coordinate, additional professional resources must be hired.

- Services typically provided by professional independent contractors (such as but not limited to landscape and beautification plan development; web design and hosting);
- preparation of tax returns
- maintenance of assessment data, tracking of property transfers, calculation of annual CPI adjustment;
- preparation of annual assessment roll to Clerk in June of each year

1 Synopsis

1. In March 2016, property manager Bryan Kim worked with Los Angeles City Council District 13 field representative Aram Taslagyan to clean up some homeless encampments around Kim's properties. While City laws and procedures were followed for most of these cleanups, Taslagyan seems to have organized at least one of them contrary to law and procedure. It appears that Taslagyan did this because Kim needed the area clean immediately due to an impending property inspection. This constitutes a violation of LAMC 49.5.5(A) by Taslagyan.

2 Background

2. Sean Starkey was an intern at Los Angeles City Council District 13 ("CD13") in March 2016. Aram Taslagyan is a CD13 field deputy. Mitch O'Farrell is the Councilmember for CD13.

3. Bryan Kim is a property manager who handles some properties in CD13.

3 Laws

4. The Los Angeles Municipal Code at §49.5.5(A) states in part that:

> City officials, agency employees, ...shall not misuse or attempt to misuse their positions ...to create or attempt to create a private advantage or disadvantage, financial or otherwise, for any person.

4 Facts

5. On March 8, 2016, Bryan Kim talked to Sean Starkey about cleaning up some homeless encampments in CD13. Evidently their phone call was disconnected and they continued their conversation via email. In this email exchange Kim asked Starkey:

> Can you please forward the policy and procedure documentation along with the timeline for clearing the homeless from the discussed area?

Starkey replied:

> Below is [sic] the steps we go through with all homeless encampments. There is not a specific timeline for the process. It all depends on each agency. ....
> – Reported to BSS[2]
> – BSS assigns investigator to the site who visually inspects the site
> – BSS contacts LAHSA[3]

---

[2] Bureau of Street Services.

[3] Los Angeles Homeless Services Authority.

- LAHSA conducts outreach and offers services
- LAHSA makes second visit
- LAHSA signs off
- Public Works signs off
- Sanitation allocates days to Council Offices
- Sanitation posts at the site 72 hours prior
- Council Office coordinates LAPD

See Exhibit 1 (page 10).

6. That Starkey's description of the process is accurate is confirmed by the Department of Sanitation's Standard Operating Procedure ("SOP") for cleaning sidewalks in compliance with LAMC 56.11.[4] The SOP was developed by the Department of Sanitation in compliance with the City Council's mandate that it:

> promulgate rules, protocols and procedures for the implementation and enforcement of this ordinance [LAMC 56.11], consistent with the provisions herein.

The SOP was reviewed by the City Attorney and found to conform with the ordinance. The relevant pages can be found in Exhibit 2 (page 12).[5]

7. In particular, Step #6 in the SOP for homeless encampments elaborates on the 72 hour posting requirement, which is actually a 24 hour posting requirement, stating that:

> a notice will be posted at the clean-up location a minimum of 24 hours in advance of the clean-up date/time . . . The posted notice shall be photographed by LASAN to document the notification of the pending clean-up. The Notice shall be valid for only 72 hours from posting. If the encampment clean-up cannot commence within 72 hours from posting, then a new posting must re-occur before the clean-up may commence.

See Exhibit 2 (page 12).

8. On March 9, 2016 Kim set up a meeting for March 11, 2016 with Aram Taslagyan at the CD13 district office. He asked to meet with Mitch O'Farrell at this time, but Taslagyan said that O'Farrell was not available. See Exhibit 3 (page 16). On March 10, 2016, Kim asked Starkey via an email related to this meeting:

> What would be the next available meeting with Councilmen [sic] O'Ferrel [sic] be re: homeless encampment on Vermont/Monroe Ave?

See Exhibit 4 (page 18).

---

[4] This is the law governing the impoundment of personal property stored on public sidewalks.

[5] The complete document is quite lengthy so I didn't include it. I got a copy from Sanitation via CPRA.

9. This meeting seems to have taken place as scheduled at 9:30 a.m. on March 11 at the CD13 district office. See Exhibit 5 (page 20).

10. Between March 15 and March 18, Aram Taslagyan and the LA Bureau of Sanitation ("LA San") exchanged at least 20 pages of emails organizing the cleanup of encampments on the 700 block of North Vermont Avenue between Monroe Street and Marathon Street (see map at Exhibit 6, page 22, see email exchange at Exhibit 7, page 24). On March 21, 2016, Richard Young of LA San emailed a long list of his colleagues to confirm the March 22 cleanup locations. He specifically noted that the entire 700 block of North Vermont was posted on both sides of the street. See Exhibit 8 (page 45).

11. On Tuesday, March 22, 2016 at 5:41 p.m., after the cleanup took place, Bryan Kim emailed Aram Taslagyan, stating (see Exhibit 9, page 48):[6]

> Aram,
>
> Good to see you briefly today.
>
> Vermont is cleared but they all moved to Marathon St.
>
> If we can work together to relocate them off Marathon St. that would be great. As tenants have made complaints and neighboring groups are gravely concerned.
>
> LAPD had two open incident requests under same ticket and should be visiting by tomorrow.
>
> Further, the la housing authority emergency evacuation group said they will be making way this week offering relocation assistance.
>
> Let's see what we can do together.
>
> I will call you tomorrow to touch base and share thoughts.
>
> Thanks very much.
> Bryan Kim

12. On Tuesday, March 22 at 5:49 p.m. Aram Taslagyan replied (see Exhibit 9, page 48):

> Hi Bryan
>
> Nice to see you as well.
>
> I'll make sure both marathon and Monroe are posted as well next time
>
> Best

---

[6] Lineation adjusted from original email.

13. On Tuesday, March 22 at 11:21 p.m. Bryan Kim replied (see Exhibit 9, page 48):

> Hi Aram,
>
> Appreciate it, thank you very much. Happy to help, will share insight tomorrow.
>
> Fyi As there is a property inspection this Friday,[7] if we can do what ever it takes for a removal this Thursday[8] on Marathon and Vermont. Attached is a pic on Marathon.
>
> This is very important we work towards a resolve as timing is key.
>
> With kind regards,
> Bryan Kim

14. On Wednesday, March 23 at 9:48 a.m. Bryan Kim emailed Aram Taslagyan (see Exhibit 10, page 52), stating:

> Good morning, Aram,
>
> Just to share an update from this morning.
>
> The concentration of homeless tents have diminished and it looks like it spread out on North end of Marathon.
>
> . . .

15. On Wednesday, March 23, 2016 at 11:59 a.m. Aram Taslagyan emailed Bryan Kim (Exhibit 11, page 54):

> Hi Bryan,
>
> It's all clean now. We will continue to monitor the area, as will LAPD.
>
> Please let me know if it starts up again at any level.

5 Conclusions

16. The City of Los Angeles has an official process for cleaning up homeless encampments that takes a theoretical minimum of 24 hours to carry out (Paragraphs 6, 7). The staff of CD13 understands the details of this process (Paragraph 5).

---

[7] March 25, 2016.

[8] March 24, 2016.

17. On or before March 8, 2016, Bryan Kim began discussions with CD13 field deputy Aram Taslagyan about cleaning up homeless encampments on N. Vermont Avenue (Paragraphs 8, 9). It took until March 22, 2016 for Taslagyan to arrange this cleanup. The process involved dozens of emails among Taslagyan and various LA Sanitation employees (Paragraph 10).

18. On the afternoon of March 22, after the policy-compliant cleanup took place, Kim told Taslagyan that the homeless people had moved around the corner to (an unposted area on) Marathon Street (Paragraph 11). Taslagyan's reply implies that there was nothing to be done at that time but in the future they would post notice of cleanup on Marathon Street to prevent this from happening again (Paragraph 12). This is a tacit acknowledgement that it was not within policy to clean up the relocated encampment on Marathon Street without beginning the lengthy process over again.

19. Late on the night of Tuesday, March 22, 2016, Kim told Taslagyan that it was extremely important to him that the relocated encampment on Marathon Street be cleaned up before Friday, March 25, as he had an impending property inspection (Paragraph 13). Thus the cleanup of the relocated encampment on Marathon Street would constitute a private benefit for Kim.

20. At 9:48 a.m. on Wednesday, March 23, according to Kim, the homeless encampment was still present on Marathon (Paragraph 14). At 11:59 a.m. on Wednesday, Taslagyan told Kim "[i]t's all clean now." (Paragraph 15). Since it is not possible to arrange a policy-compliant encampment cleanup in fewer than 24 hours, this cleanup was in violation of City policy. Thus Taslagyan misused his position to arrange it.

21. Thus Aram Taslagyan intentionally (Paragraph 18) misused (Paragraph 20) his position to create a private advantage (Paragraph 19) for Bryan Kim. This constitutes a violation of LAMC 49.5.5(A) (Paragraph 4).

6 Requested action

22. I ask the City Ethics Commission to investigate whether these actions constitute a violation of LAMC §49.5.5(A) on the part of Aram Taslagyan and, if they do, to see that he's held responsible for his actions.

7 Other considerations

23. On March 9, 2016, at the beginning of the episode described here, Bryan Kim asked Aram Taslagyan and Sean Starkey to set up a meeting with him, Mitch O'Farrell, and "another party to see what we can contribute and help to work together" (see Exhibit 12, page 56). It seems likely from subsequent emails that this other party was Lawrence Han (see e.g. email in same chain dated March 17 cc-ed to Han, Exhibit 13, page 58). On Friday, March 25, after the episode described here, Kim arranged for a

lunch with him, Aram Taslagyan, and Lawrence Han (see Exhibit 14, page 60). This lunch took place on March 29 from 12:30 p.m. to 1:30 p.m. (see Exhibit 15, page 62).

24. At 3 p.m. on March 29, after the lunch with Taslagyan and Han, Bryan Kim emailed Aram Taslagyan, stating: "FYI we would like to also give a contribution to your office to support your helpful services. Is there anything we should know about? (See Exhibit 16, page 64). The fact that Kim made this offer after a lunch at which Lawrence Han was present in conjunction with the fact that Kim was discussing Han in the context of contributions on March 9 make it at least plausible that Kim and Han were offering money in exchange for encampment cleanup. Taslagyan passed the issue off to Jeanne Min, Mitch O'Farrell's chief of staff, telling Kim: "I am copying our chief of staff, Jeanne Min, who is better suited to answer your question." (See Exhibit 16, page 64). Kim subsequently asked Min if she had time for a phone call and Min said that she was happy to and that she would be in touch (Exhibit 16, page 64).

25. I don't have any more evidence relating to campaign contributions and this whole episode, and if there is more evidence, it's not likely to be part of the public record and is therefore beyond my investigative reach. It's possibly not beyond the reach of the CEC, though, which is why I'm bringing it to your attention.

Mr. Kim,

Sorry the call was disconnect.

Attached is a PDF on how the city currently is addressing a Homeless Encampment.

Currently the City Council is working on legislation that will help alleviate the problem. Municipal Code 56.11 is what the Council is currently working on. I have attached a little about the Code. Once it become law it will help us in permanently reducing the problem.

8.2 Exhibit 2 – Department of Sanitation Standard Operating Procedure for Cleaning Homeless Encampments

INTRODUCTION

The City of Los Angeles is responsible for the maintenance of sidewalks and other public areas owned, managed or maintained by the City. These public areas must remain safe, clean, sanitary and accessible for public use by all individuals. To promote general public health and safety of all public areas, while balancing the needs of the City's population, at all levels, the City recently made amendments to the City of Los Angeles Municipal Code (LAMC) 56.11 to regulate any personal property disposed, left or stored in public areas.

These protocols outline the operating guidelines, designation of tasks, and scope of work for regulating the storage of personal property in public areas and the allowance for the impoundment of such property, after the provision of notice, as provided for in LAMC 56.11.

BACKGROUND

LAMC 56.11 regulates storage of property on the City's public right-of-way, defined by LAMC 56.11 as including sidewalks, alleys, and streets. The Ordinance's Declaration of Legislative Intent states, in part, that the unauthorized use of public areas for the storage of personal property interferes with the rights of other members of the public to use public areas for their intended purposes and can create a public health or safety hazard that adversely affects residential and commercial areas. The purpose of LAMC 56.11 is to maintain public areas in clean, sanitary and accessible condition for all.

DESIGNATED ADMINISTRATIVE AGENCY, LAMC 56.11.11

Los Angeles Sanitation (LASAN) serves as the Designated Administrative Agency ("DAA") under the ordinance. The DAA shall promulgate rules, protocols and procedures for the implementation and enforcement of this ordinance, consistent with the provisions herein. The DAA is authorized to make administrative and ministerial revisions to these protocols, and/or forms and posting notices as needed to address unanticipated scenarios or any amendments to LAMC 56.11 or applicable codes or statutes.

CITY ATTORNEY REVIEW

The City Attorney's Office has reviewed the following LAMC 56.11 protocols for conformity with the Ordinance and subsequent amendments.

PROCEDURE #2 – Homeless Encampment Clean-up Authorization

Upon data entry, a Homeless Encampment clean-up authorization number is created and assigned to the designated location. The following process must be completed in order for full approval of the authorization to commence the clean-up operation.

LEAD DEPARTMENT: LASAN
PRIMARY SUPPORT: LAHSA or OHSP
SECONDARY SUPPORT: LAPD, BSS, GSD, LADOT, RAP

Homeless Encampment Clean-up Authorization Protocol

Step #1 – **REFERRAL:** LASAN will initiate the Homeless Encampment clean-up authorization process by verifying the encampment and its location including City owned, managed, or maintained property, and by taking photographic evidence of the location. LASAN will then submit the information into a Homeless Encampment data management system. The required information fields consist of, but are not limited to the following:

1. Address and/or cross street locations of the homeless encampment (or closest address);
2. Description of the encampment(s), including photographs of the encampment;
3. Additional location description (i.e. alley, under bridge, on overpass, etc.);
4. Date location visited /assessed.

Step #2 – **LAHSA AUTHORIZATION**: Outreach to the homeless individuals in the area will be conducted by the Los Angeles Homeless Services Authority (LAHSA) or Other Homeless Service Provider (OHSP) to inform the homeless residents of the upcoming clean-up efforts and the requirement to relocate both themselves and their possessions from the clean-up areas prior to the clean-up date/time. During these visits, LAHSA or the OHSP shall offer available assistance and social services to the homeless in the designated area. Upon completion of the visits, LAHSA will sign off on the authorization.

Step #3 – **LASAN – CHIEF ECO Authorization**: Once LAHSA or OHSP has signed off, the authorization shall be reviewed and approved by the LASAN —Chief Environmental Officer, or his/her designee.

Step #4 – **BOARD OF PUBLIC WORKS AUTHORIZATION**: The President of the Board of Public Works or designated commissioner shall review and approve the clean-up. The authorization is valid for up to 90 days from BPW approval or through completion of the clean-up at the location, whichever comes first.

Step #5 – **HOMELESS ENCAMPMENT CLEAN-UP SCHEDULING**: LASAN shall program and schedule encampment clean-ups.

Step #6 – **NOTICING**: As required in Procedure #3, a notice will be posted at the clean-up location a minimum of 24 hours in advance of the clean-up date/time (See Appendix 1). The posted notice shall be photographed by LASAN to document the notification of the pending clean-up. The Notice shall be valid for only 72 hours from posting. If the encampment clean-up cannot commence within 72 hours from posting, then a new posting must re-occur before the clean-up may commence.

Step #7 – **DOCUMENTATION**: The Designated LASAN Employee overseeing the clean-up shall document the clean-up, health hazard assessments and impounded property.

Dear Aram,

Hope your having a good week.

Thanks for your voicemail, I tried to call you and left a message.

I also appreciate next Tuesday as being a planned date for making a cleaning round on Vermont and Monroe. I'll await to hear back on the final word and may be there with you.

As for status touch points..
How about we schedule 1st and 3rd Mondays 11-11:30am starting 10/21 to collaborate and share updates, joint status and proposed next steps. Others may join or I may represent their updates.

Hi Renee,

We want to go to these locations in this order. I have placed the 5th location there if they have time to do it on that day.

1) 4949 Vermont Place @ Vermont Ave
2) 700 N Vermont Ave @ Marathon Ave
3) 3445 John St @ Hoover St
4) 300 N Juanita Ave @ Oakwood Ave
5) 1820 N Argyle Ave @ Franklin Ave

Can you confirm as soon as possible?

Thanks!

Renee

A couple of the tents that were on The 700 block of Vermont Ave have moved just on the other side of the corner of Vermont and Monroe to the Monroe side. Do we need a new authorization for these? They are essentially a continuation of the Vermor

Hi Renee

Are you saying 4640 Vermont Place was cleaned on March 12?
I don't remember that. Unless it was done during CD4 cleanup, but
This location is not necessarily very close to our border.
Was that the case?

Also, can we get it reauthorized?

Also there's no 4640 N Vermont Ave on the map.
There is a 4640 Vermont Place and that is near the Vermont Ave intersection
And is parallel to Lexington, one block south of it.

Hi Renee

I just noticed that there is a mistake with 701 Vermont. 701 Vermont @ 7th Street should be south Vermont, not north and that's outside of our district. That makes sense because we don't have encampments at 701 N Vermont.

Same goes for 776 Vermont @ 8th Street. Should be south and outside CD13.

The correct ones are 700 N Vermont @ Marathon and 760 N Vermont @ Monroe. But these 2 are essentially 1 very long row of encampments.

You also mentioned 3445 John St has expired. Does that mean we won't be able to get to that on Tuesday? If so, then we will most likely have enough time for 300 N Juanita, I think.

Can you advise on all of these points?

Thank you!

Hi Renee and Blad,

Can you let me know what the final, final encampments list is. I'm still unclear whether John St is going to be cleaned or not.

Thank you

Can you send again the list of locations that will be cleaned on Tuesday. Please exclude 701 and 776 Vermont because it makes it appear that there are 4 separate locations when in reality it's only one and those 2 are not even in our district.

I need to have this list so I can send it over to LAPD today.

Hi Aram,

I remember us speaking about 776 you thought it should be South right? I looks like LAHSA processed this under your name. Basically #'s 2, 3 & 4 are all one location but I do have to POST and list all authorizations, so we close all the calls. I will add the note to let them know this is all a one block radius from 7th - 8th on N Vermont.

This one includes the note:

CD 13

1. **Authorization #: 2015-00991** 4640 Vermont Place @ Vermont Ave *(Sidewalk/Parkway on a dead end street, near the Vermont Ave Intersection)*
2. **Authorization #: 2016-00310** 700 N Vermont Ave @ Marathon Ave *(Sidewalk/Street both sides of the street)*
3. **Authorization # 2016-00330** 760 N VERMONT AV @ MONROE ST *(Sidewalk/Parkway/Street entire block on both sides of the street)*
4. **Authorization # 2016-00331** 776 N VERMONT AV @ 8th St *(Sidewalk/Street entire block on both sides of the street)*
5. **Authorization # 2016-00150** 300 N Juanita Ave @ Oakwood Ave *(Sidewalk/Street entire block on both sides of the street) (This is a large encampment may need to be scheduled alone)*
6. **Authorization # 2015-01074** 1620 N Argyle Ave @ Franklin Ave *(Sidewalk)*

Note: #'s 2, 3 & 4 are all one location the 700 – 800 N block of Vermont Ave, I am Posting the entire block on both sides of the street.

Aram,

Good to see you briefly today.

Vermont is cleared but they all
moved to Marathon St.

If we can work together to
relocate them off Marathon
St. that would be great. As tenants
have made complaints and
neighboring groups are gravely concerned.

LAPD had two open incident requests
under same ticket and should be
visiting by tomorrow.

Further, the la housing authority
emergency evacuation group
said they will be making way
this week offering relocation
assistance.

Let's see what we can do together.

I will call you tomorrow to
touch base and share thoughts.

Thanks very much.

Hi Aram,

Appreciate it, thank you very much. Happy to help, will share insight tomorrow.

Fyi
As there is a property inspection
this Friday, if we can do what
ever it takes for a removal this
Thursday on Marathon and Vermont. Attached is a pic on Marathon.

This is very important we work
towards a resolve as timing is key.

With kind regards,
Bryan Kim

Good morning Aram,

Just to share an update from this morning.

The concentration of homeless tents have diminished and looks like it spread out on North end of Marathon.

Lapd was called again this morning as one was urinating on sidewalk facing lot 1 and there was a shopping cart blocking sidewalk passage way. They should be arriving before 10.30am to survey.

Case #1328

Can they put signs on Marathon and Vermont to redirect them? Further,
I am still exploring a viable shelter option. Many do not have space available.

I will advise any notable updates.

Thanks very much.
Bryan Kim

Hi Bryan,

It's all clean now. We will continue to monitor the area, as will LAPD.

Please let me know if it starts up again at any level.

Best,

Dear Aram,

Hope your having a good week.

Thanks for your voicemail, I tried to call you and left a message.

I also appreciate next Tuesday as being a planned date for making a cleaning round on Vermont and Monroe. I'll await to hear back on the final word and may be there with you.

As for status touch points..
How about we schedule 1st and 3rd Mondays 11-11:30am starting 10/21 to collaborate and share updates, joint status and proposed next steps. Others may join or I may represent their updates.

68	I'm trying to determine how far in advance of a HE clean-up CD13 is aware of the date it is going to be cleaned up. As you can see from the attached email, on Thursday January 7, 2016, Juan Fregoso is discussing clean-ups scheduled for Wednesday January 13, 2016. This suggests that in some circumstances CD13 is aware of HE clean-up dates six days in advance. I would like to see enough records to allow me to understand the normal range of CD13's advance knowledge. In particular, this should include all emails or other communications between anyone and Juan Fregoso which resulted in his knowing on January 7 about HE clean-ups scheduled for January 13. If whatever course of events occurred for that incident is no longer standard, can you please also let me see corresponding records for the most recent instance of CD13 becoming aware of the actual scheduled dates of an HE clean-up? Good morning, Dan.

I'd like to look at all emails from January 1, 2016 through whenever you comply with this request that meet any of the following criteria:

1. Are to/from/cc/bcc LAPD Officer Paul Hendry and anyone at CD13, including your boss.

2. Are in the possession of anyone at CD13 and mention Paul Hendry but are not otherwise included in the first criterion. I think likely search terms here are "hendry" and "32276", but perhaps you can suggest some additional ones.

Thanks,

Adrian

Good evening, Dan.

I'd like to take a look at a copy of your boss's remarks at the ground-breaking ceremony for the Meridian Apartments on Vermont Avenue just south of Beverly on February 11, 2016. Also if you all have any publicity materials, photos, recordings either audio or video, press releases, stuff like that associated with that event, I'd also like to take a look at that stuff. Or to obtain copies in native electronic formats if that's easier.

Thanks,

Adrian

Good evening, Dan.

I'd like to take a look at a copy of your boss's remarks at the ground-breaking ceremony for the Meridian Apartments on Vermont Avenue just south of Beverly on February 11, 2016. Also if you all have any publicity materials, photos, recordings either audio or video, press releases, stuff like that associated with that event, I'd also like to take a look at that stuff. Or to obtain copies in native electronic formats if that's easier.

Thanks,

Adrian

Good morning, Dan.

I'd like to look at all emails from January 1, 2016 through whenever you comply with this request that meet any of the following criteria:

1. Are to/from/cc/bcc LAPD Officer Paul Hendry and anyone at CD13, including your boss.

2. Are in the possession of anyone at CD13 and mention Paul Hendry but are not otherwise included in the first criterion. I think likely search terms here are "hendry" and "32276", but perhaps you can suggest some additional ones.

Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to six encampments on the LA San schedule for CD13, from 1/1/16 through 9/20/16.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before October 22, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Good evening, Dan.

An officer at one of these encampments this morning told me that they'd cleaned it up a number of times over the last year or so. Thus it occurred to me that something similar was probably true for the others, so I'd better limit this request by time. Can we make it from July 1, 2016 through September 20, 2016 for all six of them?

Thanks for all your help,

Adrian

Good morning, CM O'Farrell.

Your office has recently stopped complying with my public records act requests. I'm writing to urge you to reverse this policy.

As you may know, I use the information I gather from these requests to investigate violations of City ethics laws and other laws affecting government conduct. In 2016 alone I've used material from your office to support complaints with the City Ethics Commission regarding unregistered lobbying, violations of the revolving door ordinance, and violations involving misuse of City position. I've also used information from CD13 in complaints to City and state agencies involving numerous violations of the Business and Professions Code and other laws by the HPOA, and in gathering evidence relating to the violation of CPRA by the HPOA, the Media District BID, and other local agencies.

For instance, your office has provided me with evidence that Rodriguez Strategies, your present employee Juan Fregoso (previously employed by Rodriguez strategies as an unregistered lobbyist), your partners at HPOA and CCALA, including Kerry Morrison and Carol Schatz, the HPOA and CHC themselves, engaged in a number of violations of lobbying registration laws with respect to last year's activity on sidewalk vending.
Rodriguez Strategies has been heavily involved in lobbying the City about soda taxes for the last couple years. Thus, e.g., the fact that

your staff member David Giron has spent the last four months delaying my request for information about CD13's relations with Rodriguez Strategies with respect to soda taxation creates an appearance that you all are covering up something, if not your own or your staff's bad actions, then at least Rodriguez Strategies' failure to register as required by law. That Juan Fregoso was previously employed by Matt Rodriguez makes this appearance, whether or not it is accurate, even more plausible.

Another example of the intransigence of your office with respect to CPRA requests creating an appearance of impropriety has to do with out-of-process homeless encampment cleanups. Using information I obtained from you via CPRA, along with information I obtained from a number of other City agencies, I was able to put together a case against your staff member Aram Taslagyan for violating LAMC 49.5.5(A) with respect to encampment cleanup.

It seems likely that a similar case can be made against Marisol Rodriguez, and I have substantial but partial evidence from BSS and LASAN. However, without the additional material presently being embargoed by your staff in violation of CPRA I am unable to complete my investigation. In this case too your office's refusal to abide by CPRA-required duties creates a plausible appearance of impropriety.

There are numerous other examples along these same lines. These include ongoing unregistered lobbying by your campaign contributor Kerry Morrison and other HPOA staff with respect to homeless issues, tree-trimming issues, and a number of other things, violations of CPRA by the HPOA, evidence of which CD13 refuses to release in response to my CPRA requests, post-employment restriction violations by Lisa Schechter involving motions introduced by you, post-employment restriction violations by your former staff member Marie Rumsey, and so on.

As I said, I don't know whether or not it's your intention to cover up evidence of wrongdoing by your friends, campaign contributors, and present and former employees by failing to comply with your duties under CPRA. However, your actions not only have the effect of covering up evidence, but they create a strong appearance that you actually intend to do so. As I'm sure you're aware, this is not a particularly appropriate moment in our City's political history for politicians to appear to violate laws in order to help their campaign contributors evade scrutiny and bypass City requirements and prohibitions.

I assume that you have consulted with the City Attorney before taking this new hard-line stance on my CPRA requests. That is, of course, as it should be, and following the City Attorney's advice will certainly insulate you and your staff from some of the repercussions of your violations. However, it's possible that you're exposing yourself and your staff to other liabilities that may not have occurred to you or your advisors.

For instance, if you all are violating CPRA on purpose, e.g. because you were advised that there are no potential consequences for doing so other than exposing the City to the (fairly minimal) risk of a writ petition, you and/or your staff may be in violation of Government Code section 1222, which seems at least prima facie, to make intentionally violating CPRA into a misdemeanor.

Surely no amount of advice-following will insulate you or your staff from criminal liability. Also, I hope you will consider the fact that with respect to criminal violations, members of your staff are not absolved of individual liability because they are following your instructions or the advice of the City Attorney. It doesn't seem very responsible of you to endanger your staff's present and future well-being by ordering or allowing them to violate CPRA intentionally.

Even if this (fairly novel, I admit) theory about GC 1222 doesn't pan out, it is still the case that you are exposing yourself, your staff, and the City to action under the California Code of Civil Procedure section 526a, which allows for injunctions against individuals in City government in CPRA cases. Also, of course, there are the usual writ petitions for CPRA compliance, the risk of which you all have evidently already decided is acceptable. Also, the fact that CD13 continues to comply with CPRA requests from people other than me may constitute violations of LAMC 49.5.5(A).

I actually do understand why you and your staff may personally not want to comply with my CPRA requests. In some sense the information I've obtained and published doesn't always reflect well on you, on your staff, on your campaign donors and your personal friends and associates. But I'm asking you to rise above personal considerations and remember that, in addition to your other responsibilities, you are a custodian of the public records in the possession of your office. You hold those records in trust for the public irrespective of your own private goals and motivations. Your compliance with the law, the state constitution, and your adherence to your oath of office, in which you swore to or affirmed your duty to support all of these, whether or not it's in your immediate interest, will in fact reflect more positively on you in the long run than any short run disadvantage that may accrue to you from material you release.

In any case, I hope that you will reconsider your ill-advised decision to stop complying with CPRA. It's illegal, immoral, short-sighted, and petty. Once upon a time CD13 had a perfectly civilized workable system for dealing with my requests. I hope that we can go back to working together for our City's benefit as we have been able to do so successfully and amiably in the past.

Thanks for your prompt attention to this matter,

Adrian Riskin

P.s. I'm attaching a few of the complaints I mentioned so you can see the kind of investigations that you and your staff are obstructing.

Report to the Los Angeles City Ethics Commission on violations of the revolving door ordinance by Marie Rumsey

1 The Law

1. Section 49.5.2.A of the Los Angeles Municipal Code states that:

   A. "Agency" means the City of Los Angeles or any City department, bureau, office, board, commission, or entity required to adopt a conflict of interests code subject to City Council approval. With respect to employees of a City Council member's staff and employees of the Chief Legislative Analyst's office, "agency" means the City Council.

2. Section 49.5.13.C of the Los Angeles Municipal Code states that:

   The following time-based restrictions on lobbying activities apply to former City officials.

   1. For one year after leaving City service, a City official shall not receive compensation to attempt to influence, either personally or through an agent, City action on any matter pending before any agency on behalf of a person other than an agency if, during the 24 months preceding the official's departure from City service, the official held any of the following positions: ... Council Aide VII.

   2. For one year after leaving City service, all other former City officials shall not receive compensation to attempt to influence, either personally or through an agent, City action on any matter pending before an agency in which the City official served during the 24 months preceding the official's departure from City service on behalf of a person other than an agency. Serving an agency means being directly employed by or being assigned or on loan to that agency.

2 The Facts

3. According to current Council District 13 field deputy Dan Halden, Marie Rumsey was employed by Council District 13 as a Council Aide VII through December, 2014. See Appendix 1 (p.3).

4. Marie Rumsey submitted a speaker card at the Los Angeles City Council Meeting on June 16, 2015 to speak on Council File 14-1656 on homeless people's property. This card identified her as a representative of the Central City Association. See Appendix 2 (p.5).

5. Marie Rumsey spoke at a meeting held by the Los Angeles Chief Legislative Analyst on June 25, 2015 for the purpose of gathering public opinion on Council File 13-1493 on street vending. At that time she stated that she was representing the Central City Association and the Downtown Center Business Improvement District. A transcription of her remarks can be found in Appendix 3 (p.7).

6. Marie Rumsey submitted a speaker card at the City Council's Economic Development Committee meeting on October 27, 2015 to speak on Council File 13-1493 on street vending. This card identified her as a representative of the Central City Association. See Appendix 4 (p.9).

7. Throughout 2015 Marie Rumsey was employed as a registered lobbyist by the Central City Association. See Appendices 5 and 6 (pp.11, 13).

3 Conclusions

8. On at least three occasions in 2015 within a year of being employed as a Council Aide VII (see paragraph 3), Marie Rumsey attempted to influence City action on at least two pending Council files (see paragraphs 4, 5, and 6 above), and was compensated for these efforts by the Central City Association (see paragraph 7). These actions constitute violations of §49.5.13.C.1 of the Los Angeles Municipal Code.

9. The agency Ms. Rumsey attempted to influence on these three occasions was the City Council, an agency for which she had served in the 24 months preceding her actions. Thus these actions also constitute violations of §49.5.13.C.2 of the LAMC.

4.3 Appendix 3

This is a transcript of Marie Rumsey's comments at the June 25, 2015 meeting on street vending held by the Chief Legislative Analyst's office. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Ms. Rumsey's comments begin at 49:38

Hi, good evening, my name is Marie Rumsey and I'm here on behalf of the Central City Association and the Downtown Center Business Improvement District. CCA represents approximately 350 businesses and the Downtown Center BID represents approximately 1700 property owners, and together we are proud members of the Coalition to Save Small Business. At the last community meeting on June 18th, the office of the Chief Legislative Analyst presented three models regarding a sidewalk vending program. Model one maintains the status quo while increasing enforcement, penalties, and fines. Model two is based on the City Council adopting a sidewalk vending program. Model three is community-driven and asks community members to develop a sidewalk vending program. None of these models take into account the broad policy considerations to establish a sidewalk vending program. We recommend that the City review the existing special sidewalk vending program and determine what works and what does not work. Communities should be able to opt out of the sidewalk vending district if they choose to do so, and communities should be able to determine how many vendors are appropriate for their neighborhood. There should also be a mechanism to determine what kind of goods are sold and protections for local businesses. Existing brick-and-mortar establishments should have the ability to approve if a vendor can set up in front of their business and vendors must have liability insurance to indemnify property owners. These components, along with enforcement, are essential to a successful sidewalk vending program. Thank you very much.

- 5.4 Appendix 4 – CD4 staffer Nikki Ezhari email 22
- 5.5 Appendix 5 – Lisa Schechter resume 24

1 Background

1. The Hollywood Media District Business Improvement District ("Media District") is a Business Improvement District ("BID") in the City of Los Angeles ("City"). The Media District is in Council Districts 4 and 13. The Media District hired Lisa Schechter as its executive director in the Fall of 2015. Laurie Goldman is the president of the Media District Board of Directors. Dan Halden is Councilmember Mitch O'Farrell's Hollywood Field Deputy.

2 Facts

2. Lisa Schechter was employed by former Councilmember Tom LaBonge as a deputy chief of staff at the rank of Council Aide VII until he left office on June 30, 2015.[1]

3. On November 5, 2015, Laurie Goldman and Lisa Schechter met with Dan Halden. Halden's notes from this meeting can be found in Appendix 1 (page 7).

2.1 BID expansion

4. One of the topics discussed at that meeting was the expansion of the Media District BID's boundaries (Halden's item 1). The boundaries of BIDs in Los Angeles are set by ordinance and so changes in them require Council action. That Schechter and Goldman asked Halden to ask O'Farrell to bring this matter to the Council is strongly suggested by Halden's note on the matter, reading "MOTION ask MOF."

5. That Schechter and Goldman had the goal of instigating Council action on this matter is further suggested by an item in the Media District Board of Directors minutes from November 19, 2015 (Appendix 2, page 10, page 8 in the internal document numbering, item IX) describing this meeting. Regarding BID expansion the minutes say that

> Goldman spoke about the possibility of increases the BID's boundaries to the east side of Vine from Santa Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID. Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to increase the BID's boundaries on Vine.

6. That Schechter continued to advocate for this issue is suggested by the next sentence in the description: "Schechter will follow up with O'Farrell staff on this matter and process."[2]

---

[1] Ron Galperin sent me a spreadsheet with the names of all 2015 Council Aides VI and VII. I'm not including it here for the sake of space.

[2] I have not been able to find evidence that Schechter did "follow up with O'Farrell staff" about this. The Media District has been completely unresponsive to my requests under the Public Records Act for Schechter's emails from this period. It's probable that they'll respond more promptly to a request from CEC if you all think it's worth checking out.

2.2 Relinquishment of Santa Monica Blvd.

7. This is an issue that the Media District has been working on without success for a number of years. I don't understand it well enough to explain it, but evidently Schechter, Goldman, and Halden discussed a Council resolution as a way through the current impasse, as reflected in Item 2 of Halden's notes: "Resolution — do it anyway."

2.3 Oversized vehicles

8. The Media District has been trying unsuccessfully for a long time to ban or otherwise regulate recreational vehicle parking within its boundaries. Again, Schechter, Goldman, and Halden discussed it at their meeting, and Halden's note (Item 3) says "Resolution — MAP," supporting the idea that Schechter and Goldman discussed him talking to Mitch O'Farrell about initiating Council action on this matter.

9. On December 3, 2015, Schechter emailed Yena Ji, who is the scheduler for CD4 Councilmember David Ryu, asking for an appointment to discuss oversized vehicles in the Media District. See Appendix 3 (page 14, specifically pages 5 and 6 in the internal document numbering). While she does not say in that email that she or her Board of Directors are seeking Council action, given Dan Halden's note there's at least probable cause to believe that she was looking for support for the Council resolution she'd discussed with Halden.

10. That Schechter was asking for Council action on this is also supported by a comment that CD4 field deputy Nikki Ezhari made to her colleague Catherine Landers about Schechter's request for a meeting: "I've already spoken to her about this, she worked policy for Tom and knows better." (See Appendix 4, page 22). Again, I can't prove that this refers to an attempt to influence Council action, but it's not unlikely in context.

3 Conclusions

11. On at least one occasion in 2015 within a year of being employed as a Council Aide VII, Lisa Schechter attempted to influence City action on at least three pending Council matters, and was compensated for these efforts by her employer, the Media District BID. These actions constitute violations of §49.5.13.C.1 of the Los Angeles Municipal Code.

12. The agency Ms. Schechter attempted to influence was the City Council, an agency for which she had served in the 24 months preceding her actions. Thus these actions also constitute violations of §49.5.13.C.2 of the LAMC.

4 Criminal prosecution is appropriate

13. I hope that the CEC will consider a criminal prosecution of Lisa Schechter under §49.5.16.A of the LAMC. There's no question that Schechter, who worked in City government at high levels for almost seven years[3] prior to going to work for the Media District, ought to have been aware of the laws she was violating. In fact, according to her resume (Appendix 5, page 24), her responsibilities when she was working for Tom LaBonge included being "[k]nowledgeable of City operations, rules, procedures, and requirements" as well as maintaining a "[t]horough understanding of ... the requirements of the City Charter and Codes."

5.2 Appendix 2 – Media District BID Board minutes from November 19, 2015

Hollywood Media District BID
Board of Director's Meeting Minutes – Meeting held on November 19, 2015
Musician's Union Auditorium, 817 N. Vine St., Hollywood CA

Board Members Present: Anabel, Bass, Cassella, Costello, Goldman, Groeper, Howard, Lee, Loverro, Luster, Malick, Varet

Board Members Absent: Ankney, Hart, Massachi, Parker, Singer, Wolfson

Staff and Guests Present: Demson, Irigoyen, Omahen, Poveda, Romano, Schechter

I. Call to Order – Mallick called meeting to order at 3:40pm

II. Introductions and Public Comments – Martha Demson with The Open Fist Theatre Company introduced herself to the Board of Directors. She wanted to let the Board know about their new proposed small performing arts theatre on 837 Cahuenga. The owners went in front of the Planning Commission in early November and are awaiting their Letter of Determination for their project (theaters, roof top patio, and ground floor café). Ms. Demson has requested to be placed on the December agenda to request a Letter of Support for their project. She further stated that they are going to be a staunch neighborhood partner for the BID.

III. Approval of Meeting Minutes

Minutes of 10.22.15 Board of Directors meeting read and reviewed by Board. **Goldman made a motion to accept and approve the minutes. Groeper seconded the motion. Cassella abstain due to absence of last meeting.**

IV. Nominations/Election Committee Report

a. **Slate of Nominees, 2016 Board of Directors** - The Nominatee Committee met November 5th, 2015 at the Musician Union. There were 8 seats open and 8 applicants. **Goldman made a motion to approve the Slate and Cassella seconded. The motion carried unanimously.**

V. Treasurer's Report

a. **3rd Quarter Report, Balance Sheet, Profit & Loss Report** – were attached to the agenda package for all Board members review. Goldman stated that the current bank balance in BID III Money Market is $323, 266.38.

b. **2016 Annual Planning Report** – The Annual Planning Report is a requirement under the BID contract with the City. This report details the upcoming fiscal year (2016) for which Assessments are to be levied and collected. The total proposed budget for fiscal year 2016 is $1,203,797. There was an increase in Cleaning (additional cleaning) as well as Administration (Executive Director's salary). **Groeper made a motion to approve the 2016 Annual Planning Report and Goldman seconded. The motion carried unanimously.**

c. **HMD CPA will attend Feb. 25th, 2016 Board of Director's Meeting** - Goldman confirmed that GTL, CPA will be at our Board Meeting to discuss the 2015 year end financial statement of the BID.

VI. Executive Director's Update

a. **Theatre Row Medallions, Caltrans Permit Fee** - Schechter stated that she has been working with CALTRANS on the Medallion Encroachment Permit Fee. As the design currently stand, CALTRANS stated to submit the Application along with a fee not to exceed $1,000.00. Schechter is further working with Valerie Mitchell (Artist) on re-stamping engineering drawings, fabrication costs and installation costs. Schechter will be able to submit the Encroachment Application as soon as the Structural Engineer re-stamps working drawings. Schechter is requesting not to exceed amount of $1,000 for Caltrans permit. **Groeper made a motion to approve an expense of not to exceed $1,000 to Caltrans for Encroachment Permit and Cassella seconded. The motion carried unanimously.**

b. Security Vehicle Honda Element - Per Clean and Safe Committee
Action: The Committee decided not to move forward with replacing the Honda Element at the present time; however this could change as the vehicle's mileage increases to 120,000. Action: Goldman made a motion to approve an expense not to exceed $1,500.00 to have the Element repaired at Friendly's Automotive by year-end. Cassella seconded the motion. The motion carried unanimously.

c. Clean Team Shirts – Per Clean and Safe Committee
Action: Goldman made a motion to approve an expense not to exceed $1100.00 for the purchase 45 new Clean Team shirts. Loverro seconded the motion. The motion carried unanimously. Further Anabel stated he might have a better contact and will obtain prices - if his quote is less expensive then we will go with his vendor. Staff will send Anabel an email with spreadsheet along with specifications so he is able to obtain a bid.

VII. **UPS Patrol Report:** Captain Irigoyen stated that the Month of October was relatively quiet as opposed to other months. The Honda Element was repaired at Friendly's so the vehicle is not shaking any more. Recently there was a stabbing this week at Hollywood Boulevard. They are gearing up for the Hollywood Parade on Sunday November 29th and expect it to pick up.

a. **Employee of the Month Presentation – Patrol Officer Michael Poveda**
The Board, Universal Protection Services, and the 13th Council Office recognized Patrol Officer Poveda for his dedication and service to the Hollywood Media District BID. Patrol Officer Poveda was presented a Certificate from the City, gift card of $50.00 from the Board, as well as movie tickets from Universal Protection Services. A photo was taken to memorialize the event.

VIII. LABT Report - Romano verbally reported the following activities for the month of October 2016: 1,458 bags of trash picked up and removed, 140 items removed from the public right of way, and 3,596 square feet of graffiti painted out. Graffiti continues to remain high in the area. Over the last two weeks, the irrigation on the medians have been repaired however other problems with the irrigation have been uncovered. Jeff has completed the median irrigation repairs on Highland Avenue. Romano will be working on various reports that the Clean and Safe Committee has requested: Revised budget on how to allocate the 2016 budget in the amount $250,000; cost estimate sand recommendations on painting out green metal BID trash cans, update on mesh trash receptacles, and new request for ponchos (rainy season).

IX. New Business - Goldman stated that she and Schechter met with Council District 13's representative, Dan Halden, to discuss on going issues in the BID District. Goldman spoke about the possibility of increases the BID's boundaries to the east side of Vine from Santa Monica to Melrose. Councilmember O'Farrell is very interested in this expansion of the BID. Goldman indicated that the first step is to have CM O'Farrell introduce a Resolution to increase the BID's boundaries on Vine. Schechter will follow up with O'Farrell staff on this matter and process.

X. Adjournment – 4:25pm Mallick stated that the next Board Meeting and Holiday Dinner will be on Tuesday December 15th at 5pm at Grub Restaurant 911 Seward Street, Hollywood, CA 90038.

While there are some restrictions in force there has been a tremendous serge of motor homeless vehicles within the business improvement district. There has been little to no enforcement of these vehicles. Tenants along with management have reported these vehicles DOT for enforcement without any action. We are requesting the Councilmember's support and assistance in coming up with a viable enforcement plan. These individuals are extremely aggressive and have taken over the public right of ways with cones, chairs, generators, and even laundry. On occasions when I have physically stopped Parking Enforcement on the street they have stated that they are

on their street sweeping routes - they are not marking for 72 hours. Even then the RV's move ever so slightly to negate the traffic officers chalk marks.

At your earliest opportunity, please provide two dates in which the Councilmenber and DOT will be able to meeting with our Board members prior to year end. It would be very educational for the Councilmember to do a drive a round with our Board Members of the BID.

Thank you in advance for your assistance.

1 Background

1. The Hollywood Property Owners Alliance ("HPOA") is a 501(c)(6) nonprofit organization that contracts with the City of Los Angeles to administer the Hollywood Entertainment District Business Improvement District ("HED BID"). The Central Hollywood Coalition ("CHC") is a 501(c)(6) nonprofit organization that contracts with the City of Los Angeles to administer the Sunset & Vine BID ("SVBID"). The HPOA subcontracts with the CHC to administer the day-to-day operations of the SVBID.

2. Kerry Morrison is the executive director of the HPOA. Joseph Mariani is the HPOA's associate executive director. Devin Strecker is the director of communications and social media of the HPOA. Matthew Severson is the HPOA's operations coordinator.

3. In November, 2013, Councilmembers Huizar and Price moved in Council that the Chief Legislative Analyst ("CLA") prepare a report on ways and impacts of legalizing sidewalk vending in the City of Los Angeles. The motion was memorialized in Council File 13-1493. Beginning in early 2015 discussions, hearings, and community forums

("Street Vending Hearings") were held to gather input on what form such legalization might take.

2 Alleged Violations

2.1 Kerry Morrison (May 2015–July 2015)

In this section I argue that between May 2015 and July 2015 Kerry Morrison acted as a lobbyist attempting to influence municipal legislation concerning street vending on behalf of the Hollywood Property Owners Alliance and the Central Hollywood Coalition.

2.1.1 Facts

4. At the May 12, 2015 meeting of the CHC Board, Ms. Morrison informed the directors that the SVBID and the HED BID had participated, along with four other BIDs, in sending a letter dated May 11, 2015 about street vending to L.A. City Chief Legislative Analyst Sharon Tso. See Appendix 1 (p.8) for details (p.4 in the internal document numbering).

5. On May 21, 2015, Kerry Morrison told the HPOA Board of Directors about the Street Vending Hearings. She stated that HPOA staff would "cover" all four[1] meetings. She solicited board members to attend the meetings and board member Alyssa Van Breene volunteered. See Appendix 2 (p.13, p.5 of the internal document numbering).

6. Alyssa Van Breen spoke at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. She identified herself as representing the HPOA. A transcript of her remarks can be found in Appendix 3 (p.20).

7. Devin Strecker also spoke at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. He identified himself as representing the Central Hollywood Coalition. A transcript of his remarks can be found in Appendix 4 (p.22).

8. Kerry Morrison spoke at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. She identified herself as representing the Sunset and Vine BID and the Hollywood Entertainment District BID. A transcript of her remarks can be found in Appendix 5 (p.24).

9. HPOA Board Member John Tronson spoke at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. He identified himself as being a member of the HED BID. A transcript of his remarks can be found in Appendix 6 (p.26).

10. Matthew Severson spoke at the June 18, 2015 Street Vending Meeting at Los Angeles City Hall. He identified himself as representing the HPOA. A transcript of his remarks can be found in Appendix 7 (p.28).

---

[1] There were originally four meetings announced by the CLA. Later two additional meetings were added to the schedule.

11. According to Kerry Morrison, HPOA Board member Mark Stephenson attended the June 11, 2015 Street Vending Meeting at Van Nuys City Hall and Joseph Mariani attended the June 25, 2015 meeting in Watts. Neither seems to have spoken aloud and, according to the Los Angeles City Clerk's Office[2] the speaker cards from all six of the Street Vending Meetings have been destroyed. However, at a July 9, 2015 meeting of the Joint Security Committee of the HED BID and the SVBID, Kerry Morrison stated that Mr. Stephenson was in attendance at the June 11 meeting and that Mr. Mariani was in attendance at the June 25 meeting. See Appendix 8 (p.30) for details.

12. At the June 19, 2015 meeting of the HPOA Board of Directors, Ms. Morrison reported on her work and the work of her staff and volunteers from the Board at the Street Vending Meetings. She also requested $5,000 from the Board to contribute to the Central City Association's ("CCA") anti-Street-Vending lobbying efforts and mentioned that the SVBID Board had contributed $2,500. See Appendix 9 for details (p.31, p.4 in the internal document numbering).

13. Sometime after July 9, 2015, Ms. Morrison arranged for her staff and (possibly) HPOA and CHC board members to participate in what she called "a series of one-on-one meetings with members of the City Council which staff will be involved in. I've got board members involved in..." for the purpose of discussing the street vending legalization proposals. See Appendix 8 (p.30) for details.

14. In the Summer of 2015 Ms. Morrison wrote an article for the HED BID's newsletter entitled "BID Voices Express Concern Over Sidewalk Vending" in which she described many of these efforts and further articulated the two BIDs' position against street vending. See Appendix 10 (p.39) for details.

15. On August 11, 2015, Ms. Morrison sent an email to members of the HPOA and CHC Boards of directors and others which discussed, among other things, the August 13, 2015 Street Vending Meeting at Los Angeles City College, stating:

    > Thursday evening, August 13, the city is holding another hearing on the sidewalk vending ordinance...and it is in Hollywood at LA City College. We really need businesses to speak up. It is at 855 N. Vermont Avenue, 6–8 p.m. If you can get a business to attend, I will write their talking points (one minute). Here are details attached.

    See Appendix 11 (p.42) for details.[3]

16. Ms. Morrison and her staff meet Dan Halden and multiple other CD13 staff members for breakfast on the first Friday of each month to discuss current matters of concern. See Appendix 12 (p.44) for an example from July, 2015.

---

[2] Specifically either Sharon Gin or Sharon Dickinson (I've misplaced my notes) in a telephone conversation.

[3] Although this item is outside the range of dates under consideration, it's necessary for context and will be discussed below.

17. Surveys distributed at the six Street Vending Meetings were tallied and discussed in the Chief Legislative Analyst's October 21, 2015 report to the City Council's Economic Development Committee.[4]

2.1.2 Conclusions

18. Kerry Morrison engaged in lobbying activities when she sent a letter on behalf of the two HPOA administered BIDs to Sharon Tso (paragraph 4).

19. Ms. Morrison engaged in lobbying activities when she arranged for her subordinates and board members to speak at the six Street Vending Meetings (paragraphs 5, 6, 7, 9, and 10). Furthermore, given that she offered to write remarks for other people who might attend these meetings (paragraph 15), it's not unlikely that she wrote or helped to write the remarks of her subordinates at these meetings, which is also a lobbying activity.

20. Ms. Morrison herself attempted to influence municipal legislation on street vending when she spoke at one of the meetings (paragraph 8).

21. She engaged in lobbying activities by arranging for her subordinates and board members to attend these meetings even when they did not speak (paragraph 11) because they evidently reported to her on the meetings they attended, and probably filled out questionnaires, which were later used by the CLA (paragraph 17) in shaping the recommendations made to the City Council.

22. Ms. Morrison engaged in lobbying activities when she reported on the Meetings to the HPOA Board of Directors and arranged for them to donate money to the Central City Association's efforts to shape the CLA's recommendations (paragraph 13).

23. Ms. Morrison engaged in lobbying activities when she wrote about the activities of her and her staff in the BIDs' newsletter (paragraph 14).

24. Ms. Morrison engaged in lobbying activities when she (probably) arranged for her staff and the members of her Board to have "a series of one-on-one meetings with members of the City Council which staff will be involved in." (Paragraph 13).

25. Ms. Morrison probably engaged in lobbying activities by discussing street vending during one of her and her staff's regularly scheduled "first Friday" meetings with the staff of CD13 (paragraph 16).

26. I can't prove that Ms. Morrison's lobbying activities concerning street vending took up 30 hours of her time between May and July 2015, but given the extent of these activities it seems implausible that they did not.

27. Therefore Ms. Morrison was acting as a lobbyist during this time, and was therefore required to register with the City Ethics Commission, which she did not do.

---

[4] The report is too lengthy to include here, but it's available at the Clerk's council file 13-1493 website. The report is outside the range of dates under consideration, but it's also necessary for context.

Note: If your investigation finds that Ms. Morrison's activities as described above do constitute lobbying but that fewer than 30 hours were involved, it is possible to make as strong a case for her advocacy during the same three months regarding various council motions involving the homeless. I left this topic out of this report to save space, but can submit information about it if necessary to show that she spent more than 30 hours lobbying.

2.2 Hollywood Property Owners Alliance

2.2.1 Facts

28. The Central Hollywood Coalition contracts with the HPOA to operate the Sunset-Vine Business Improvement District. The CHC currently pays the HPOA $165,480 per annum to provide this service (see Appendix 13, p.47), although this figure was possibly lower in 2015, but not lower than $157,000.[5]

2.2.2 Conclusions

29. The HPOA carries out lobbying activities on behalf of the CHC. For instance, Ms. Morrison sent a letter to Sharon Tso on behalf of the SVBID regarding street vending (paragraph 4) and HPOA employee Devin Strecker spoke on behalf of the CHC at one of the Street Vending Meetings (paragraph 7).

30. The CHC paid the HPOA at least $157,000 in 2015, which is $13083.34 per month, or $39,250 per three month period (paragraph 28). One thousand dollars is 2.5% of that figure. Given the lobbying activities described above, it's plausible that at least 2.5% of the HPOA's resources were directed towards lobbying on behalf of the CHC. If true, this conclusion implies that the HPOA was required to register as a lobbying firm during 2015, though it did not do so.

31. The HPOA employed Kerry Morrison during 2015 in part to lobby on its behalf (paragraph 27) and therefore, if not required to register as a lobbying firm (as argued in paragraph 30), was required to register as a lobbyist employer during 2015, though it did not do so.

---

[5] This figure also appears in the document in Appendix 13. It's the amount that that agreement shows is being increased for 2016, so the 2015 amount must have been that much or higher.

I. Call to Order

Carol Massie called the meeting to order at 3:42 p.m.

II. Public Comments & Introductions

- **No Public Comments or Introductions**

III. Approval of Board Minutes

It was moved by Melissa Logan, seconded by Brian Folb, and CARRIED to approve the minutes from the meeting on April 14, 2015. Unanimously approved

IV. Treasurer's Report – Kerry Morrison

A. **Financial Statements**: Morrison walked the Board through the April 30, 2015 financial statement. Expenses for April amounted to $102,378. The first major installment of property assessment revenue was received in March in the amount of $683,000.

It was moved by Brian Folb, seconded by Bill Humphrey, and CARRIED to approve the April 30, 2015 financial statement. Unanimously approved.

B. **Presentation of the 2014 Financial Review:** Uriel Reyes, RBZ, presented a draft version of the 2014 financial review. This is a requirement of the city contract. There was a general discussion about the category "assessments receivable" and "allowance for doubtful accounts." To help the board understand, Morrison presented a summary of Sunset & Vine BID delinquencies with LAUSD owing the largest amount. ($122,558 out of $165,286). The board was reminded that eventually all private parcels will be paid up; but the LAUSD payments are not likely, given that the school district has made a unilateral decision about how much they will pay.

It was moved by Chase Gordon, seconded by Fred Rosenthal, and CARRIED to approve the 2014 financial review to be submitted to the city of Los Angeles. Unanimously approved.

V. COMMITTEE & PROGRAM REPORTS

A. Marketing and Communications – Devin Strecker and Joe Mariani

1. **Neighborhood Festival Ad-Hoc Working Group** – Strecker noted that festival committee met for two (2) unscheduled meetings. The May 15th meeting has been cancelled so the staff can work with Haines & Co. to formulate a deck to present to the committee.

2. **Sunset & Dine** – The 4th annual Sunset & Dine has been tentively scheduled for September 30, 2015, at BuzzFeed. Stroyman was instrumental in setting this up. Strecker submitted a map to the BuzzFeed group showing how the 2013 event was set-up when AMPAS was the host. Parking may be a problem. Pogorzelski will look into using the AMPAS parking lot.

3. **BISNOW "The Future of Hollywood"** – Mariani reported over 300 attended the April 29, 2015 conference including brokers, developers, and capital partners. Morrison gave an exciting keynote speech about Hollywood. 150 Infographics packets were handed out.

4. **Haines & Co. Proposal** – Strecker presented the board the Hanes & Co. Media Relations and Marketing proposal for the Sunset Vine BID. This plan includes five (5) apects: 1. Branding, 2. Collateral Development, 3. Internal Influencer, 4. Press Tour, and 5. Ongoing Media Issues and Opportunities. A general discussion ensued about next steps. It was suggested that a meeting could be arranged with the PR reps from larger businesses and properties in BID to discuss how we could all work together to create consistency in messaging. At this point, the board passed on pursuing a retainer agreement with Haines.

B. **Streetscape & Planning Committee – Chase Gordon and Matthew Severson**

1. **BID Walk-through** – Severson showed the board a power-point presentation of what was found during the April 23rd BID walk-through. The needs of the BID were broken down into three (3) phases – immediate, long term, and special (wish list). Immediate would include tree wells, pressure washing, trash can conformity with BID plaques, meter posts, and graffiti. Long term would include sidewalk/curb repair, refurbished light poles, newspaper racks. Special project areas included the Denny's back lot adjacent to the 101 off-ramp at Van Ness and the ATT Building behind Gower Gulch. Gordon spoke of a weighted priority matrix which will be worked on the next committee meeting on Wednesday, May 20, at 9:30 a.m.

   Staff also described how the city's "311" app works, which allows citizens to inform the city about conditions that need to be fixed (e.g., hazards, bulky item pick-up, damaged infrastructure) and email (with a photo) to the city. Morrison agreed to forward information to the board about how to download the 311 app.

2. **Chase Plaza** – Severson reported that the proposal is working its way up to the executive level for consideration. The bank manager is in favor of the proposal.

3. **Vandalized Trees** – The suspect, Ricardo Gamez, has a court date on May 19, 2015. The city may request a stay away order and a fine for the loss of the trees.

C. **Security Committee – Fred Rosenthal and Kerry Morrison**

1. **Homeless Issues** – The official homeless count results were released May 11, 2015. Homelessness in the county was up 12% over 2014. There was an 85% increase in the number of tents, encampments and vehicles which has led some to speculate that the economy has taken its toll with people losing jobs and apartments.

2. **Hollywood Safe Sidewalks** – A sample of a visitor's card to be handed out in area hotels was given to the board. The card in four (4) languages discourages giving to costumed characters and CD vendors on one side and panhandlers on the other side. A website is under development, www.hollywoodsafesidewalks.com, which would provide information about organizations that help the homeless.

3. **Street Vending Ordinance** – A copy of a letter dated May 8th was in the board packet from Councilmember Curren D. Price, Jr., 9th District, to the members of the Los Angeles City Council. The letter includes a schedule of four (4) meetings per the requests by members of

the Economic Development Committee for more community input on the vending proposal. Also included in the board packet was a second letter dated May 11th to Sharon Tso, chief legislative analyst, re the street vending issue from six (6) area BIDS including Sunset & Vine and Hollywood Entertainment District.

4. **Security Report** – Steve Seyler, Andrews International, presented the board the summary for March 30 through May 3, 2015. Arrests were down while citizen contacts and radio calls were up. Seyler has begun to track incidents that involved violent behavior. Because of the newly hired dispatcher, Seyler and his staff have been able to be out on the streets more and attended 18 meetings. On a good note, the manager at Starbucks on Hollywood & Vine has been donating pastries for the homeless. The Andrews staff wake those sleeping on the sidewalks at 6:00 a.m. every morning and now are able to give them the donated pastries, which makes things much easier.

VI. Staff Reports

- Updated Whistle Blower forms were distributed to the board replacing Sarah Besley's with Kerry Morrison's name. A signed copy is required from every board member to be kept on file at the BID office.
- Morrison reported that the deadline for the city to receive the assessment roll for the coming year (2015-16) is June 1, and she neglected to put an action item on the agenda in time (72-hours' notice) for the board to discuss the potential for a CPI increase in the next year. The board indicated that if it is not too late, they would like to formally agenda an item to discuss a potential CPI increase at the next meeting. The board asked staff to investigate whether the Clean Street contract has an automatic CPI increase.

VII. Next Meeting

Tuesday, June 9, 2015 at 4:00 p.m. Location TBD.

VIII. Adjourn

The meeting was adjourned at 5:30 p.m.

I. CALL TO ORDER – Monica Yamada

The meeting was called to order at 4:05 p.m.

II. OPEN FORUM

- **Grant King & Michael Gonzales** – The Dream Hotel project was presented to the board. It is scheduled to open at Cahuenga and Selma in February 2016. High end hotel with restaurants, nightclub, valet parking.

  The team is also working on a new boutique hotel, The Thompson at Wilcox and Selma. They are going through entitlements. It will offer a ground floor lobby, restaurant, bar and valet. The plans for the rooftop include a pool, gym, spa, restaurant and bar.

III. APPROVAL OF MINUTES

- Approval of the April 16, 2015 Board meeting minutes.

It was moved by Mark Echeverria, seconded by Chad Lewis, and CARRIED to approve the minutes from the Board's April 16, 2015 meeting. Unanimously approved.

IV. NEW BUSINESS

A. Recommendation from Nominating Committee. Frank Stephan presented the recommendation to elect Galo Medina to fill the seat vacated by Drew Planting. The term will expire November 2015.

It was moved by Joe D'Amore, seconded by Jan Martin, and CARRIED to approve Galo Medina filling the board treasurer seat vacated by Drew Planting with the term ending November 2015. Unanimously approved.

V. TREASURER'S REPORT – Kerry Morrison

A. Morrison presented the April 30, 2015 statement which reflected actual monthly expenses of $336,845 against budget of $310,078. The April expenses reflected six weeks of security payments. The projected end of year cash balance is $382,279. There are no significant variances to report at this time.

It was moved by Joe D'Amore, seconded by Chad Lewis, and CARRIED to approve the April 30, 2015 financial statement. Unanimously approved.

B. Uncollected Assessments – Morrison presented a letter from the Judicial Council of California stating that a check is being processed for BID assessments for the Hollywood Courthouse dating back to FY 11-12. They asked that the nature of the assessment formula associated with that property be re-evaluated when the BID is renewed.

C. Gursey Schneider – A proposed engagement letter between Gursey and HPOA was included in the Board packet. Morrison reported that she and Mariani met for four (4) hours with a partner, an associate, and two (2) staff members who would work directly on our account. As a result of this meeting to review processes and the detailed needs of the HPOA, Gursey re-worked their original proposal as presented during the RFP process. A spreadsheet was presented to the board documenting the revised hourly projection against the original proposal. As a result, Gursey is proposing a first year projection of 652 hours at a cost of $60,000 plus a start-up fee of $8,400 for a total of $68,400 in year one. This represents a discount off their standard billing of 66 percent. The start-up costs would be funded from the contingency budget. The monthly variance from the current budget would amount to approximately $529/month.

It was moved by Evan Kaizer, seconded by Leslie Blumberg, and CARRIED to authorize the ad-hoc finance committee to negotiate a terms of engagement letter with Gursey Schneider. Unanimously approved.

D. 2014 Annual Financial Review. Fabio Vasco, independent CPA with GTL, LLP, presented the Financial Review report, which is a requirement of the city contract to manage the BID. He pointed out that the review was more intensive than a compilation but less rigorous than a full audit. The Finance Committee had previously had the opportunity to review the document.

It was moved by Galo Medina, seconded by Evan Kaizer, and CARRIED to approve the 2014 Financial Review as presented by Fabio Vasco.

E. Consumer Price Index – Morrison presented the opportunity to increase the BID assessment for 2015-16. This year the CPI is up .5% which is the amount assessments can be raised. The board elected not to increase.

It was moved by Joseph D'Amore, seconded by Mark Echeverria, and CARRIED to not increase the BID assessments for 2015-16. Unanimously approved.

VII. NEW BUSINESS

A. Dashboard Report – Kerry Morrison presented a "Dashboard" spreadsheet to track/identify projects and their priorities. The hope was this dashboard would track issues and objectives that are contained in the Board's Strategic Work Plan, and that come up during the year. The tracking correlates with the strategic plan and is divided into: Safe Hollywood Nights, Public Space & Planning, Safe Hollywood Sidewalks, and Stakeholders: Engagement & Communications, Admin, and Misc. Projects in these categories are listed as to level of attention: Urgent/Pressing, In Process, Monitoring, Accomplished, and Parked. It was requested by the board that this report be generated quarterly in order for the board to have a clear understanding of where issues stand.

VIII. COMMITTEE AND ACTIVITY REPORTS

A. Streetscape and Planning – Mark Echeverria and Matthew Seversen

1. BID Walk-Thru April 21, 2015 – A PowerPoint presentation of conditions found throughout the BID was shown to the board. Additionally, a complete punch list of several hundred items noticed by the committee was distributed to the board. This will serve as the work plan for the Streetscape & Planning Committee this year. Items were categorized as:

   a. Immediate – easy fixes which could be done under the Maintenance Contract
   b. Long Term – items such as sidewalk/curb repair, refurbished light poles, etc.
   c. Special Projects such as standardized tree wells, public art, etc.

2. Potential funding opportunities – Severson included in the board packet information just received from the city about funding that has been preserved to complete several projects associated with the Hollywood Crossroads streetscape and pedestrian amenity plan. More details will follow in future meetings, but approximately $2.4M is available to fund important improvements along Vine Street (from Sunset to Fountain); Highland (from Franklin to Sunset) and Hollywood Boulevard (from Sycamore to Serrano). In addition, staff just received word relative to the opportunity to apply for a Great Streets challenge grant for Hollywood Blvd. Information will be brought back to the June meeting.

3. Mobility Summit expenses – Morrison was asked to compile an expense report associated with the planning and implementation and aftermath of the February 11 mobility summit and this was included in the board packet. The concern was expressed that the board may not have known up front how much was entailed in planning for the event, and the need to secure consultant help to implement. A portion of Sarah Besley's consulting time was also devoted.

B. Ad-hoc Communications Working Groups – Jan Martin and Devin Strecker

1. Festival Working Group: Strecker and Martin walked the board through a deck describing Hollywood Music & Arts festival, covering four (4) nights, tentatively November 5 through 8, 2015. Staff is working with Haines & Co. on the structure of the event. Already there are 12 venues interested in participating. Every venue will sponsor their own event. With board approval, marketing and staff time will be taken from existing marketing budget.

2. BISNOW "The Future of Hollywood" – Report from Mariani postponed until the June board meeting.

B. Security – John Tronson, Kerry Morrison

1. Public Hearings on Street Vending – Morrison advised the board that four (4) meetings are being held to seek input on a proposal to create a citywide sidewalk vending ordinance. An announcement from the Council's Economic Development Committee was distributed announcing the dates of the upcoming meetings. Morrison said staff is committed to cover the four hearing and sought board members to volunteer. Alyssa Van Breene volunteered to attend the May 29, 2015 hearing.

2. Official Homeless Count – In the interest of time, a report was tabled. Information was included in board packet.

3. LAPD Review of Proposed Type 47 Restaurant Licenses – Yamada reminded the board that the BID remains neutral on applications from businesses to seek a liquor license. LAPD is currently supporting Type 47 restaurant licenses up to a midnight serving time. If individual board members speak on this topic, it should not be confused with the BID position, which is to remain neutral.

4. Panhandling and sidewalk safety – Morrison presented the board a mock-up of a handout for tourists discouraging giving to costumed street characters, CD vendors, and/or panhandlers. This brochure will tie into a new website, www.hollywoodsafesidewalks.com. The handout is written in four (4) languages and will be given to property managers, hotels, restaurants, and businesses for distribution. The initial cost for 25,000 brochures is $5,000 which will included costs of artwork and printing.

It was moved by Mark Stephenson, seconded by Jan Martin, and CARRIED to authorize the expenditure of $5,000 to proceed with the project to design and print information cards and a website to promote visitors' awareness on donations to costumed street characters, CD venders, and panhandlers. Unanimously approved.

VI. Old Business

A. Coffee with the President Follow-up – Yamada directed the board to review the issues, concerns and suggestions raised by those who attended the Coffee with the President meeting on March 13. The report was included in the board's packet. In particular, she asked for input on items noted in yellow. In response, it was noted that at the next planning retreat, if the board was interested, they could have an outside expert do a presentation on how other cities organize unified parking programs, and what would be involved in creating a sign overlay district or a specific plan for Hollywood. Instead of creating a mid-BID business association, it was reported that a group of owners, led by board members Mark Echeverria and Evan Kaizer, have already committed to reach out to mid-BID businesses. In lieu of sending out a survey to owners, it was suggested that some type of survey mechanism could be incorporated into the annual all property owners meeting.

VII. Staff Report

A. Search for the HPOA Office Location – Kerry Morrison and Joe Mariani

1. At the suggestion of the board, a letter was sent out to mid-BID property owners seeking office availability options. Several responses were received and the staff followed up. Mariani reported that because the office moved to the sixth floor at the request of building management, rent is free in the Taft building until July 31, 2015. At that time the monthly rent will be approximately $8,000, compared to the monthly budget allowance of $4250. A spreadsheet "Office Move Cost Analysis" was distributed to compare and contrast the costs and attributed of various spaces: Spaces currently being looked at are:

    a. Taft Building – Two (2) office suites available. One at 1480 sq. ft. with courtyard view (facing The W wall) with no room for board meetings, no storage space, and 7 ft. wide offices. The second facing Vine Street has 1,772 sq. ft., again with no storage, small offices, no room for board meetings. Both are considerably smaller than the BID office previously occupied on the 4th floor but higher rent.
    b. Sieroty Buildings – 6556 Hollywood Blvd. and possibly 6562 Hollywood Blvd.
    c. Musso's space – Hollywood Blvd.
    d. Denley Buildings –McCadden and Whitley

B. Board Planning Retreat – The annual board planning retreat is slated to be held in July. Given time constraints, there was no time to discuss the board's preferences. Morrison will bring back suggested sites to the June board meeting.

VIII. Next Meeting: The next meeting will be held June 18, 2015

IX. Adjournment: The meeting was adjourned at 6:20 p.m.

3.3 Appendix 3

This is a transcript of Alyssa Van Breen's comments at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Ms. Van Breen's comments begin at 46:59.

Hi, Alyssa Van Breene, Hollywood Property Owners Alliance. Um, we manage the Hollywood Entertainment District Business Improvement District. Our BID covers 1.6 miles along Hollywood Boulevard and we work very hard to keep the sidewalks clean, safe, and hospitable for all pedestrians; tourists, workers, residents, and students. Our sidewalks are among the most densely packed in the city of Los Angeles. Already pedestrians experience what can sometimes feel like an assault with all the attempts to capture their attention and their money. On a typical summer day one can be approached on every block by aggressive tour operators. In the most busy tourist zone there are dozens of street characters and CD vendors who have been known to shake down unsuspecting tourists. We already have vendors selling food and merchandise on the Walk of Fame and the city seems overwhelmed by the prospect of enforcing the current laws on the books that prohibit vending. We can only imagine that if sidewalk vendors were to take up residence on every block along the Walk of Fame an already congested and sometimes chaotic situation would be made much worse. Finally, we have many restaurants and small businesses that depend upon the tourist trade to pay their bills, their payroll, taxes, insurance, rent, and the BID assessments that are passed through to them. This puts them at a serious disadvantage. There may be communities in our city who want more liberalized sidewalk vending. Hollywood is not one of those communities. Alyssa Van Breene, Hollywood Property Owners Alliance, thank you.

3.4 Appendix 4

This is a transcript of Devin Strecker's comments at the May 28, 2015 Street Vending Meeting at Boyle Heights City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Mr. Strecker's comments begin at 48:26.

Hi, my name is Devin Strecker. I'm representing the Central Hollywood Coalition, which manages the Sunset and Vine BID covering 44 blocks in Hollywood. This is an area thats experiencing... This is an area thats experiencing an economic revival where few restaurants and small retail businesses were five years ago. Things have changed radically. We want to support our small businesses who have taken the risk to invest in Hollywood. With the adoption of an increase in minimum wage recently and the prospect of having vending on every corner on Sunset Boulevard, this is a double whammy threatening their very survival. Further we have concerns about the public safety with respect to food handling and storage. For these reasons we would ask that Hollywood be exempted from this ordinance if the City Council decides to proceed. Theres already an ordinance in place that allows for the creation of sidewalk vending districts. Perhaps that ordinance should be dusted off and amended to meet the needs of neighborhoods that want sidewalk vending. Thank you.

3.5 Appendix 5

This is a transcript of Kerry Morrison's comments at the June 11, 2015 Street Vending Meeting at Van Nuys City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Ms. Morrison's comments begin at 01:44:37.

Good evening. My name is Kerry Morrison and I am the... I'm representing two business improvement districts in Hollywood: Sunset and Vine and the Hollywood Entertainment District. And as has been mentioned, we are an area that has extremely compacted sidewalk behavior and a lot of things going on. We also represent many, many small businesses as well. So you mentioned a third option, a third model that youre looking at, and that would be for perhaps if a community is desirous of having street vending in their neighborhood, and clearly many are, then there would be a roadmap for them to do that. We would ask that communities such as ours would be able to opt out for or that there would be a way to opt in, but that this should not be something that applies to the entire city. Its a very diverse city with many diverse neighborhoods and Hollywood simply cannot support this kind of activity on its sidewalks. Thank you.

3.6 Appendix 6

Mr. Tronson's comments begin at 01:22:48.

Good evening. My name is John Tronson. I'm a member of the Hollywood Entertainment District, which is a property-owner based business improvement district in Hollywood. We spend three and a half million dollars a year of our own money to clean the streets of Hollywood, to trim the trees, to provide additional public safety and paint out graffiti. The reason why we do this is because the city simply can't afford to provide those services at an adequate level. My main concern about this ordinance is that if anybody comes up here and tells you it's gonna be a self-funding ordinance, I believe that they're, uh, you're being misinformed, and any money that's gonna be spent to hire the inspectors that're gonna be required to, to provide any level of reasonable enforcement for this ordinance, um, will be taking dollars away from a city that can't afford to provide basic services as it is. So I'm in favor of keeping the status quo of certain communities who would like to expand street vending, there is a mechanism to do so, and those that don't want to, shouldn't have to. Thank you for your time.

This is a transcript of Matthew Severson's comments at the June 18, 2015 Street Vending Meeting at Los Angeles City Hall. The original can be found at
http://sidewalkvending.lacity.org/html/audioVideo.html
Mr. Severson's comments begin at 02:12:22.

Good evening, my name is Matthew Severson and I'm representing the Hollywood Property Owners Alliance, which manages the Hollywood Entertainment District and Sunset and Vine BIDs. We respectfully encourage the city to revisit the sidewalk vending ordinance that already exists. The ordinance that was passed in 1994 to facilitate the creation of sidewalk vending districts. Hollywood would not be a community seeking to form a sidewalk vending district. Our sidewalks are among the most densely packed in the city of L.A. On Hollywood Boulevard pedestrians experience already what can sometimes feel like an assault with all the attempts to capture their attention and money. In the most busy tour zones there are dozens and dozens of street characters, CD vendors, and aggressive tour operators who've been known to shake down unsuspecting tourists. We already have vendors selling food and merchandise on the Walk of Fame and the city seems overwhelmed by the prospect of enforcing the current laws that exist, which prohibit vending, except in a bona fide district. Finally, we have many restaurants and small businesses which depend on tourists to pay their bills. Thank you.

This is a transcript of Kerry Morrison's remarks at the July 9, 2015 meeting of the Joint Security Committee of the SVBID and the HED BID. The original can be viewed at https://youtu.be/Vrrh8a8av5M?t=63

As we talked about at the last meeting there were a series of four hearings that the chief administrative office staff held on the sidewalk vending ordinance. And what was really kind of problematic about these hearings is that there's no ordinance yet. There's nothing to really react to. There's nothing to weigh in on with respect to where people will be located or what the fees would be or insurance requirements or licensing or health requirements. It's just this kind of amorphous set of hearings, which were completely dysfunctional, disrespectful, and almost resembled a circus. I think after the last meeting, John and I went that night and Mark Nathanson [*sic*] from our board, Mark Stephenson from our board was also there at Van Nuys, and there were people being bused in, everybody who spoke had the same tune, like "I need to be able to sell on the street to support my family." There was no discussion of any parameters or rules that would, that you would actually feel to be part of a quote policy hearing, and what we... Right, if theres any enforcement, because there is no street vending ordinance, currently, it is illegal, that, enforcement was considered harassment. So actually, Carol Schatz and I wrote a letter to Herb Wesson, the president of the city council after that meeting saying this is, this is really not being, you know, well-handled, there's no security, it's intimidating to people, there are people who did not want to testify. So the subsequent two hearings were maybe a little bit more well-behaved. Joe attended the one in South LA and Matthew attended the one at City Council. So we were, we were in attendance at all four and now there's gonna be a series of one-on-one meetings with members of the City Council which staff will be involved in. I've got board members involved in [unintelligible]. The Coalition is building, the Coalition to Support Small Business, both BIDs have supported, like, most of the BIDs in LA have supported this coalition that's being formed to try to have a reasonable voice... And actually one of the points that we're making right now is there is a sidewalk vending ordinance in the city of LA that was adopted in 1994 that gives you the discretion to create a sidewalk vending district if your neighborhood wants one, and the first and only district that was ever created was in MacArthur Park, and that district failed because the law-abiding vendors who actually paid the fees and set up their carts around MacArthur Park complained because the, there was another whole group that never paid the fees and they, they, you know, kind of encircled them and there was no enforcement. So that sidewalk vending district folded, and our point is, if you want a sidewalk vending district, work with the [unintelligible] that you have and make it work, otherwise Hollywood wants to be out of it. So this is, you know, continuing to be an effort, and the BIDs are coalescing on this. We'll keep you informed, but I thank the board members who did show up in the evening and sit for hours, you know, [unintelligible].

I. CALL TO ORDER – Monica Yamada
The meeting was called to order at 4:13 p.m.

II. OPEN FORUM & INTRODUCTIONS
No public comment offered.

III. APPROVAL OF MINUTES

- Approval of the May 21, 2015 Board meeting minutes.

It was moved by John Tronson, seconded by Evan Kaizer, and CARRIED to approve the minutes from the Board's May 21, 2015 meeting. Unanimously approved.

IV. TREASURER'S REPORT – Kerry Morrison

A. Morrison presented the May 31, 2015 statement which reflected actual monthly expenses of $273,968 against budget of $309,878. The City of LA was invoiced in May for a total of $1.8 million and that will appear on the June financials. The projected end of year cash balance is $407,859. There are no significant variances to report at this time. The new accounting firm, Gursey Schneider, is scheduled to take full control in August. RBZ has cooperated fully with the new firm making the transition run smoothly.

It was moved by Evan Kaizer, seconded by David Green, and CARRIED to approve the May 31, 2015 financial statement. Unanimously approved.

V. NEW BUSINESS

- No new business

VI. COMMITTEE AND ACTIVITY REPORTS

A. Streetscape and Planning – Mark Echeverria and Matthew Seversen

1. Do Art Foundation – Carmen Zella, executive director of the Do Art Foundation, met with the Streetscape & Planning Committee in the past month. The staff was first introduced to her at the CDA conference where she showed examples of how public art enhances communities. The foundation has the ability to help the BID prepare a comprehensive public art strategic plan which will set program strategies around resource development, marketing/media, artist outreach, external visions/community integration, and internal management operations. This would be a long-term plan. Do Art will help identify potential art sites, obtain city permits, find funding, curate and implement art projects. The art will be sensitive to community wants and needs and will reflect Hollywood's unique identity. Do Art Foundation is working on a proposal which will be presented to the Streetscape Committee and ultimately to the board for consideration.

2. Bureau of Street Lighting Meeting – Morrison and Severson did a walk-through along Hollywood Blvd. with a representative from the Bureau of Street Lighting.

Many light posts are in need of repair, are rusting, have faded colors, etc. Morrison noted that throughout the BID there are many street lighting assessment districts which may explain the vast differences in styles. There is a chance that the lights east of Gower could be changed out and conform to the newer lights that were installed west of Gower in 2005. Severson also pointed out that BSL is willing to repair lights, but they are "complaint driven" and will respond to an inventory that we could present. A temp will be hired to document a data base of existing lighting and repair needs with photos before work can be started.

3. DWP Grant – Severson noted the receipt of $5,000 to fill tree wells with DG. It will be necessary to do an inventory of what is needed before beginning the project.

4. Great Streets – Hollywood Blvd. between La Brea and Gower has been designated by the City of LA as a Great Street. The initiative aims to reimagine neighborhood centers through community partnerships and temporary public space activation pilots. There have been two positive developments in the past month.

    a. Maintenance Walk-Thru on June 4th – Severson walked the Boulevard with various city departments and representatives from the Mayor's office to identify quick-fix maintenance issues with existing city resources. BID provided city with the maintenance punch-list created by the Streetscape Committee in advance of the walk. Severson reported that work has already commenced including replacing street signs, repainting/repairing curbs, removing sign posts, etc.

    b. Challenge Grant – The city will award ten (10) grants up to $20,000 with the application due June 30, 2015. The grant aims to support projects that create active and vibrant public spaces. In order to receive the grant, the applicant must show how the organization will reach out to the community; how data will be collected documenting activation of the sidewalk; the use of creativity and innovation; and long term use. Do Art Foundation is working with us on the application. Focus will be on the five Hollywood Blvd. bulb-outs to activate the "mid-BID" section of the Boulevard by generating new street life and a new creative cultural center. The grant proposal incorporates physical elements consisting of bistro tables and chairs, and artistic features which include visual/aesthetic elements, programming/interactive elements, and custom planters. This is a temporary grant which will end April 2016. If the installs are successful it could become a permanent set-up. Both Echeverria and Blumberg expressed the enthusiasm of the committee for this application. The cost of the bistro furniture is $10,000 and the art installations $30,000. If we receive the $20,000 grant the BID will match with $20,000 from the Streetscape budget. It was also pointed out that $10,000 could be taken from the old 2004-08 BID account.

It was moved by John Tronson, seconded by Alyssa Van Breene, and CARRIED to authorize the expenditure of $20,000 toward Challenge Grant with $20,000 to be matched by the city if successful. Unanimously approved.

5. City Sidewalk Repair – Mariani reported that the city will be paying $30 million for sidewalk repair over the next 20-30 years. But a proposed ordinance that could take effect as early as January 2016 would determine that commercial properties would be responsible for their own sidewalk repair and residential sidewalks would be repaired one (1) time by the city. Then it would be the responsibility of the property owner. Staff is continuing to monitor these developments.

B. Ad-hoc Communications Working Groups – Jan Martin and Devin Strecker

1. Festival Working Group –The planning continues for the November festival. Jan Martin and Strecker invited the board to join them after the meeting in visiting several venues that will participate in the festival. After the board meeting the group will visit St. Felix, Record Parlor, Aventine, Hotel Cafe, and Running Goose.

2. Sunset & Dine – Strecker advised the board that the 4th annual Sunset & Dine has been scheduled for September 24, 2015 at BuzzFeed. The event is in need of sponsors and exhibitors. Though this is a Sunset BID event, many Hollywood venues participate. If interested, board members are invited to attend the next planning meeting on Wednesday, June 24th at 11:30 a.m. in the BID office.

B. Security – John Tronson, Kerry Morrison

1. Public Hearings on Street Vending – Tronson, Morrison, and Leron Gubler, Hollywood Chamber of Commerce, attended the June 11th Van Nuys hearing. The well-organized group in favor of street vending greatly outnumbered those opposing. At the previous hearing on May 28 in Boyle Heights, Alyssa Van Breene and Devin Strecker represented the BID. The audience was very disrespectful and booed anyone who disagreed with them. The business community is needed to speak up about the impact of a city-wide ordinance. The Central City Association has hired an organizing firm and created a coalition (Coalition to Save Small Business) and is spending $7,500 each month to organize the business community. Other BIDs are asked to share the burden. Morrison requested the board to approve $5,000 to help support this grassroots committee mobilizing strategy for sidewalk vending ordinance. She shared information about other BIDs participating, including a $2,500 contribution last week from the SVBID.

It was moved by John Tronson, seconded by Chad Lewis, and CARRIED to authorize the expenditure of $5,000 from the security contingency budget to support Coalition to Save Small Business and the coalition building campaign to oppose the street vending ordinance. Unanimously approved.

2. Hollywood Safe Sidewalks – Will present an in depth report next meeting.

3. Homeless Issues – Morrison reported that the statewide BID community is planning for a forum on homelessness issues on July 30. She is on the organizing committee and the intent is to equip BIDs to be proactive in their communities and to

understand public policy options on the table to increase affordable housing, address mental health reform, and related issues.

She also reported that BID Patrol officers have been asked to interview new faces in Hollywood to ask three (3) questions to help us understand why there is such an influx in new homeless individuals in Hollywood. The questions are:

1. One year ago, where were you?
2. Why did you come to Hollywood?
3. What do you need?

Of 36 interviewed in May, 20 lived in another state one year ago (55%). Two-thirds were under 25 years of age. A year ago, 11 of them lived in housing and three (3) had jobs.

4. Andrews Radio Repeater – Mariani reported that the repeater located on the W Hotel failed. Bearcom replaced it with a new one for $3,500. This amount also included a casing to protect the repeater, batteries for the radios, and a new headset for Andrews' office. Because of officer safety, Mariani checked with the Security Chair before authorizing purchase of the replacement equipment. This comes from Security Contingency budget.

VI. Old Business

- There was no Old Business update.

VII. Staff Report

A. Bid Headquarters Office Update

1. Mariani reviewed with the board the various office space options the staff has visited over the past few months. After much consideration, the staff is recommending the BID office be moved to 6562 Hollywood Blvd. The location is a retail store front located in the "Mid-BID" portion of the district and would allow for the staff to continue to work on enhancing what can sometimes be a challenged part of the district. The location would also allow for ample space to hold board and committee meetings on site, as well as room for the expansion of the BID staff (if needed). The proposed lease is for a 62 month term with 3% annual increases. Utilities and HVAC quarterly maintenance will be the BID's responsibility to pay. One (1) parking space is also included with the lease. The BID has one (1) termination right which can be exercised between August 1, 2018 and October 30, 2018. This can only be exercised if the BID is not reauthorized past December 31, 2018. The lease also calls for the HPOA (tenant) to pay the increase in property taxes and insurance after the base year. Tronson noted that

due to Prop 13 these taxes should be minimal, however if the building were to sell, the HPOA could see a significant increase in costs. Tronson suggested the lease include a protection related to this item, should the owners ever sell the building. Lastly, Mariani went over with the board the projected cost for rent through the remainder of this year and the remaining years of the BID. Due to the rising office rents in Hollywood, this building seemed to be the best cost value of all options seen by the staff since the 3,500 SF space comes at $1.71/per square foot. It was acknowledged, however, that the BID would still have to adjust their rent budget in coming years in order to account for the increased rent and utility costs.

It was moved by John Tronson, seconded by David Green, and CARRIED to authorize the staff to enter into a Letter of Intent with Hollywood Studios Bldg., LLC to secure office space at 6562 Hollywood Blvd. Approved with one (1) abstention from Evan Kaizer.

2. TI and FFE Costs – Before moving to the 6562 Hollywood Boulevard space, Mariani noted that the landlord (Hollywood Studios Bldg., LLC) will need to do tenant improvements (TI). In discussing the matter, the landlord has agreed to cover a majority of the TI costs, with the HPOA having to pay Furniture, Fixture and Equipment (FFE) costs, as well as any costs associated with the placement of new lighting in the space. Mariani showed the board that there has been savings in rent this year due to the staff re-locating to a temporary space in April 2015. The staff assumes that the HPOA would have to pay rent for the months of August 2015 to October 2015 in their temporary space while their new space is being constructed. The HPOA's current landlord has agreed to keep the staff in the space on a month to month basis at a cost of $6,567/month ($2.50/psf), with a seven day option to vacate the space if needed. Assuming the staff would have to stay in the space until October and taking into account other anticipated budgeted costs (parking, cleaning, etc.), it is projected that the HPOA would have approximately $14,500 in rent savings at the end of the year. The staff suggested that these funds be put toward FFE costs. The staff has worked on a proposed FFE budget which included various items such as: work stations, kitchen appliances, conference room furniture, etc. It is estimated that total costs for relocation would be around $52,000. The staff requested that the board authorize an expenditure of up to $40,000 to be used toward any TI or FFE costs associated with the move, in addition to the anticipated $14,500 in rent savings. The $40,000 would come from the Contingency budget. Mariani also explained that the HPOA had an option to amortize these costs into the lease, but in an effort to keep the rent budget lower in coming years it may be better to pay the costs out of pocket now.

It was moved by John Tronson, seconded by Chad Lewis, and CARRIED to authorize an expenditure up to $40,000 from contingency budget for TI and FFE costs associated with new office space. Unanimously approved.

B. IDA Conference – Morrison reminded the board about the upcoming IDA Conference in San Francisco and encouraged their attendance.

C. Coffee with the President – The next scheduled coffee is scheduled in the BID office on July 10 at 9:00 a.m. Yamada reported that the information gained is very helpful.

D. Demolition Party – Morrison gave the board the invitation flyer to a Demolition Party at The Center at Blessed Sacrament on July 16th at 6:30 p.m.

VIII. Next Meeting: The next meeting will be held on July 16, 2015

IX. Adjournment: The meeting was adjourned at 5:55 p.m.

BID Voices Express Concern Over Sidewalk Vending

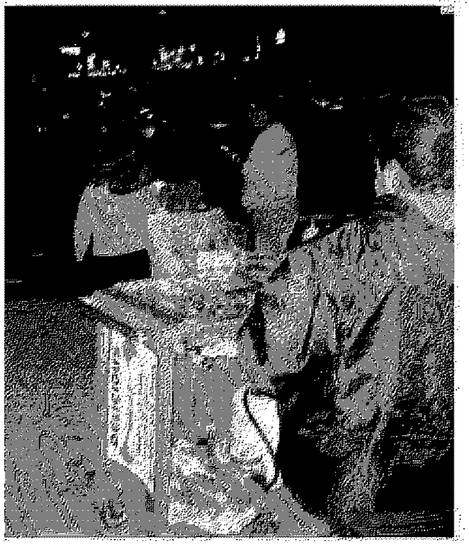
As reported in the last issue of the newsletter, the city council's Economic Development Committee has tasked the city's Chief Legislative Analyst (CLA) office to seek public input on the pros and cons of instituting a city-wide sidewalk vending program.

Before an ordinance is drafted, the CLA staff presided over a series of public hearings to gain input from the community. Staff representing both BIDs, along with board members, attended each of these hearings and expressed the concerns of the business community. However, members of the business community were outnumbered easily 10:1 at these hearings.

Hollywood board member **Alyssa Van Breene** and staffer **Devin Strecker** attended the first meeting on May 28 in Boyle Heights. When they tried to share their concerns the audience booed. Though there were no boos or hissing at the second hearing on June 11 in Van Nuys, the audience was unruly and disrespectful to those testifying against the ordinance or speaking on behalf of small business. Appreciation is expressed to HPOA board members **John Tronson** and **Mark Stephenson** who joined **Kerry Morrison** at the Van Nuys hearing.

The key concerns raised by the business and BID community are fourfold:

- Small businesses in our community pay rent, utilities, property taxes, and payroll taxes. They also pay their share of the BID assessment which helps keep the sidewalks clean and safe. Legalizing street vending would undercut these small businesses by letting vendors set up shop on the public right-of-way without paying their fair share.



"There's already an overabundance of, not only sidewalk vendors, but street characters and CD vendors and tour bus operators out there soliciting," Nicole Shahenian, Hollywood Chamber of Commerce, told KPCC after the first hearing. (Photo courtesy Andrews International)

- Public health will be compromised because sidewalk food vendors are not subject to the same level of scrutiny as restaurants who are subjected to a county restaurant rating. Food handlers on the sidewalk have no access to hot water or restroom facilities and often food is left unrefrigerated.
- The city cannot enforce the street vending laws that currently exist, so it is hard to imagine the city could effectively enforce an expanded presence of vendors. (It is estimated that there are over 50,000 street vendors that currently operate illegally in the city. Attempts to enforce the existing law is viewed as "harassment" by vendors, which was a common theme of the public hearing.)
- Street vending is disruptive to city sidewalks, especially in busy neighborhoods (such as Hollywood) which are already heavily im-

Discouraging News About Homelessness Surprises No One

This is an excerpt from a longer article that appears on the blog Only in Hollywood. This will be the first in a series of blogs on the impacts of homelessness in Hollywood and the organizations that are involved.

The headlines confirmed what we all have been experiencing. The official homeless count results were issued by the Los Angeles Homeless Services Authority (LAHSA) on May 11 and the next morning the frontpage of the LA Times declared, "Homelessness in LA is Everywhere." Homelessness is up 12 percent in the city and in the county since January 2013. Despite great efforts the past four years to house over 25,000 people (as documented by the Home for Good campaign), the numbers have increased.

So what is going on? There are several theories floating. Let me share them with you, because they still need to be researched.

1. There is an increase in the presence of mentally ill people who are homeless. The LAHSA count documents an increase of 23 percent in the number of homeless individuals suffering from mental illness: 12,253 in the county. While there has been much progress in housing individuals who are homeless (Hollywood 4WRD collectively has housed over 400 people since 2010), the remaining victims are those who are "super-chronic," or the "most vulnerable." It is very difficult to secure help for the severely mentally ill and without a concerted effort these individuals

Afternoon tea at Chado Tea Room

Chado Tea Room has three locations in the Los Angeles area, including the Hollywood and Highland store. (Courtesy Photo)

My three girlfriends and I enjoyed a very special afternoon tea at Chado Tea Room at the Hollywood and Highland Complex. The food was beyond good. We each selected our own pot of piping hot tea from the over 200 different flavors offered. Two of us warmed up with a delicious tomato cream soup while the others enjoyed a refreshing salad. Then, beautifully presented on a three tier rack, were warm scones fresh from the oven with orange marmalade and Chado's special homemade cream on the side. Another tier offered yummy half sandwiches on toasted breads:

-Limerick - English cucumbers served on buttered bread and decorated with cream cheese and green onions,

-Punjab - eggs marinated in our Lapsang Souchong Smoked Tea then combined with Mayonnaise and green onions

-Smoked Salmon - served open faced on dark rye bread with cream cheese and topped with baby dill and a slice of lemon

-Souchong Chicken - shredded smoked chicken breast combined with mayonnaise and Cranberry Lingonberry sauce

The dessert tier included slices of old fashioned pineapple upside down cake, white cake with berry filling and creamy icing, and Madeline cookies decorated with sliced strawberries. Lastly we enjoyed ice cream with a tea sauce. Incredible! But even better than the food was the excellent service we received from Jay and Enrique. Their friendly, attentive manner made us feel at home. For me, this is the best tea room by far of of the tea rooms I've visited.

BID's Sidewalk Vending Concerns

...Continued from Page 1

pacted by tour hawkers, CD vendors, and street characters. We simply cannot accommodate more activity on the sidewalks while also promoting a safe pedestrian experience.

At the June 11 hearing, the CLA staff running the meeting asked three questions of those testifying: First, should the city maintain the status quo and continue to enforce existing laws which prohibit vending on streets and sidewalks (largely a complaint-driven enforcement)? Second, should the city continue to prohibit sidewalk vending and increase proactive enforcement and fines/penalties? Third, should the city allow sidewalk vending, create new rules and regulations, and provide training and education for vendors?

The position of both BIDs at present is to oppose the creation of a new ordinance that would extend sidewalk vending opportunities throughout the city. Because the city is so diverse, it does not make sense to adopt a "one-size-fits-all" approach to vending. Therefore, if the city chooses to pursue this activity, Hollywood would respectfully ask to "opt-out" of a sidewalk vending framework. Conversely, if the city moves toward a community-driven ordinance, then other parts of the city would be empowered to seek these activities in their neighborhoods, but this would not be a desire of the core part of downtown Hollywood.

The "Coalition to Save Small Business" has been formed to articulate the concerns of BIDs and the business community about a sidewalk vending ordinance. Information can be obtained on the Facebook page https://www.facebook.com/SaveSmallBusinessLA. There is also a way to sign a petition on the group's Facebook page. Greetings Jt. Security Committee,

I hope your summer is going well.

We are taking a hiatus from the committee meeting this month – please plan to come together again on Thursday, September 10 at 10 a.m.

Here are two important meetings to be aware of:

1. Thursday evening, August 13, the city is holding another hearing on the sidewalk vending ordinance...and it is in Hollywood at LA City College. We really need businesses to speak up. It is at 855 N. Vermont Avenue. 6 – 8 p.m. If you can get a business to attend, I will write their talking points (one minute). Here are details attached.

2. Thursday afternoon is the annual all property owners meeting for both BIDs at the Loews Hollywood Hotel. Meeting goes from 4:30 – 6 p.m. and there is a no-host reception from 6 – 7 p.m. I've attached invite for that as well.

Thank you and enjoy your summer!

Kerry

Hi everyone,

Our office is closed on Friday, July 3rd due to the Independence Day holiday. Would you be available to meet for "First" Friday on Friday, July 10th instead?

Also, would it be possible if this month we met at our District Office in Echo Park? I have an intern coming that morning so that would be a huge help.

Thanks!

YOU DON'T WANT TO WORK ON A HOLIDAY????

The following Friday makes total sense…but that morning we have a meeting with our board president. Could we do lunch…we could come your way, but that is the of of DeLeon's lunches (state of state). I am not going…so that would not be a problem. Will you guys be there on July 10 at lunch?

MEMORANDUM

January 12, 2016

TO: Carol Massie, President, Board of Directors
Central Hollywood Coalition

FROM: Kerry Morrison, Executive Director
Hollywood Property Owners Alliance

SUBJECT: Change Order

Carol, the following represents a change order to reflect the continuation of the agreement between the Hollywood Property Owners Alliance and the Central Hollywood Coalition.

The following provisions of the Service Agreement are hereby amended:

Section 1. Payment for Services.

1.1 Payment Amount. CHC shall pay HPOA for the cost of providing the Services (hereinafter, the "Service Fee") in accordance with the Budget. The contract amount shall be ~~$157,000~~ $165,480 per annum, with monthly payments of ~~$13,083~~ $13,790 Said monthly payments shall be made no later than the first of each month, without the need for any further invoice or presentment. Subject to adjustments to said payments based on revisions to the scope of Services and/or the Budget in the manner provided for herein, said Service Fee is intended to include all amounts payable by CHC to HPOA for the Services to be provided hereunder, including without limitation for HPOA's overhead and administrative costs, payroll, profit, and costs for materials, equipment, and supplies.

Section 3: Term; Termination.

3.1 Term. This Agreement shall be effective as of its full execution and shall continue up to and including December 31, 2016 (the "Term"). Any renewal or extension of this Agreement beyond December 31, 2016, shall require the mutual written consent or approval of the parties, and each party may withhold such consent or approval in its sole and absolute discretion. Notwithstanding the foregoing, it is understood that HPOA shall be responsible under paragraphs A.1 and A.3 of Exhibit A to this Agreement for preparing the quarterly and annual planning reports referred to therein for the applicable period(s) immediately prior to the end of the Term of this Agreement, even if such reports are not finalized and submitted until after said date, and for those limited purposes the Term of this Agreement shall be deemed to be extended until such tasks are performed.

5.12 Delivery of CHC Books and Records to CHC upon Termination of Agreement. Upon termination of this Agreement, HPOA shall promptly deliver to CHC all books and records relating to the Services performed by HPOA for and on behalf of CHC and cooperate with CHC in making an orderly transition so that CHC can continue to provide such Services itself or with another third party such as HPOA. Such books and records shall include those documents and records indicated below. In the event any of such books and records are combined with confidential books and records of HPOA (e.g., books and records pertaining to HED), HPOA shall be entitled to redact or excise such confidential information from the books and records provided to CHC. CHC shall be responsible for reimbursing HPOA for HPOA's actual and reasonable out-of-pocket copying costs for making such books and records available to CHC, but HPOA shall not otherwise be entitled to compensation for such services.

5.12 (a) Document retention procedures. HPOA shall follow the document retention procedures outlined below.

Type of Document	**Retention**

EXHIBIT A – SERVICES (rev. January 11, 2016)

ADMINISTRATION

A. BID Contract Compliance

1. Preparation of narrative and financial portion of Quarterly Reports to City (January 31, 2016; April 30, 2016; July 31, 2015; October 31, 2016; and January 31, 2017.)
2. Preparation of narrative portion of Annual Planning Report (December 1, 2016).
3. Coordination of Annual Meeting of Property Owners (Summer 2016)
4. HPOA will ensure that CHC is in compliance with all requirements of the city's Standard Contract with Business Improvement Districts.

B. Budgeting and Financial Management

1. Work with the CHC bookkeeper to develop an annual budget for review by CHC Board of Directors by the October board meeting.
2. Submit invoices to City Clerk for payment of assessment revenues due SVBID
3. In concert with CHC bookeeper, maintain bank accounts and financial records.
4. Retain accounting firm to prepare annual financial review and annual tax return.

C. Database Management

1. Supervise relationship with Willdan Financial Services who will provide technical consulting to update the SVBID property database, calculate annual CPI increases, incorporate changes due to property demolitions or additions of square footage, and the preparation of the annual property assessment roll (June 1) for use by the County Tax Collector.[1]
2. Update and maintain proprietary property owner contact information on master property database. This includes all information gathered separate from official county assessor originated database developed by Willdan Financial and includes: key contact name for mailing, mailing address, phone, fax, and email address and secondary contacts, where available.
3. Create and maintain database of contacts for communications from CHC to SVBID stakeholders.

D. Other Administration

1. Assist the CHC Board in any contract discussions/negotiations with City of Los Angeles.
2. Purchase stationery for CHC/SVBID.

---

[1] The parties recognize that Willdan Financial Services ("Willdan") entered into a relationship with, and performed its initial work regarding parcel assessments and related matters for, CHC prior to HPOA's assumption of the supervisory services reflected in this section. The parties further agree, therefore, that CHC's indemnity of HPOA as provided in Section 4.1B of the Service Agreement specifically includes any Claims arising out of Willdan's parcel assessment and related work.

E. Meetings

1. Prepare for and manage all Board of Director and committee meetings (includes agenda preparation and minutes).
2. Post all required legal notices
3. Respond to public information requests
4. Implement policies and requests of Board of Directors

F. Stakeholder Relations

1. Respond to and coordinate requests from property owners relative to requests from the BID: phone inquiries, correspondence, emails.
2. Refer property owners to city services when appropriate
3. Handle inquiries and questions relative to BID assessments

COMMUNICATIONS AND MARKETING

A. Prepare and distribute all correspondence to property owners:

1. Quarterly newsletter in a format identified by Board of Directors. Current format is via mail, coupled with online e-subscription.
2. Email communications and alerts

B. Oversee maintenance and periodic updating of Sunset & Vine website (Note: actual cost of hosting paid by SVBID).

C. Coordinate all media relations inquiries and identify appropriate spokespeople for SVBID area:

1. Prepare talking points
2. Develop list of media contacts to which press releases are sent and proactively cultivate these relationships. Pitch stories about developments and activities within SVBID.
3. Maintain current information on BID website easily accessed by the media for purposes of finding out background about the Sunset & Vine BID.

~~**D. Create press kit**~~

~~1. Secure and work with consultant to develop graphic format and materials for inclusion in press kit~~
~~2. Coordinate printing and assembly of press kits~~

E. Map

1. Work with graphic consultant to develop and update a map of SVBID for use by property owners, real estate brokers, and on web.

F. Branding and special marketing projects

1. Work with local restaurants to implement the fifth annual "Sunset and Dine" event in 2016. Activities include organizing planning meetings, assisting committee efforts to recruit participating restaurants; handling logistics associated with event production; marketing; ticket sales; program and follow-up.
2. ~~Participate in efforts to organize a grass-roots/fringe-style music festival in Hollywood in mid-to-late 2015.~~ Represent the interests of the SVBID in the second annual Only in Hollywood Mustic + Arts Festival planned for Q3 2016.
4. Work with an ad-hoc Marketing Working Group to plan activities for 2016 to promote the Sunset & Vine BID.

SECURITY OPERATIONS

A. Supervise contract with Security Vendor

1. Review service array for contract between CHC and Security Vendor.
2. Serve as conduit between security vendor and CHC Security Committee on all questions, directions and shift and program changes
3. Review weekly logs and follow up on issues as appropriate
4. Keep specific property owners informed about actions taken in and around their properties and organize meetings, where warranted, to tackle problem solving with owners, businesses, LAPD and BID Patrol.
5. Review and verify accuracy of invoices.
6. Coordinate, with security vendor, the acquisition of Trespass Arrest Authorization forms from all property owners, to place on file in BID Security Office and at LAPD.

B. Maintain liaison with local law enforcement

1. Serve as key conduit between CHC and LAPD Senior Lead Officer and command staff.
2. Serve as key conduit between CHC and Office of the Neighborhood Prosecutor. ~~(if applicable)~~

C. Coordinate activities of CHC/SVBID Security Committee (held in tandem with HED Security Committee)

1. Prepare agendas, post in public location and keep meeting notes.
2. Arrange for guest presentations and updates on community activities.

D. Coordinate communications with property owners

1. Draft updates for inclusion in newsletter and website, when developed.
2. Handle all incoming calls from property owners relative to service concerns or requests for assistance vis-a-vis LAPD response, homeless issues, and the like.

E. Coordinate partnerships to address homeless situation

1. Maintain liaison with social service providers and homeless advocacy organizations that serve Hollywood: People Assisting the Homeless (PATH), The Center in Hollywood ~~at Blessed Sacrament,~~ LA Youth Network, My Friend's Place, Housing Works, LA County Mental Health, and Hollywood 4WRD.

2. Identify patterns of homeless activity in the SVBID and work with law enforcement and social service providers to address issues related to: criminal activity, needs for shelter and referrals, needs for referrals to mental health services.
3. Work with property and business owners to "harden the target" to make some areas less hospitable to encampments. Measures include:
    - identify candidates to take advantage of DWP lighting program;
    - fencing alleys, vacant lots, driveways etc. where appropriate;
    - posting "no trespassing signs" where appropriate;
    - securing vacant buildings to discourage squatting.

F. Maintain Video Surveillance Camera

1. Maintain service agreement with Metro Video Systems for video surveillance camera located at Sunset and Cahuenga.

MAINTENANCE OPERATIONS

A. Supervise contract with a maintenance service provider.

1. Coordinate "walk-throughs" of the district with committee members and vendor to identify punch list of problems and tasks
2. Supervise maintenance contract with Clean Street and ensure compliance with scope of work.
3. ~~In cooperation with the HPOA, add an amendment to the Cleanstreet contract for ongoing maintenance and clean up of each of the freeway off ramps leading into downtown Hollywood, utilizing DWP grant funds. Oversee the implementation of this task and adjust as needed.~~

5. In consultation with Streetscape Committee, identify, each year, their preference for utilization of annual DWP grant (not guaranteed) and implement service accordingly.

B. Initiate contacts with the city for ongoing services

1. Order adopt- a-baskets as-needed from the city for use on streets where permanent trash receptacles are not presently located.
2. Contact the Office of the Community Beautification (Public Works) to obtain supply request forms, including paint, and graffiti remover (when available).

C. Monitor and track trends of ongoing issues

1. Secure permission slips for graffiti abatement and track problem areas.
2. Correspond with LAPD on any persistent gang graffiti incidents.

D. Meeting administration

1. Organize meetings with streetscape committee on an as-needed basis.
2. Attend monthly meetings of the LA BID Consortium to network with city officials and work with other BIDs to advocate for city services;

3. Coordinate bi-annual meetings with maintenance staff to discuss issues and priority areas.

E. Beautification

1. ~~Work with LAPD to identify suspect responsible for vandalizing the 50+ trees planted along Vine Street. When a re-planting effort is warranted, coordinate the plans and develop a budget to replant the trees.~~

2. ~~Draft a Request for Qualifications (RFQ) to identify a landscape and design consultant to create a streetscape and beautification plan for the SVBID. Seek competitive proposals and retain a consultant to prepare plan by end of year.~~

3. Under the direction of the Streetscape Committee, and utilizing data gathered through District walk-through, prepare a plan and budget to address special beautification projects, including public art installations, tree planting, street furniture, tree well improvements and related projects.

SERVICE EXCLUSIONS**

For the avoidance of doubt, the Services do not include the following. Though staff may monitor or coordinate, additional professional resources must be hired.

- Services typically provided by professional independent contractors (such as but not limited to landscape and beautification plan development; web design and hosting);
- preparation of tax returns
- maintenance of assessment data, tracking of property transfers, calculation of annual CPI adjustment;
- preparation of annual assessment roll to Clerk in June of each year

Total Admin	**172,640**	**20**	**684,841**	**80**	**857,481**	**100**

* All non-programmatic administrative, staff and overhead costs are split proportionately 26% Sunset and 74% Hollywood. These costs include: office equipment, office expenses, telephone, business meals, payroll, payroll taxes, and 401(k). Rent costs are split 22% Sunset and 78% Hollywood.

Program Cost Sharing

Security Patrol**	808,300	34	1,558,000	66	2,358,000	100
Maintenance	381,381	30	895,000	70	1,276,381	100

** Over the past several years, the ratio has fluctuated from 32 to 34%. *However, for budgeting purposes, we have formulated a ratio of expenses, based in large part, upon the percentage breakdown when the initial office was established in 2007 (34/66). This is the ratio used to divide shared costs relative to supervision, administrative office support, equipment and ancillary office services at the Security Headquarters.*

1 Synopsis

1. In March 2016, property manager Bryan Kim worked with Los Angeles City Council District 13 field representative Aram Taslagyan to clean up some homeless encampments around Kim's properties. While City laws and procedures were followed for most of these cleanups, Taslagyan seems to have organized at least one of them contrary to law and procedure. It appears that Taslagyan did this because Kim needed the area clean immediately due to an impending property inspection. This constitutes a violation of LAMC 49.5.5(A) by Taslagyan.

2 Background

2. Sean Starkey was an intern at Los Angeles City Council District 13 ("CD13") in March 2016. Aram Taslagyan is a CD13 field deputy. Mitch O'Farrell is the Councilmember for CD13.

3. Bryan Kim is a property manager who handles some properties in CD13.

3 Laws

4. The Los Angeles Municipal Code at §49.5.5(A) states in part that:

> City officials, agency employees, . . . shall not misuse or attempt to misuse their positions . . . to create or attempt to create a private advantage or disadvantage, financial or otherwise, for any person.

4 Facts

5. On March 8, 2016, Bryan Kim talked to Sean Starkey about cleaning up some homeless encampments in CD13. Evidently their phone call was disconnected and they continued their conversation via email. In this email exchange Kim asked Starkey:

> Can you please forward the policy and procedure documentation along with the timeline for clearing the homeless from the discussed area?

Starkey replied:

> Below is [sic] the steps we go through with all homeless encampments. There is not a specific timeline for the process. It all depends on each agency. . . .
> – Reported to BSS[2]
> – BSS assigns investigator to the site who visually inspects the site
> – BSS contacts LAHSA[3]

---

[2] Bureau of Street Services.

[3] Los Angeles Homeless Services Authority.

– LAHSA conducts outreach and offers services
– LAHSA makes second visit
– LAHSA signs off
– Public Works signs off
– Sanitation allocates days to Council Offices
– Sanitation posts at the site 72 hours prior
– Council Office coordinates LAPD

See Exhibit 1 (page 10).

6. That Starkey's description of the process is accurate is confirmed by the Department of Sanitation's Standard Operating Procedure ("SOP") for cleaning sidewalks in compliance with LAMC 56.11.[4] The SOP was developed by the Department of Sanitation in compliance with the City Council's mandate that it:

   > promulgate rules, protocols and procedures for the implementation and enforcement of this ordinance [LAMC 56.11], consistent with the provisions herein.

   The SOP was reviewed by the City Attorney and found to conform with the ordinance. The relevant pages can be found in Exhibit 2 (page 12).[5]

7. In particular, Step #6 in the SOP for homeless encampments elaborates on the 72 hour posting requirement, which is actually a 24 hour posting requirement, stating that:

   > a notice will be posted at the clean-up location a minimum of 24 hours in advance of the clean-up date/time . . . The posted notice shall be photographed by LASAN to document the notification of the pending clean-up. The Notice shall be valid for only 72 hours from posting. If the encampment clean-up cannot commence within 72 hours from posting, then a new posting must re-occur before the clean-up may commence.

   See Exhibit 2 (page 12).

8. On March 9, 2016 Kim set up a meeting for March 11, 2016 with Aram Taslagyan at the CD13 district office. He asked to meet with Mitch O'Farrell at this time, but Taslagyan said that O'Farrell was not available. See Exhibit 3 (page 16). On March 10, 2016, Kim asked Starkey via an email related to this meeting:

   > What would be the next available meeting with Councilmen [sic] O'Ferrel [sic] be re: homeless encampment on Vermont/Monroe Ave?

   See Exhibit 4 (page 18).

---

[4] This is the law governing the impoundment of personal property stored on public sidewalks.

[5] The complete document is quite lengthy so I didn't include it. I got a copy from Sanitation via CPRA.

9. This meeting seems to have taken place as scheduled at 9:30 a.m. on March 11 at the CD13 district office. See Exhibit 5 (page 20).

10. Between March 15 and March 18, Aram Taslagyan and the LA Bureau of Sanitation ("LA San") exchanged at least 20 pages of emails organizing the cleanup of encampments on the 700 block of North Vermont Avenue between Monroe Street and Marathon Street (see map at Exhibit 6, page 22, see email exchange at Exhibit 7, page 24). On March 21, 2016, Richard Young of LA San emailed a long list of his colleagues to confirm the March 22 cleanup locations. He specifically noted that the entire 700 block of North Vermont was posted on both sides of the street. See Exhibit 8 (page 45).

11. On Tuesday, March 22, 2016 at 5:41 p.m., after the cleanup took place, Bryan Kim emailed Aram Taslagyan, stating (see Exhibit 9, page 48):[6]

> Aram,
>
> Good to see you briefly today.
>
> Vermont is cleared but they all moved to Marathon St.
>
> If we can work together to relocate them off Marathon St. that would be great. As tenants have made complaints and neighboring groups are gravely concerned.
>
> LAPD had two open incident requests under same ticket and should be visiting by tomorrow.
>
> Further, the la housing authority emergency evacuation group said they will be making way this week offering relocation assistance.
>
> Let's see what we can do together.
>
> I will call you tomorrow to touch base and share thoughts.
>
> Thanks very much.
> Bryan Kim

12. On Tuesday, March 22 at 5:49 p.m. Aram Taslagyan replied (see Exhibit 9, page 48):

> Hi Bryan
>
> Nice to see you as well.
>
> I'll make sure both marathon and Monroe are posted as well next time
>
> Best

---

[6] Lineation adjusted from original email.

13. On Tuesday, March 22 at 11:21 p.m. Bryan Kim replied (see Exhibit 9, page 48):

> Hi Aram,
>
> Appreciate it, thank you very much. Happy to help, will share insight tomorrow.
>
> Fyi As there is a property inspection this Friday,[7] if we can do what ever it takes for a removal this Thursday[8] on Marathon and Vermont. Attached is a pic on Marathon.
>
> This is very important we work towards a resolve as timing is key.
>
> With kind regards,
> Bryan Kim

14. On Wednesday, March 23 at 9:48 a.m. Bryan Kim emailed Aram Taslagyan (see Exhibit 10, page 52), stating:

> Good morning, Aram,
>
> Just to share an update from this morning.
>
> The concentration of homeless tents have diminished and it looks like it spread out on North end of Marathon.
>
> . . .

15. On Wednesday, March 23, 2016 at 11:59 a.m. Aram Taslagyan emailed Bryan Kim (Exhibit 11, page 54):

> Hi Bryan,
>
> It's all clean now. We will continue to monitor the area, as will LAPD.
>
> Please let me know if it starts up again at any level.

5 Conclusions

16. The City of Los Angeles has an official process for cleaning up homeless encampments that takes a theoretical minimum of 24 hours to carry out (Paragraphs 6, 7). The staff of CD13 understands the details of this process (Paragraph 5).

---

[7] March 25, 2016.

[8] March 24, 2016.

17. On or before March 8, 2016, Bryan Kim began discussions with CD13 field deputy Aram Taslagyan about cleaning up homeless encampments on N. Vermont Avenue (Paragraphs 8, 9). It took until March 22, 2016 for Taslagyan to arrange this cleanup. The process involved dozens of emails among Taslagyan and various LA Sanitation employees (Paragraph 10).

18. On the afternoon of March 22, after the policy-compliant cleanup took place, Kim told Taslagyan that the homeless people had moved around the corner to (an unposted area on) Marathon Street (Paragraph 11). Taslagyan's reply implies that there was nothing to be done at that time but in the future they would post notice of cleanup on Marathon Street to prevent this from happening again (Paragraph 12). This is a tacit acknowledgement that it was not within policy to clean up the relocated encampment on Marathon Street without beginning the lengthy process over again.

19. Late on the night of Tuesday, March 22, 2016, Kim told Taslagyan that it was extremely important to him that the relocated encampment on Marathon Street be cleaned up before Friday, March 25, as he had an impending property inspection (Paragraph 13). Thus the cleanup of the relocated encampment on Marathon Street would constitute a private benefit for Kim.

20. At 9:48 a.m. on Wednesday, March 23, according to Kim, the homeless encampment was still present on Marathon (Paragraph 14). At 11:59 a.m. on Wednesday, Taslagyan told Kim "[i]t's all clean now." (Paragraph 15). Since it is not possible to arrange a policy-compliant encampment cleanup in fewer than 24 hours, this cleanup was in violation of City policy. Thus Taslagyan misused his position to arrange it.

21. Thus Aram Taslagyan intentionally (Paragraph 18) misused (Paragraph 20) his position to create a private advantage (Paragraph 19) for Bryan Kim. This constitutes a violation of LAMC 49.5.5(A) (Paragraph 4).

6 Requested action

22. I ask the City Ethics Commission to investigate whether these actions constitute a violation of LAMC §49.5.5(A) on the part of Aram Taslagyan and, if they do, to see that he's held responsible for his actions.

7 Other considerations

23. On March 9, 2016, at the beginning of the episode described here, Bryan Kim asked Aram Taslagyan and Sean Starkey to set up a meeting with him, Mitch O'Farrell, and "another party to see what we can contribute and help to work together" (see Exhibit 12, page 56). It seems likely from subsequent emails that this other party was Lawrence Han (see e.g. email in same chain dated March 17 cc-ed to Han, Exhibit 13, page 58). On Friday, March 25, after the episode described here, Kim arranged for a

lunch with him, Aram Taslagyan, and Lawrence Han (see Exhibit 14, page 60). This lunch took place on March 29 from 12:30 p.m. to 1:30 p.m. (see Exhibit 15, page 62).

24. At 3 p.m. on March 29, after the lunch with Taslagyan and Han, Bryan Kim emailed Aram Taslagyan, stating: "FYI we would like to also give a contribution to your office to support your helpful services. Is there anything we should know about? (See Exhibit 16, page 64). The fact that Kim made this offer after a lunch at which Lawrence Han was present in conjunction with the fact that Kim was discussing Han in the context of contributions on March 9 make it at least plausible that Kim and Han were offering money in exchange for encampment cleanup. Taslagyan passed the issue off to Jeanne Min, Mitch O'Farrell's chief of staff, telling Kim: "I am copying our chief of staff, Jeanne Min, who is better suited to answer your question." (See Exhibit 16, page 64). Kim subsequently asked Min if she had time for a phone call and Min said that she was happy to and that she would be in touch (Exhibit 16, page 64).

25. I don't have any more evidence relating to campaign contributions and this whole episode, and if there is more evidence, it's not likely to be part of the public record and is therefore beyond my investigative reach. It's possibly not beyond the reach of the CEC, though, which is why I'm bringing it to your attention.

Good to speak with you. This is helpful. Can you please forward the policy and procedure documentation along with the timeline for clearing the homeless from the discussed area? Thank you. Do you have an encampment report internally or one for the general public or building owner on what they need to know or can do to alleviate this ongoing issue? Thank you.

8.2 Exhibit 2 – Department of Sanitation Standard Operating Procedure for Cleaning Homeless Encampments

INTRODUCTION

The City of Los Angeles is responsible for the maintenance of sidewalks and other public areas owned, managed or maintained by the City. These public areas must remain safe, clean, sanitary and accessible for public use by all individuals. To promote general public health and safety of all public areas, while balancing the needs of the City's population, at all levels, the City recently made amendments to the City of Los Angeles Municipal Code (LAMC) 56.11 to regulate any personal property disposed, left or stored in public areas.

These protocols outline the operating guidelines, designation of tasks, and scope of work for regulating the storage of personal property in public areas and the allowance for the impoundment of such property, after the provision of notice, as provided for in LAMC 56.11.

BACKGROUND

LAMC 56.11 regulates storage of property on the City's public right-of-way, defined by LAMC 56.11 as including sidewalks, alleys, and streets. The Ordinance's Declaration of Legislative Intent states, in part, that the unauthorized use of public areas for the storage of personal property interferes with the rights of other members of the public to use public areas for their intended purposes and can create a public health or safety hazard that adversely affects residential and commercial areas. The purpose of LAMC 56.11 is to maintain public areas in clean, sanitary and accessible condition for all.

DESIGNATED ADMINISTRATIVE AGENCY, LAMC 56.11.11

Los Angeles Sanitation (LASAN) serves as the Designated Administrative Agency ("DAA") under the ordinance. The DAA shall promulgate rules, protocols and procedures for the implementation and enforcement of this ordinance, consistent with the provisions herein. The DAA is authorized to make administrative and ministerial revisions to these protocols, and/or forms and posting notices as needed to address unanticipated scenarios or any amendments to LAMC 56.11 or applicable codes or statutes.

CITY ATTORNEY REVIEW

The City Attorney's Office has reviewed the following LAMC 56.11 protocols for conformity with the Ordinance and subsequent amendments.

PROCEDURE #2 – Homeless Encampment Clean-up Authorization

Upon data entry, a Homeless Encampment clean-up authorization number is created and assigned to the designated location. The following process must be completed in order for full approval of the authorization to commence the clean-up operation.

LEAD DEPARTMENT: LASAN
PRIMARY SUPPORT: LAHSA or OHSP
SECONDARY SUPPORT: LAPD, BSS, GSD, LADOT, RAP

Homeless Encampment Clean-up Authorization Protocol

Step #1 – **REFERRAL:** LASAN will initiate the Homeless Encampment clean-up authorization process by verifying the encampment and its location including City owned, managed, or maintained property, and by taking photographic evidence of the location. LASAN will then submit the information into a Homeless Encampment data management system. The required information fields consist of, but are not limited to the following:

1. Address and/or cross street locations of the homeless encampment (or closest address);
2. Description of the encampment(s), including photographs of the encampment;
3. Additional location description (i.e. alley, under bridge, on overpass, etc.);
4. Date location visited /assessed.

Step #2 – **LAHSA AUTHORIZATION**: Outreach to the homeless individuals in the area will be conducted by the Los Angeles Homeless Services Authority (LAHSA) or Other Homeless Service Provider (OHSP) to inform the homeless residents of the upcoming clean-up efforts and the requirement to relocate both themselves and their possessions from the clean-up areas prior to the clean-up date/time. During these visits, LAHSA or the OHSP shall offer available assistance and social services to the homeless in the designated area. Upon completion of the visits, LAHSA will sign off on the authorization.

Step #3 – **LASAN – CHIEF ECO Authorization**: Once LAHSA or OHSP has signed off, the authorization shall be reviewed and approved by the LASAN —Chief Environmental Officer, or his/her designee.

Step #4 – **BOARD OF PUBLIC WORKS AUTHORIZATION**: The President of the Board of Public Works or designated commissioner shall review and approve the clean-up. The authorization is valid for up to 90 days from BPW approval or through completion of the clean-up at the location, whichever comes first.

Step #5 – **HOMELESS ENCAMPMENT CLEAN-UP SCHEDULING**: LASAN shall program and schedule encampment clean-ups.

Step #6 – **NOTICING**: As required in Procedure #3, a notice will be posted at the clean-up location a minimum of 24 hours in advance of the clean-up date/time (See Appendix 1). The posted notice shall be photographed by LASAN to document the notification of the pending clean-up. The Notice shall be valid for only 72 hours from posting. If the encampment clean-up cannot commence within 72 hours from posting, then a new posting must re-occur before the clean-up may commence.

Step #7 – **DOCUMENTATION**: The Designated LASAN Employee overseeing the clean-up shall document the clean-up, health hazard assessments and impounded property.

Dear Aram,

Hope your having a good week.

Thanks for your voicemail, I tried to call you and left a message.

I also appreciate next Tuesday as being a planned date for making a cleaning round on Vermont and Monroe. I'll await to hear back on the final word and may be there with you.

As for status touch points..
How about we schedule 1st and 3rd Mondays 11-11:30am starting 10/21 to collaborate and share updates, joint status and proposed next steps. Others may join or I may represent their updates.

Hi Renee,

We want to go to these locations in this order. I have placed the 5th location there if they have time to do it on that day.

1) 4849 Vermont Place @ Vermont Ave
2) 700 N Vermont Ave @ Marathon Ave
3) 3445 John St @ Hoover St
4) 300 N Juanita Ave @ Oakwood Ave
5) 1820 N Argyle Ave @ Franklin Ave

Can you confirm as soon as possible?

Thanks!

Due to the size of 300 Juanita, we may not be able to clean it with this many other locations. It takes most of the day on it's own.

Hi Renee

I just noticed that there is a mistake with 701 Vermont. 701 Vermont @ 7th Street should be south Vermont, not north and that's outside of our district. That makes sense because we don't have encampments at 701 N Vermont.

Same goes for 776 Vermont @ 8th Street. Should be south and outside CD13.

The correct ones are 700 N Vermont @ Marathon and 750 N Vermont @ Monroe. But these 2 are essentially 1 very long row of encampments.

You also mentioned 3445 John St has expired. Does that mean we won't be able to get to that on Tuesday? If so, then we will most likely have enough time for 300 N Juanita, I think.

Can you advise on all of these points?

Thank you!

Can you send again the list of locations that will be cleaned on Tuesday. Please exclude 701 and 776 Vermont because it makes it appear that there are 4 separate locations when in reality it's only one and those 2 are not even in our district.

I need to have this list so I can send it over to LAPD today.

Hi Aram,

I remember us speaking about 776 you thought it should be South right? I looks like LAHSA processed this under your name. Basically #'s 2, 3 & 4 are all one location but I do have to POST and list all authorizations, so we close all the calls. I will add the note to let them know this is all a one block radius from 7th - 8th on N Vermont.

This one includes the note:

CD 13

1. **Authorization #: 2015-00991** 4640 Vermont Place @ Vermont Ave (Sidewalk/Parkway on a dead end street, near the Vermont Ave Intersection)
2. **Authorization #: 2016-00310** 700 N Vermont Ave @ Marathon Ave (Sidewalk/Street both sides of the street)
3. **Authorization #: 2016-00330** 760 N VERMONT AV @ MONROE ST (Sidewalk/Parkway/Street entire block on both sides of the street)
4. **Authorization #: 2016-00331** 776 N VERMONT AV @ 8th St (Sidewalk/Street entire block on both sides of the street)
5. **Authorization #: 2016-00150** 300 N Juanita Ave @ Oakwood Ave (Sidewalk/Street entire block on both sides of the street) *(This is a large encampment may need to be scheduled alone)*
6. **Authorization #: 2015-01074** 1820 N Argyle Ave @ Franklin Ave (Sidewalk)

Note: #'s 2, 3 & 4 are all one location the 700 – 800 N block of Vermont Ave, I am Posting the entire block on both sides of the street.

Yes because Vermont by 7th and 8th street are far outside our district. The 700 block of North Vermont is between marathon ave and Monroe ave. want to make sure crews don't go out to 5th street ;)

Aram,

Good to see you briefly today.

Vermont is cleared but they all
moved to Marathon St.

If we can work together to
relocate them off Marathon
St. that would be great. As tenants
have made complaints and
neighboring groups are gravely concerned.

LAPD had two open incident requests
under same ticket and should be
visiting by tomorrow.

Further, the la housing authority
emergency evacuation group
said they will be making way
this week offering relocation
assistance.

Let's see what we can do together.

I will call you tomorrow to
touch base and share thoughts.

Thanks very much.

Hi Aram,

Appreciate it, thank you very much. Happy to help, will share insight tomorrow.

Fyi
As there is a property inspection
this Friday, if we can do what
ever it takes for a removal this
Thursday on Marathon and Vermont. Attached is a pic on Marathon.

This is very important we work
towards a resolve as timing is key.

Good morning Aram,

Just to share an update from this morning.

The concentration of homeless tents have diminished and looks like it spread out on North end of Marathon.

Lapd was called again this morning as one was urinating on sidewalk facing lot 1 and there was a shopping cart blocking sidewalk passage way. They should be arriving before 10.30am to survey.

Case #1328

Can they put signs on Marathon and Vermont to redirect them? Further,
I am still exploring a viable shelter option. Many do not have space available.

I will advise any notable updates.

Thanks very much.

Good morning, Dan.

I'd like to look at all emails from January 1, 2016 through whenever you comply with this request that meet any of the following criteria:

1. Are to/from/cc/bcc LAPD Officer Paul Hendry and anyone at CD13, including your boss.

2. Are in the possession of anyone at CD13 and mention Paul Hendry but are not otherwise included in the first criterion. I think likely search terms here are "hendry" and "32276", but perhaps you can suggest some additional ones.

Thanks,

Adrian

Good evening, Dan.

I'd like to take a look at a copy of your boss's remarks at the ground-breaking ceremony for the Meridian Apartments on Vermont Avenue just south of Beverly on February 11, 2016. Also if you all have any publicity materials, photos, recordings either audio or video, press releases, stuff like that associated with that event, I'd also like to take a look at that stuff. Or to obtain copies in native electronic formats if that's easier.

Thanks,

Adrian

Good morning, Dan.

I'd like to take a look at all communications between anyone at the City Ethics Commission and anyone at CD13 from January 1, 2016 through whenever you comply with this request. For email communications this should include not only to/from but cc/bcc as well. If there is a inordinate amount of routine communication due to procedures or policies, perhaps you can describe it to me so that I can narrow my request.

Thanks,

Adrian

Good morning, Dan.

I'd like to take a look at all communications between anyone at the City Ethics Commission and anyone at CD13 from January 1, 2016 through whenever you comply with this request. For email communications this should include not only to/from but cc/bcc as well. If there is a inordinate amount of routine communication due to procedures or policies, perhaps you can describe it to me so that I can narrow my request.

Thanks,

Adrian

Good morning, Dan.

I'd like to take a look at all communications between anyone at the City Ethics Commission and anyone at CD13 from January 1, 2016 through whenever you comply with this request. For email communications this should include not only to/from but cc/bcc as well. If there is a inordinate amount of routine communication due to procedures or policies, perhaps you can describe it to me so that I can narrow my request.

Thanks,

Adrian

Hi Jeanne and Tony,

I'm Patrick McDonald, the content editor at Coalition to Preserve LA, the sponsor of the Neighborhood Integrity Initiative.

Pursuant to the California Public Records Act, the Coalition to Preserve LA is making three requests the following information:

Request #1:

Starting in 2013 through September 26, 2016, we ask for a document that lists all calendar dates that Councilman Mitch O'Farrell and/or anyone on his staff met with any representatives from CH Palladium/Crescent Heights and any lobbyists who represented them. We know that Afriat Consulting Group and Latham & Watkins have been hired lobbyists for CH Palladium/Crescent Heights. The information should relate to the Sunset Palladium project.

We would like detailed information of who met with whom during those meetings.

Under the law, the Coalition to Preserve LA is to receive these materials within 10 working days, or a detailed response describing any unavoidable delays. If you have any questions about this request, please contact me, Patrick Range McDonald, at 310-746-7361.

Request #2:

Starting in 2013 through September 26, 2016, we ask for a document that lists all calendar dates that Councilman Mitch O'Farrell and/or anyone on his staff met with any representatives from Frost/Chaddock Developers, including any lobbyists who represented them. We know that Armbruster Goldsmith & Delvac has been a hired lobbyist for them. The information should relate to the Frost/Chaddock Silver Lake projects on Sunset Boulevard.

We would like detailed information of who met with whom during those meetings.

Under the law, the Coalition to Preserve LA is to receive these materials within 10 working days, or a detailed response describing any unavoidable delays. If you have any questions about this request, please contact me, Patrick Range McDonald, at 310-746-7361.

Request #3:

Starting in 2013 through September 26, 2016, we ask for a document that lists all calendar dates that Councilman Mitch O'Farrell and/or anyone on their staff met with any representatives from Harridge Development Group and/or Mort La Kretz and/or his representatives, including any lobbyists who represented them. We know that Liner LLP has been hired lobbyists for them. The information should relate to the Crossroads of the World project on Sunset Boulevard.

We would like detailed information of who met with whom during those meetings.

Under the law, the Coalition to Preserve LA is to receive these materials within 10 working days, or a detailed response describing any unavoidable delays. If you have any questions about this request, please contact me, Patrick Range McDonald, at 310-746-7361.

Also, please confirm to my email today that you have received this email.

Thanks,
Patrick McDonald

Dear Dan,

I'm writing to inquire as to whether this email to me from Gigi is CD13's official approved response to my request. If it is, may I remind you that CD13 is the custodian of these records, not ITA, and is therefore required to respond to my request in compliance with the law. May I also note that this request is not compliant with CPRA?

If this email does not constitute CD13's official response to my request, please arrange for an official, CPRA-compliant, response in a timely manner.

Thanks,

Adrian

p.s. I know you're on vacation until Thursday, which I'm taking into account in my calculation of "timely."

Good evening, Dan.

I'd like to take a look at a copy of your boss's remarks at the ground-breaking ceremony for the Meridian Apartments on Vermont Avenue just south of Beverly on February 11, 2016. Also if you all have any publicity materials, photos, recordings either audio or video, press releases, stuff like that associated with that event, I'd also like to take a look at that stuff. Or to obtain copies in native electronic formats if that's easier.

Thanks,

Adrian

Hi Adrian,
It's a link to City Council Agenda for Wednesday 3/30/16. I am not sure why the link came out the way it did, but as you can see on the email exchange, the recipient of my email was unable to open it also.

You can search for the agenda for this day on the LA City Clerk Connect website.

Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to emails between CD13 and Lao Moua of PATH from 1/1/16 through the present.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before October 26, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

It's possible that some of these attachments may be responsive to some of my earlier CPRA requests. If this is the case I only need one copy, but if it turns out to be more efficient to supply duplicates that's fine with me. Please choose whichever option is best for you.

To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

I'd like to take a look at all emails internal to CD13 that mention Bryan Kim from January 1, 2016 through September 30, 2016. I would also like to look at any other CD13 records (apart from emails to/from Bryan Kim, which I've already requested) that relate to Bryan Kim, e.g. calendar entries, notes, minutes, agendas of meetings, and so on. I'd like to see these from the same time span.

Thanks,

Adrian

Good morning, Dan.

I'd like to look at all emails from January 1, 2016 through whenever you comply with this request that meet any of the following criteria:

1. Are to/from/cc/bcc LAPD Officer Paul Hendry and anyone at CD13, including your boss.

2. Are in the possession of anyone at CD13 and mention Paul Hendry but are not otherwise included in the first criterion. I think likely search terms here are "hendry" and "32276", but perhaps you can suggest some additional ones.

Thanks,

Adrian

Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to CF 16-1054.

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before October 21, 2016. If you have any questions, you may reach me at (213) 207-3015. We greatly appreciate your courtesy and cooperation in this matter.

Good evening, Dan.

I'd like to take a look at enough records to allow me to understand in detail how CD13 staff has been trained and/or instructed in the City's current process for breaking up homeless encampments. I would also like to see records pertaining to CD13's implementation of this policy.

This should include but not be limited to policy documents, email discussions or discussions in other mediums of the origin and implementation of the policy, forms or descriptions of procedures associated with the policy, and so on.

I am under the impression that CD13 arranges for LAPD presences at encampment cleanups. If this is accurate I'd like to see records relating to that aspect of the process. E.g. emails relating to scheduling, actual schedules, and so on.

I am also under the impression that CD13 staff attends some or all of these cleanups. I'd like to see records relating to that as well.

If CD13 produces any kind of audio or visual records with respect to homeless encampment cleanup, I would like to see those as well. E.g.

perhaps you all take pictures or videos while you're out in the field investigating or cleaning homeless encampments. I would like to see all such records.

I would like to see such records produced since January 1, 2016.

Finally, note that this request overlaps to some extent with a request that I made on July 31 of this year to which your office has failed to respond as required by State law. Other than that one request, your office has an impeccable response record, so rather than fussing over what was probably no more than an inadvertent error on CD13's part, I thought I'd expand and resubmit the request. Consequently, I would like to withdraw that July 31 request. I'm cc-ing this to Marisol because you told me that she was handling that old request, even though she doesn't actually seem to be doing so.

Thanks,

Adrian

Subject: Re: CPRA Requests

Hi Kimberly,
Since Thursday 9/29 (one week ago today), we have received **11 new CPRA requests from Adrian Riskin.** This includes seven requests that came in over the weekend, as well as a new one today.

I'm including the list below. The first two requests ask for attachments to emails previously provided to Mr. Riskin, and the following nine are all brand-new requests. Some of them are quite extensive. The sixth request on the list (involving LA Conservation Corps) has within it 10 individual questions.

By our count, since May 19th of this year CD13 now has **71 new CPRA requests** from Mr. Riskin.

Attachment from an email from AT to Bryan Kim in its native electronic format	9/29/16
Attachment from an email from Bryan Kim to MSR & AT in its native electronic format	9/29/16
All emails between CD13 and strzenterprises.com, 7/1/15 - date of compliance	9/29/16
All emails between CD13 and Renee Shackelford, Bladimir Campos or Richard Young, 8/1/16 - 9/30/16 (CD13.2016.10.01.a)	10/1/16
A copy of the original email to Mary Rodriguez (included in an earlier CPRA request) in its original electronic format (CD13.2016.10.02.a)	10/2/16
Understanding LACC/CD13 relationship: 1. What is happening at these work sites? LA Conservation Corps is cleaning up as directed by CD13 staff? Something else? 2. What role do the assigned staff members play? Do they show up, do they work, do they coordinate with the Conservation Corps? Something else? 3. Why and how is the Conservation Corps involved? Does CD13 contract with them? Have a non-contractual arrangement? Something else? (CD13.2016.10.02.b)	10/2/16
All Clean Team reports for September 2016 (CD13.2016.10.02.c)	10/2/16
I'm trying to determine how far in advance of a HE clean-up CD13 is aware of the date it is going to be cleaned up. As you can see from the attached email, on Thursday January 7, 2016, Juan Fregoso is discussing clean-ups scheduled for Wednesday January 13, 2016. This suggests that in some circumstances CD13 is aware of HE clean-up dates six days in advance. I would like to see enough records to allow me to understand the normal	10/2/16

range of CD13's advance knowledge. In particular, this should include all emails or other communications between anyone and Juan Fregoso which resulted in his knowing on January 7 about HE clean-ups scheduled for January 13. If whatever course of events occurred for that incident is no longer standard, can you please also let me see corresponding records for the most recent instance of CD13 becoming aware of the actual scheduled dates of an HE clean-up? (CD13.2016.10.02.d)	
All emails between Darlene Fernandez (PATH) and CD13, 1/1/16 - date of compliance (CD13.2016.10.02.e)	10/2/16
All emails between Lao Moua (PATH) and CD13, 1/1/16 - date of compliance, + all attachments to Darlene Fernandez emails in their original electronic formats	10/2/16
All emails between Ethics Commission and CD13, 1/1/16 - date of compliance	10/6/16

Thank you,

Hi Tony,

I'm just giving you notice that I will be in during that time span to see those specified records, not seeking to debate the issue with you. If this is unclear to you for some reason you might want to discuss it with someone at the City Attorney's office.

Thanks again,

The CPRA does not require notice but if the records are not ready for review at the time he shows, he will just have to come back when they are ready.

With this email I'm giving notice that I will be in your office tomorrow, Tuesday, March 3, 2020 at some point between 11 AM and 3 PM to inspect the following records in electronic format as specified. Also see attached PDF.

Please note that in the interest of efficiency I am providing your office with this notice even though the California Public Records Act requires the production of these records on demand to any person even without advance notice.

1. Most current CARE team deployment plan in XLSX format and any other format held.

2. Most current CARE+ team deployment plan in XLSX format and any other format held.

3. Most current CARE+ rotational calendar as PDF and/or XLSX.

4. Most current CARE+ locations list as PDF and/or XLSX.

5. Most current A Bridge Home CARE+ calendar as PDF and/or XLSX.

6. Most current OHS CARE+ Calendar as PDF and/or XLSX.

7. Most current OHS Venice CARE+ Calendar as PDF and/or XLSX.

8. Most current Mobile Hygiene Unit Calendar as PDF and/or XLSX.

9. Most current LSD Posting Sheets as PDF and/or XLSX.

10. Most current CARE confirmation sheet as PDF and/or XLSX.

11. Most current CARE+ confirmation sheet as PDF and/or XLSX.

12. Most current LASAN CARE Operations Master Calendar as PDF and/or XLSX.

13. Most current LASAN CARE+ Operations Master Calendar as PDF and/or XLSX.

Thanks for your attention to this essential matter.

Adrian

Tony,

The CPRA does not require notice but if the records are not ready for review at the time he shows, he will just have to come back when they are ready.

Happy Monday!

Subject: CPRA requests in general
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

In accordance with CPRA at section 6253(c) I will no longer, at your direction, be forwarding my requests around to various members of your local agency, Los Angeles City Council District 13. As I'm sure you're aware, the law requires CD13 to respond within 10 days of receipt of my request. It doesn't require me to guess who to send my request to. If you all publish an intelligible policy making it clear where requests are to be sent I will, in the spirit of cooperation, gladly follow it. Until you do so, I will send my requests to you and trust that, in compliance with CPRA, with LAMC at 49.5.5(A), and with the City Charter at section 213, you will deal with them as you are required to do.

Thanks again for "your courtesy and cooperation in this matter."

Subject Re: NEW ENCAMPMENT AT TAMARIND AVENUE RIGHT IN FRONT OF OUR BUILDING

We had a tenant in our building who would always try to find excuses for everything that would happen regarding our street residents.
One night he was returning home and he was robbed at the gunpoint. Very quickly his attitude changed and he became so terrified, which led him to immediately move out of his residence on Tamarind Ave.

They deserve to be taken care of and live under the roof and we deserve to have our street clean again and safe, peaceful life, as much as that can be. I hope you can revisit your thoughts, Adam.

Obviously, there is no rules or any law for homeless people. They are allowed to be and do whatever they wish. Therefore, we need to do whatever we can. We are on our own.
We have to watch for each other and protect everyone's property.

If we would be able to place those red plant boxes, like on the TV News, all along the grass part, on the other side of Tamarind Ave. all the way up to a sidewalk...they would not have a space to place the tent.
We need to get to the point for our Tamarind street to be clean and without tents.

Our entrance to the parking lot was full of toilet paper this evening. Obviously the passing cars blew them from the place where they were used for toilet use.

We need to brainstorm and do what we can...

There was a report on NBC 4 news last night how the property owners are fighting everywhere to protect their buildings from trash, human waste, and vomit.
In order to keep their property in good condition, they put huge heavy plant pots all along the sidewalks, giving space for people to walk through, but there is absolutely no room for any tent.
If the tents are allowed to block the sidewalks and grass areas with all kinds of trash and tents, the property managers are allowed to put the beautiful huge plants all along then, as well.
IMPORTANT: The reason to do that is not homelessness but beautifying our neighborhood, which we all need and want.

We should do it on the stretch of Tamarind Ave. And eventually on Carlos Ave., which has

been trashed for a long time.

On top of everything, as I was going home last Sunday I saw a man shuffling the trash into the sewage system on the corner of Tamarind and Gower.

Of course, I immediately took our broom and waste bag and pulled everything out of there and stored it into the waste bag.

If that continues, one day we'll be all flooded because the water will not be able to get through if we get multiple days of strong rain.

And God forbid if our building gets caught on fire (our building is next to a freeway) and there is no access to a street... ???!!

Please watch the last night's report on how property owners protect their properties.

In the past week the amount of trash, human waste and vomit (watch where you step), and obviously stolen property has continued to spread and overflow into our grass, sidewalks and extremely limited available street parking. I saw an LAHSA van this morning in addition to LAPD overseeing a towing ($$$!!!), but I did not see any interaction with the homeless or any encampment approached.

Where do regularly paid taxes towards municipal funding go if locations and laws are only enforced selectively? Was the Gower St median encampment permitted over the holidays, but banished for Awards season? What is the amount of filth (a smashed A/C unit spilling God knows what chemicals for the past week) on the these streets doing to our oceans, our air, our grass, our drinking water?

Many of the new occupiers on Tamarind and Carlos exhibit disturbing and illegal behaviors... Please get these people the services they need. But also please protect those of us who remain that still pay taxes, abide by laws, and dispose of our trash and waste responsibly.

For a long time now, we have been patiently waiting for the promised bridge housing to relocate the encampment on Carlos and Tamarind. Updates we receive from Council member O'Farrell are encouraging on paper but totally different from what's happening in our neighborhood. Sad to say, the encampment next to us which is within his district should be given priority but is not. We feel neglected, abandoned and made to suffer even more each day. We seem to think that our area has been declared the destination for new transients.

Just four days ago, the little corner in the cul-de-sac in front of our building was occupied by a group of people without regard to the planters which we have been trying to care for over the years. I have attached pictures taken yesterday of the new tents between planters which have been damaged or used as support for their tents. Patrol cars were observed in the cul-de-sac yesterday but judging by what went after their visit, another tent went up on the sidewalk sometime later. We wonder if that's the confirmation of our suspicion that they were directed to camp out in that corner.

Last night, loud music and conversation could be heard coming from that corner. Co-incidentally, our locks to secure our electrical outlet and water pipes in front of our building were gone missing. Who else could we blame for it? Are these just a sample of what we can expect from this new encampment? These transients are a threat to our security and safety but being ignored by the authorities. Who else can we turn to? It's one thing to accept responsibility for the problem of homelessness in the city, doing something to address and resolve it is another. The longer you allow this to go unchecked and get out of control the more our City Officials should consider resigning to give others the chance to solve the problem they so allowed to be created.

Regarding (d), if they're "already in the public domain" then please release them immediately as the law requires. Not sure why you're telling me this otherwise.

Also it appears that you created that spreadsheet on October 23, 2019. Why did you then wait four months to release it?

Hi Dan,
Great chat – thank you
Attached is our current 2020 schedule
Also attached is a City of LA event that we are hosting on March 19. You are welcome to attend as my guest to get a feel for what we do and who attends – just let me know, and I will let staff know to comp a tix for you.

Let's pencil in the Heart of Hollywood project for November 2020.
I will make a note to follow-up with you in JUNE to see how the project is progressing and to see if November will be a good time to start sharing information.
How does that sound?

THANKS BUNCHES!

Dear Councilmember O'Farrell & Mr. Halden,
We hope you will be able to assist us in getting a presentation about the Heart of Hollywood Initiative with a focus on the Walk of Fame Master Plan.

It would be great if you, a representative from the City of Hollywood (maybe Director of Public Works) and Gensler would join us to discuss the project and the resulting construction / consulting opportunities that will become available.

Construction Network is the premier construction industry networking group in Southern California. We feature over 50 capital program presentations annual with most of our focus on public sector projects.

Our network would be thrilled to have this presentation featured at one of our VIP Breakfast events in downtown LA for Fall 2020 (maybe November)!

If you are interested, please let me know so that we can proceed with scheduling.

We hope you will accept our offer to present, and we will patiently await your reply!

THANK YOU!

and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt) and District Director Marisol Rodriguez.

Gordan, Susan, and myself all live on Cole Ave. across from the Hollywood Rec. Center. In 2016&2017 we lived with junkie encampment in and around the Hollywood Rec. Center.
In Jan 2018 the encampment was removed. Now the encampments are starting to pop back up.

I really want to say on top of this. I don't want another encampment of junkies springing up at the Hollywood Rec. Center like there was in 2016-17.
Last week Gordan had an individual come onto his property please see attached photo. Can you fine folks please assist us with keeping our neighborhood safe.

Photos attached to email. please see below what is going on in this thread.

thank you all for your service

I had an attempted break in recently by an individual who I caught on my porch (and who I have on Video and reported to the police), I believe this individual is sleeping rough in one of the encampments on Cole & at the Jehovah Witness Salon and who is using the street to defecate on (between the cars on Cole). It's a health hazard and a worry on so many levels.

A young family member who was visiting me earlier this week said was scared to use the children's play area because of the encampments attached to the fence and was afraid of the erratic behavior, language & drug taking of one which she alleges she saw.

I appreciate the scale of this problem in Hollywood and the pressure you are under but I share all of Susans concerns and also ask for a solution as this is happening on our doorsteps.

Best Wishes

Gentlemen,

It's been a while since we've had to contact you about tents and encampments around the Hollywood Rec Center. But please be informed that there have been multiple tents set up for moths now. And I've included a picture of a couple.
There is a young man that stays in the red tent on the right, that had his tent in a little nook on Lexington for the last several months. Because he was given a "pass" for those months to not take down his tent, he has now moved over to Cole in a more visible location on the sidewalk. I'm afraid this duration and visibility have given others a cue to set up also. As you can see there is now a very large tent on Lexington. Not sure who is staying in the new tent. But can we please get social services, LAHSA, etc our here. We really can't let this grow to the public health and safety debacle of last year.

Subject: Hollywood Neighbors: The Walk of Fame Needs Your Input!

Neighbors,

As a reminder, we are hosting our recurring "Heart to Heart" roundtable meetings to discuss the Walk of Fame Master Plan and other efforts associated with the HEART of Hollywood initiative. Please join us! We generally meet on **Wednesdays at 9am and 2:30pm**, and **Thursdays at 6pm.** Just email me directly to RSVP.

The concept plan for the Walk of Fame Master Plan project is now available to view online HERE. Upon viewing the concept plan, you can fill out a survey HERE.

We are grateful for your feedback and participation throughout this process.

Warm Regards,

Dan Halden
Director, *HEART of Hollywood*

Don't expect something like that to be enforced. Documents that people put in their trash are often recovered during investigations both private and government, and anything in the trash is considered semi public in that the person didn't want it and didn't take steps to protect it. So yes agreed definitely shred shred shred

Obviously, there is no rules or any law for homeless people. They are allowed to be and do whatever they wish. Therefore, we need to do whatever we can. We are on our own.
We have to watch for each other and protect everyone's property.

If we would be able to place those red plant boxes, like on the TV News, all along the grass part, on the other side of Tamarind Ave. all the way up to a sidewalk...they would not have a space to place the tent.

We need to get to the point for our Tamarind street to be clean and without tents.

Our entrance to the parking lot was full of toilet paper this evening. Obviously the passing cars blew them from the place where they were used for toilet use.

We need to brainstorm and do what we can...

There was a report on NBC 4 news last night how the property owners are fighting everywhere to protect their buildings from trash, human waste, and vomit.

In order to keep their property in good condition, they put huge heavy plant pots all along the sidewalks, giving space for people to walk through, but there is absolutely no room for any tent.

If the tents are allowed to block the sidewalks and grass areas with all kinds of trash and tents, the property managers are allowed to put the beautiful huge plants all along then, as well.

IMPORTANT: The reason to do that is not homelessness but beautifying our neighborhood, which we all need and want.

We should do it on the stretch of Tamarind Ave. And eventually on Carlos Ave., which has been trashed for a long time.

On top of everything, as I was going home last Sunday I saw a man shuffling the trash into the sewage system on the corner of Tamarind and Gower.

Of course, I immediately took our broom and waste bag and pulled everything out of there and stored it into the waste bag.

If that continues, one day we'll be all flooded because the water will not be able to get through if we get multiple days of strong rain.

And God forbid if our building gets caught on fire (our building is next to a freeway) and there is no access to a street... ???!!

Please watch the last night's report on how property owners protect their properties.

In the past week the amount of trash, human waste and vomit (watch where you step), and obviously stolen property has continued to spread and overflow into our grass, sidewalks and extremely limited available street parking. I saw an LAHSA van this morning in addition to LAPD overseeing a towing ($$$!!!), but I did not see any interaction with the homeless or any encampment approached.

Where do regularly paid taxes towards municipal funding go if locations and laws are only enforced selectively? Was the Gower St median encampment permitted over the holidays, but banished for Awards season? What is the amount of filth (a smashed A/C unit spilling God knows what chemicals for the past week) on the these streets doing to our oceans, our air, our grass, our drinking water?

Many of the new occupiers on Tamarind and Carlos exhibit disturbing and illegal behaviors... Please get these people the services they need. But also please protect those of us who remain that still pay taxes, abide by laws, and dispose of our trash and waste responsibly.

Sad to say, the encampment next to us which is within his district should be given priority but is not. We feel neglected, abandoned and made to suffer even more each day. We seem to think that our area has been declared the destination for new transients.

Just four days ago, the little corner in the cul-de-sac in front of our building was occupied by a group of people without regard to the planters which we have been trying to care for over the years. I have attached pictures taken yesterday of the new tents between planters which have been damaged or used as support for their tents. Patrol cars were observed in the cul-de-sac yesterday but judging by what went after their visit, another tent went up on the sidewalk sometime later. We wonder if that's the confirmation of our suspicion that they were directed to camp out in that corner.

Last night, loud music and conversation could be heard coming from that corner. Co-incidentally, our locks to secure our electrical outlet and water pipes in front of our building were gone missing. Who else could we blame for it? Are these just a sample of what we can expect from this new encampment? These transients are a threat to our security and safety but being ignored by the authorities. Who else can we turn to? It's one thing to accept responsibility for the problem of homelessness in the city, doing something to address and resolve it is another. The longer you allow this to go unchecked and get out of control the more our City Officials should consider resigning to give others the chance to solve the problem they so allowed to be created.

There was a report on NBC 4 news last night how the property owners are fighting everywhere to protect their buildings from trash, human waste, and vomit.

In order to keep their property in good condition, they put huge heavy plant pots all along the sidewalks, giving space for people to walk through, but there is absolutely no room for any tent.

If the tents are allowed to block the sidewalks and grass areas with all kinds of trash and tents, the property managers are allowed to put the beautiful huge plants all along then, as well.

IMPORTANT: The reason to do that is not homelessness but beautifying our neighborhood, which we all need and want.

We should do it on the stretch of Tamarind Ave. And eventually on Carlos Ave., which has been trashed for a long time.

On top of everything, as I was going home last Sunday I saw a man shuffling the trash into the sewage system on the corner of Tamarind and Gower.

Of course, I immediately took our broom and waste bag and pulled everything out of there and stored it into the waste bag.

If that continues, one day we'll be all flooded because the water will not be able to get through if we get multiple days of strong rain.

And God forbid if our building gets caught on fire (our building is next to a freeway) and there is no access to a street... ???!!

Please watch the last night's report on how property owners protect their properties.

The population increase on Tamarind Ave increased immediately following AND AS A DIRECT RESULT of the complete clearing of the Gower St median between Carlos Ave and Yucca St last Monday by the LAPD.

In the past week the amount of trash, human waste and vomit (watch where you step), and obviously stolen property has continued to spread and overflow into our grass, sidewalks and extremely limited available street parking. I saw an LAHSA van this morning in addition to LAPD overseeing a towing ($$$!!!), but I did not see any interaction with the homeless or any encampment approached.

Where do regularly paid taxes towards municipal funding go if locations and laws are only enforced selectively? Was the Gower St median encampment permitted over the holidays, but banished for Awards season? What is the amount of filth (a smashed A/C unit spilling God knows what chemicals for the past week) on the these streets doing to our oceans, our air, our grass, our drinking water?

Many of the new occupiers on Tamarind and Carlos exhibit disturbing and illegal behaviors... Please get these people the services they need. But also please protect those of us who remain that still pay taxes, abide by laws, and dispose of our trash and waste responsibly.

Updates we receive from Council member O'Farrell are encouraging on paper but totally different from what's happening in our neighborhood. Sad to say, the encampment next to us which is within his district should be given priority but is not. We feel neglected, abandoned and made to suffer even more each day. We seem to think that our area has been declared the destination for new transients.

I have attached pictures taken yesterday of the new tents between planters which have been damaged or used as support for their tents. Patrol cars were observed in the cul-de-sac yesterday but judging by what went after their visit, another tent went up on the sidewalk sometime later. We wonder if that's the confirmation of our suspicion that they were directed to camp out in that corner.

Are these just a sample of what we can expect from this new encampment? These transients are a threat to our security and safety but being ignored by the authorities. Who else can we turn to? It's one thing to accept responsibility for the problem of homelessness in the city, doing something to address and resolve it is another. The longer you allow this to go unchecked and get out of control the more our City Officials should consider resigning to give others the chance to solve the problem they so allowed to be created.

CD 6 CARE Team October Deployment Plan

The Unified Homelessness Response Center is reaching out to share a suggested deployment calendar for your District's CARE (Cleaning and Rapid Engagement) Team for the 20 day deployment period in October. As discussed in this week's briefings for Council Offices, as we surge from 2 guaranteed service days a month per District to 20 guaranteed service days a month per District, the UHRC is providing a suggested calendar for your consideration and revision to support Council Offices in transitioning to expanded service days. This calendar was populated using CleanStat data on encampment locations collected in your District in the past quarter. The UHRC looks forward to your review and ensuring that every service slot meets your priorities.

Using the calendar
Your CARE team's suggested deployment plan is available here: CD6 October CARE Team Deployment Plan.

Your CARE team will be providing services 20 days a month in your District. For each day of that deployment cycle, the UHRC and LASAN have suggested six (6) service locations in the tracker linked above. If there are any locations listed that do not align with the priorities of your District, simply mark the check box next to the location to modify the service location. Please type in where you would prefer the team to visit instead. If the location listed aligns with the needs of your office, simply leave the review columns blank and the UHRC will proceed with those listed locations.

In order to ensure a smooth roll out next week, we are requesting Council Office feedback by mid-day Monday on these plans. As discussed in briefings this week, moving forward the UHRC will work with each Council Office to ensure a longer review process on these deployment calendars, but we want to ensure that we hit the ground running on October 1st.

Contingency days
As we discussed in this weeks briefings for Council Offices, in order to ensure that last minute schedule changes don't disrupt the calendar, the UHRC has held open three service slots per week so that as last minute needs arise, they can be easily addressed. You will see these service slots listed as "Contingency" on Mondays, Wednesdays, and Fridays. Please note that to ensure that no service opportunities are missed during the first week of deployment, contingency service times begin on Week 2 of the calendar. If this cadence of contingency days does not align with your Office's needs, please mark the checkbox next to these locations and annotate where you would like to send your CARE team instead.

As contingencies arise or scheduling changes, please email UHRC@lacity.org to let us know where you need your CARE team to go, and we will work to coordinate the inter-agency supports needed.

November deployment priorities
Because the UHRC will quickly pivot to developing a suggested November deployment category for your Council District, the last tab in this tracker includes a quick form for you to fill out with your chronic priority locations. This will help the UHRC best reflect your preferences in the next draft deployment calendar.

Meeting your field team
We've heard from a number of Council Offices that they would like to meet with their new CARE team. If you would like to meet your new CARE team, we recommend annotating one of your contingency time

Council Partners,

The UHRC is reaching out to share projected calendars for CARE+ locations for the next 20 day rotational period, which will run from December 23, 2019 through January 17, 2020.

Attached, please find projected calendars for the City-wide comprehensive, posted cleanups, as well as service schedules for Operations Healthy Streets, and service sites for the city's four (4) mobile hygiene units.

As you review these projected CARE+ locations, **please note that these sites should reflect the conversations between Council Districts and LASAN's Community Services Group about priority and chronic locations in each District.** If you do not see your priority sites adequately reflected, please reach out to your CSG liaison and we will adjust accordingly.

Please note that due to the Holidays during this 20 day rotational period, CARE program operations will not be completed on December 25th or January 1st, and the Unified Homelessness Response Center will be closed on these dates. Due to LAPD deployment around the holidays, all CARE program operations on December 24th and December 31st will be converted to spot cleaning or illegal dumping enforcement. If your Council District was scheduled for CARE+ operations on these dates, our team has moved your CARE+ service date to a different date this month to ensure that Council Districts do not lose a service date. Please don't hesitate to reach out to the UHRC with questions.

On behalf of our team, we hope you have a restful holiday season, and look forward to working with you in the New Year.

Thank you!
UHRC Team

We've done this, and they've been trashed. Between parts and labor we were in the thousands of dollars but the police even refuse to enforce felony vandalism. And now in march we're supposed to park all of our cars out there?

These 2 little streets (the stretch of Carlos from Gower to Bronson and our little Tamarind Ave.) are the perfect places where they can be relocated.

There was a report on NBC 4 news last night how the property owners are fighting everywhere to protect their buildings from trash, human waste, and vomit.
In order to keep their property in good condition, they put huge heavy plant pots all along the sidewalks, giving space for people to walk through, but there is absolutely no room for any tent.
If the tents are allowed to block the sidewalks and grass areas with all kinds of trash and tents, the property managers are allowed to put the beautiful huge plants all along then, as well.
IMPORTANT: The reason to do that is not homelessness but beautifying our neighborhood, which we all need and want.

We should do it on the stretch of Tamarind Ave. And eventually on Carlos Ave., which has been trashed for a long time.

On top of everything, as I was going home last Sunday I saw a man shuffling the trash into the sewage system on the corner of Tamarind and Gower.
Of course, I immediately took our broom and waste bag and pulled everything out of there and stored it into the waste bag.

If that continues, one day we'll be all flooded because the water will not be able to get through if we get multiple days of strong rain.

And God forbid if our building gets caught on fire (our building is next to a freeway) and there is no access to a street... ???!!

Please watch the last night's report on how property owners protect their properties.

The population increase on Tamarind Ave increased immediately following AND AS A DIRECT RESULT of the complete clearing of the Gower St median between Carlos Ave and Yucca St last Monday by the LAPD.

In the past week the amount of trash, human waste and vomit (watch where you step), and obviously stolen property has continued to spread and overflow into our grass, sidewalks and extremely limited available street parking. I saw an LAHSA van this morning in addition to LAPD overseeing a towing ($$$!!!), but I did not see any interaction with the homeless or any encampment approached.

Where do regularly paid taxes towards municipal funding go if locations and laws are only enforced selectively? Was the Gower St median encampment permitted over the holidays, but banished for Awards season? What is the amount of filth (a smashed A/C unit spilling God knows what chemicals for the past week) on the these streets doing to our oceans, our air, our grass, our drinking water?

our area has been declared the destination for new transients.

Just four days ago, the little corner in the cul-de-sac in front of our building was occupied by a group of people without regard to the planters which we have been trying to care for over the years. I have attached pictures taken yesterday of the new tents between planters which have been damaged or used as support for their tents. Patrol cars were observed in the cul-de-sac yesterday but judging by what went after their visit, another tent went up on the sidewalk sometime later. We wonder if that's the confirmation of our suspicion that they were directed to camp out in that corner.

Last night, loud music and conversation could be heard coming from that corner. Co-incidentally, our locks to secure our electrical outlet and water pipes in front of our building were gone missing. Who else could we blame for it? Are these just a sample of what we can expect from this new encampment? These transients are a threat to our security and safety but being ignored by the authorities. Who else can we turn to? It's one thing to accept responsibility for the problem of homelessness in the city, doing something to address and resolve it is another. The longer you allow this to go unchecked and get out of control the more our City Officials should consider resigning to give others the chance to solve the problem they so allowed to be created.

Hi-
There was no change when I left at 7-7.30AM this morning and the encampment is still there as of right now.

To add to Anthony's note, the individuals also seem to be attracting a number of sketchy people into our street, definitely checking it out and hanging around. I feel very uncomfortable about the situation and I think i can speak for most because our homes are "row houses" and our front doors open directly onto the street and are somewhat exposed, and so it goes that if the street doesn't feel safe to us, we can feel more vulnerable as a consequence and we citizens who live in the row are either single seniors, single women or single men, it can definitely be a concern coming home at night on your own at present. Tonight I put my car away - to someone shouting nonsense at me from out the darkness - and i'm on the other side of the street. I didn't enjoy it one little bit. I nearly jumped out of my skin.

But to your point, this morning, I left my house at about 8.30am and there was a police car present (which i was grateful to see) when I got back home around 12.15PM the guy was still there…and he's still trying to pack his stuff - which he never manages to do - so he basically spent 4 hours talking to himself and waving angrily, I'm not sure what his deal is but whatever it is; if he isn't a risk to himself he certainly has to be to a child.

Anyway, I guess my point is - they're still there, still attached to the kids playground and so, at present there's no change. I'm up fairly early tomorrow, will let you know if there's any developments -

Thanks again,

Gordon

I got back from San Diego this AM and this was the view I was greeted with, no kids playing - just - two tents - both in front of the playground - the picture complete with human excrement, which was close by.

As a stakeholder, I'm really concerned with this and how it impacts the local neighborhood, how we live our lives but in particular, our health and safety. If anyone would like to meet up and discuss in person - I would be more than happy to be part of a positive solution.

There is a young man that stays in the red tent on the right, that had his tent in a little nook on Lexington for the last several months. Because he was given a "pass" for those months to not take down his tent, he has

now moved over to Cole in a more visible location on the sidewalk. I'm afraid this duration and visibility have given others a cue to set up also. As you can see there is now a very large tent on Lexington. Not sure who is staying in the new tent. But can we please get social services, LAHSA, etc our here. We really can't let this grow to the public health and safety debacle of last year.

Please don't let this encampment grow.
It needs to be taken care of before it gets any larger. Can we get sanitation down there as soon as possible to clean.

Hi All,
I just got back from SF thinking the camps had been removed (bc I got an email from the dept of sanitation closing the complaint) only to find that both camps are still intact: the one blocking the emergency exit from the swimming pool on the north side of the rec center and the other blocking the side walk and attached to the kids play area opposite 1157 Cole.

I was hopeful they would be gone bc when these guys are camped here the kids feel unsafe and are scared to play in the park. It's such a shame bc it sucks the life out of the area.

Anyway, as it stands if the requests/complaints have been closed, do we now need to reopen them or file new complaints?

Also, I've another stakeholder to the email chain, Tim, (who owns 1157 Cole Ave) so he can get up-to-date with it all.

I appreciate your attention with this matter.

Thanks again,

Gordon

Fredrik, yes I made out a report at the Hollywood Police Station.

I'm in SF; back tomorrow and will be around over the holidays.

Best,

Gordan, Susan, and myself all live on Cole Ave. across from the Hollywood Rec. Center. In 2016&2017 we lived with junkie encampment in and around the Hollywood Rec. Center.
In Jan 2018 the encampment was removed. Now the encampments are starting to pop back up.
I really want to say on top of this. I don't want another encampment of junkies springing up at the Hollywood Rec. Center like there was in 2016-17.
Last week Gordan had an individual come onto his property please see attached photo. Can you fine folks please assist us with keeping our neighborhood safe.

Photos attached to email. please see below what is going on in this thread.

thank you all for your service

Hi!
Thanks for the email, Susan. I appreciate you. I live on 6434 Lexington, am a stakeholder and have been calling encampments in to 311 on a regular basis.

I had an attempted break in recently by an individual who I caught on my porch (and who I have on Video and reported to the police), I believe this individual is sleeping rough in one of the encampments on Cole & at the Jehovah Witness Salon and who is using the street to defecate on (between the cars on Cole). It's a health hazard and a worry on so many levels.

A young family member who was visiting me earlier this week said was scared to use the children's play area because of the encampments attached to the fence and was afraid of the erratic behavior, language & drug taking of one which she alleges she saw.

I appreciate the scale of this problem in Hollywood and the pressure you are under but I share all of Susans concerns and also ask for a solution as this is happening on our doorsteps.

Best Wishes

Subject: UPDATED 2020 SCHEDULE - "Heart to Hearts"
HOH meetings 2020.jpg

Hollywood Neighbors,

As you know, we recently added an additional weekly afternoon "Heart to Heart" meeting to our regular morning meeting schedule. "Heart to Hearts" are our recurring roundtable discussions where Hollywood stakeholders can meet other neighbors, learn about **HEART of Hollywood** updates, and hear details and provide feedback on the **Walk of Fame Master Plan.**

To accommodate the interest in these meetings, we will be adding a weekly **evening** meeting as well. The new "Heart to Heart" meeting schedule is:

Wednesdays - 9:00 AM
Wednesdays - 2:30 PM
Thursdays – 6:00 PM *(beginning January 23rd)*

A flyer is attached. Please email me if you would like to RSVP for an upcoming meeting. I look forward to seeing you soon!

Warm Regards,

Dan Halden
Director, *HEART of Hollywood*
Office of Councilmember Mitch O'Farrell, 13th District
(213) 254-7214 | daniel.halden@lacity.org | www.cd13.com

Subject: Hollywood Stakeholders: The Walk of Fame Needs Your Feedback!

Neighbors,

As you know, last week we released the concept for the Hollywood Walk of Fame Master Plan. This is just the first step in updating the Walk of Fame experience in a balanced, holistic, cohesive way.

As this project evolves, we want the Hollywood community to be involved every step of the way. Here's how you can help shape the Walk of Fame Master Plan:

- **#1)** View the Walk of Fame concept plan HERE
- **#2)** Fill out the Walk of Fame concept plan survey HERE

Additionally, a great way to stay involved is to attend one of my **"Heart to Heart"** meetings. These are roundtable discussions, held multiple times a week, where we discuss the Walk of Fame Master Plan and other HEART of Hollywood projects in more detail. Please see the flyer below/attached, and email me directly to RSVP.

As always, please feel free to contact me at any time.

Warm Regards,

Dan Halden
Director, *HEART of Hollywood*
Office of Councilmember Mitch O'Farrell, 13th District

Subject: Hollywood Neighbors: Join Us for Our Expanded "HEART TO HEARTS" in 2020!

Hollywood Neighbors,

Happy New Year! I hope this email finds you well.

We will be resuming our **"Heart to Heart"** meeting series next week, and I'd love for you to attend an upcoming session. "Heart to Hearts" are our weekly, recurring roundtable discussions where stakeholders can meet other neighbors, learn about **HEART of Hollywood** updates, and hear details and provide feedback on the **Walk of Fame Master Plan.**

To better accommodate the interest in these meetings, as well as people's busy schedules, I have added an afternoon meeting each week. These discussions will now take place on **Wednesdays at 9:00 AM and 2:30 PM.** Please email me directly to RSVP.

I look forward to working with you in 2020!

Warm Regards,

Dan Halden
Director, *HEART of Hollywood*
Office of Councilmember Mitch O'Farrell, 13th District

Subject: Hollywood Stakeholders: The Walk of Fame Needs Your Feedback!

Neighbors,

As you know, last week we released the concept for the Hollywood Walk of Fame Master Plan. This is just the first step in updating the Walk of Fame experience in a balanced, holistic, cohesive way.

As this project evolves, we want the Hollywood community to be involved every step of the way. Here's how you can help shape the Walk of Fame Master Plan:

- **#1)** View the Walk of Fame concept plan HERE
- **#2)** Fill out the Walk of Fame concept plan survey HERE

Additionally, a great way to stay involved is to attend one of my **"Heart to Heart"** meetings. These are roundtable discussions, held multiple times a week, where we discuss the Walk of Fame Master Plan and other HEART of Hollywood projects in more detail. Please see the flyer below/attached, and email me directly to RSVP.

As always, please feel free to contact me at any time.
Warm Regards,

Hi all,
Thank you for your update Sean, and sorry to hear about Albert, I'm sure he'll be sadly missed. Thank you for circulation our concerns.

Fredrik, yes I made out a report at the Hollywood Police Station.

I'm in SF; back tomorrow and will be around over the holidays.

Best,

Gordon

Gordan, Susan, and myself all live on Cole Ave. across from the Hollywood Rec. Center. In 2016&2017 we lived with junkie encampment in and around the Hollywood Rec. Center.
In Jan 2018 the encampment was removed. Now the encampments are starting to pop back up.
I really want to say on top of this. I don't want another encampment of junkies springing up at the Hollywood Rec. Center like there was in 2016-17.
Last week Gordan had an individual come onto his property please see attached photo. Can you fine folks please assist us with keeping our neighborhood safe.

I had an attempted break in recently by an individual who I caught on my porch (and who I have on Video and reported to the police), I believe this individual is sleeping rough in one of the encampments on Cole & at the Jehovah Witness Salon and who is using the street to defecate on (between the cars on Cole). It's a health hazard and a worry on so many levels.

A young family member who was visiting me earlier this week said was scared to use the children's play area because of the encampments attached to the fence and was afraid of the erratic behavior, language & drug taking of one which she alleges she saw.

I appreciate the scale of this problem in Hollywood and the pressure you are under but I share all of Susans concerns and also ask for a solution as this is happening on our doorsteps.

There is a young man that stays in the red tent on the right, that had his tent in a little nook on Lexington for the last several months. Because he was given a "pass" for those months to not take down his tent, he has now moved over to Cole in a more visible location on the sidewalk. I'm afraid this duration and visibility have given others a cue to set up also. As you can see there is now a very large tent on Lexington. Not sure who is staying in the new tent. But can we please get social services, LAHSA, etc our here. We really can't let this grow to the public health and safety debacle of last year.

Good morning everyone,
I am the new facility director at HRC and been here a little over two months. I routinely walk around the recreation center and have been constantly submitting service requests for all encampments. Please don't hesitate to send me an email if you see any new tents/homeless encampments.
I also spoke with the officer Corona this morning and he is aware of the situation with the individual in the security cam image. I have seen this individual around the facility many times. I will call LAPD if I see him/her again.

Was a report made with the LAPD regarding the attempted break in?

Sincerely,

Hi Everyone,
Here we go again, our little street is invaded. We've been trying to keep it clean and decent, but it looks like those days are over. We just don't deserve that, it looks like.

The LAPD was here this morning - two vehicles, but nothing has been done.

I don't understand why those people are not relocated where there is no residence. The best thing would be to locate them into some housing, but if that is not possible at the moment,
there are streets in LA that are not next to a residence, or kid's school, or old citizen place. We have all three of those here and nothing gets into consideration.

There was yelling and screaming last night again, they woke me up and I could not fall asleep again. I had a hard day in front of me and because of not enough sleep, I almost had an accident.
I need to pay my rent, I need to pay my utilities and I need to work. I had to cut my workday - today, come home and take a nap. Can not function properly because of everything.

Those people are doing anything to escape all of that, but some of us MUST work. Please relocate them, so we can keep our street clean and somehow quiet.

Thank You for hearing us and considering to help us, Kindly.
Amalisha

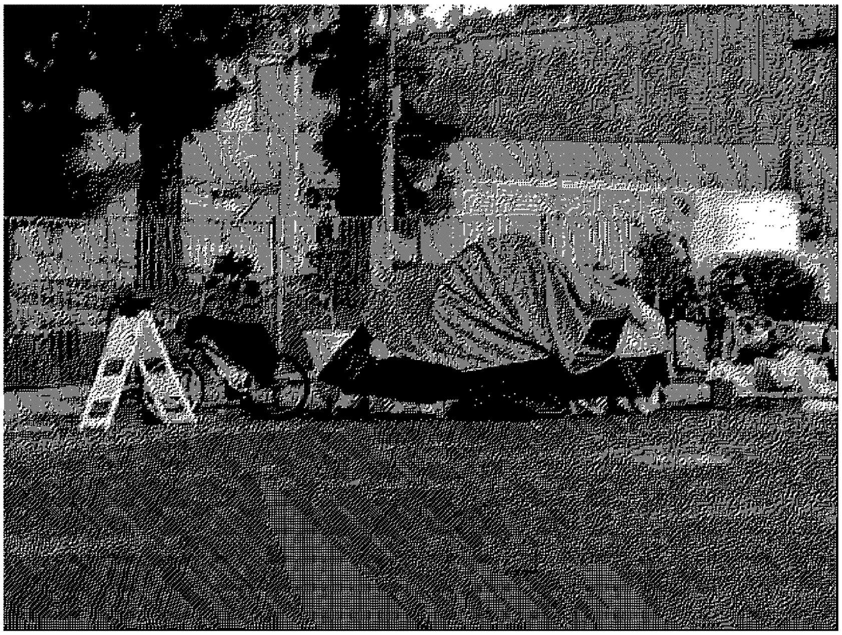
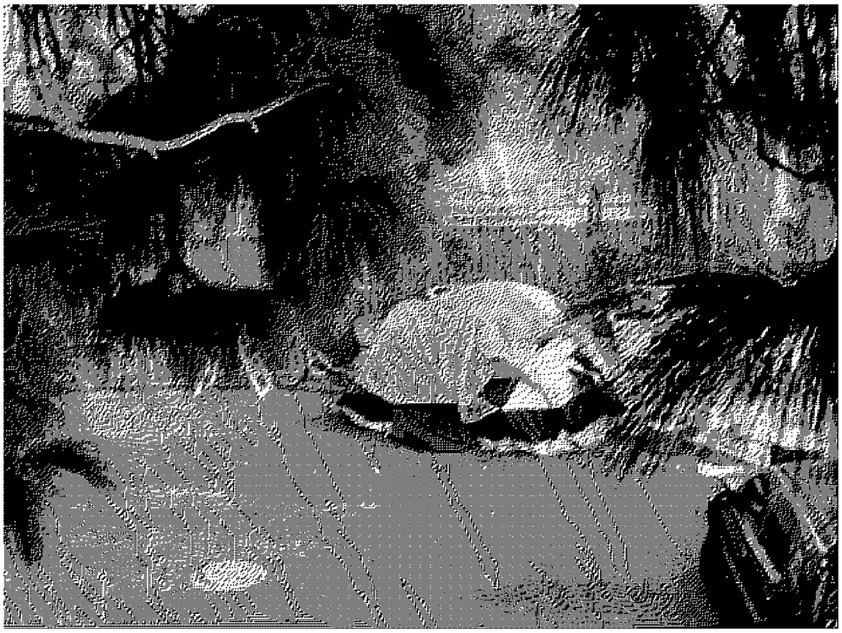
EXTERNAL SOURCE

They're back and in much worse form of habitation.





Another display of disrespect and utter disregard for reason. Isn't this justification enough for our city officials and LAPD to take them off our neighborhood?

I heard yelling for 10 minutes then saw a large police presence. There's still a lot to be done around. It needs to be enforced that this is not a adequate location to loaf. 70 percent out there are able bodied.

Subject: Re: NEW ENCAMPMENT AT TAMARIND AVENUE RIGHT IN FRONT OF OUR BUILDING

Someone just got stabbed (apparently with nail clippers) at the encampment on Carlos. :(

Also note, the woman behind the large orange umbrella (near the entrance on Tamarind) has a baseball bat as a weapon, and I've seen her wielding it frequently (including this morning while the stabbing confrontation took place). Beware.

In more positive news, the loud group who were spending every day partying/trashing/screaming on the corner outside Tamarind 1756 every day for the last few months have not been there for like 5 days straight??? We have been able to sleep and work -- and hear the birds again! I had forgotten what it's like to live with such peace. Amazing.

Thank you to anyone involved in moving this group away from our homes/windows. The fact I'm writing this while the police are outside due to a stabbing is ironic and shows there is still a LOT of work to do, but helping us residents who live here have any break from the 24/7 screaming/partying and profanity is something to be grateful for.

Do you really allow these transients to stay right in front of our building, let alone enable them to do their "business" there? They're not really in a tent, but in a dirty make-shift one that looks more like "shanties" in some "really depressed areas". Our tenants pay too much rent, for our authorities to tolerate their presence there.

Interested in your thoughts:

I spoke to LAPD and went to the Carlos/Tamarind location yesterday for a brief look.

Would residents of Carlos/Tamarind say problems associated with encampments, drugs and noise are equally distributed among those camped near the entrance on Tamarind and the younger folks camped on Carlos? Seems like two different populations. A member of the latter group told me she tries to keep heavy duty drug users off her turf.

While I was there, someone who was high and jumpy entered one of the tents on the south side of Carlos. He was chased out, got punched in the face and fell to the ground. When he got back to his feet, he was run off and told not to come back. One resident of the apartment building told me she is generally a live-and-let-live person but she doesn't feel safe.

I'm not sure, but the most established group on Carlos, directly across from the tamarind entrance, are the ones who drag all their stuff over to the Tamarind residences every daytime (after tents-down), including speakers to play their loud music, and then spend the day shrieking up and down the street, if not outright fighting with each other. I think the day you were here when they ran that guy off was, ironically, one of our quieter days. It seems quieter here this week then has been in months, poss due to this recent attention to the problems?

Understandably, this is not the kind of scene anybody would want on the street they live on.

I'm just wondering if residents think the answer is more police presence, more rehab and housing, more intervention by social workers, all of the above, or something else.

I think it has to be everything - the problem is way too big for any one solution to solve it. I'd never have thought just having homeless people around automatically needs policing, and I used to have a rule never to call LAPD unless it was an emergency (they have so much to do), but the last few years of living like this and seeing everything get worse has changed my view. Part of it is the social aspect - that these people, who of course are suffering themselves, seem to have utter disregard for everyone else around them. I know there are obvious reasons (they have to think of themselves first and cannot be kind to others until they fell safe and sheltered), but having reasons for shitty behavior doesn't make it acceptable or safe for anyone.

I think we should all be policed equally, so that LAPD should treat them in the same way they would any one of us if we walked over to the more gentrified neighborhood in the Hollywood foothills, stood outside some well-off family's beautiful yard, and simply screamed profanities, set up speakers and played loud music all day, threw trash, and food waste down, and used their property line as an open toilet. I don't think the LAPD would just shrug this off, and I don't think being homeless is an excuse for any of this either. They should not be harassed, but if the outreach and social workers can't also help them to be considerate and keep the peace with other people they share space with, then I guess yes, I guess the police *must* do it. Who else will? It's lame but true.

To the extend you've had responses from city officials, what have you been told?

Not much - usually we just get repeated info about the regulations for when tents go up or down (which is not the issue). We had some proactive contact from Sergeant Gearney, who gave many of us a lot of hope, and her team was here regularly for a while and seemed to make a difference (because the homeless groups she had contact with were doing trash cleanups of their area and not partying directly outside people's apartments, and she also gave us some advice on how to make our streets less of a magnet for homeless), but there have been no neighborhood meetings by officials or real solutions offered that I know of.

Also, how has this scene changed over the months and years?

It's gotten worse. When I moved in here four years ago, the area seemed nice and friendly, I could access the sidewalks freely and I felt safe. We had a few tents now and then, but sometimes nothing for months and rarely a whole encampment.

The last few months have been the worse, and almost unbearable (due to the constant noise, trash, profanity and feces). Every day I have to walk on the street (in moving traffic) to get around the homeless people who own the sidewalks directly outside our home. They fill the sidewalk with chairs, mattresses, trash, people,

Hello all,
I have spoken to Officer Corona, the Hollywood CORE Team will be there tomorrow. I am also working on getting additional City services to the location.

Side note:
Cory Polka is no longer the Captain of Hollywood Division, replaced by Steven Lurie
Steve Houchin is no longer the Neighborhood Prosecutor, replaced by Ethan Weaver
Albert Torres has passed away, not replaceable and is missed. Rec and Parks is trying to fill the job.

Gordan, Susan, and myself all live on Cole Ave. across from the Hollywood Rec. Center. In 2016&2017 we lived with junkie encampment in and around the Hollywood Rec. Center.
In Jan 2018 the encampment was removed. Now the encampments are starting to pop back up.
I really want to say on top of this. I don't want another encampment of junkies springing up at the Hollywood Rec. Center like there was in 2016-17.
Last week Gordan had an individual come onto his property please see attached photo. Can you fine folks please assist us with keeping our neighborhood safe.

Photos attached to email. please see below what is going on in this thread.

Hi!
Thanks for the email, Susan. I appreciate you. I live on 6434 Lexington, am a stakeholder and have been calling encampments in to 311 on a regular basis.

I had an attempted break in recently by an individual who I caught on my porch (and who I have on Video and reported to the police), I believe this individual is sleeping rough in one of the encampments on Cole & at the Jehovah Witness Salon and who is using the street to defecate on (between the cars on Cole). It's a health hazard and a worry on so many levels.

A young family member who was visiting me earlier this week said was scared to use the children's play area because of the encampments attached to the fence and was afraid of the erratic behavior, language & drug taking of one which she alleges she saw.

I appreciate the scale of this problem in Hollywood and the pressure you are under but I share all of Susans concerns and also ask for a solution as this is happening on our doorsteps.

Best Wishes

Gentlemen,

It's been a while since we've had to contact you about tents and encampments around the Hollywood Rec Center. But please be informed that there have been multiple tents set up for moths now. And I've included a picture of a couple. There is a young man that stays in the red tent on the right, that had his tent in a little nook on Lexington for the last several months. Because he was given a "pass" for those months to not take down his tent, he has now moved over to Cole in a more visible location on the sidewalk. I'm afraid this duration and visibility have given others a cue to set up also. As you can see there is now a very large tent on Lexington. Not sure who is staying in the new tent. But can we please get social services, LAHSA, etc our here. We really can't let this grow to the public health and safety debacle of last year.

Regards, s

HOH meetings 2020.jpg

Neighbors,

After months of collaborative effort, dialogue, and over 20 "Heart to Heart" meetings, I am pleased to share that the concept plan for the Hollywood Walk of Fame Master Plan project has been released and is now available to view online.

The concept plan is just the first step toward creating the ultimate Master Plan, with the goal of updating the Walk of Fame experience in a balanced, holistic, cohesive way. This project will continue to evolve, and I look forward to continuing to work with all of you! As this evolves, we will work to keep building a sense of consensus and collaboration around various ideas.

I encourage you to view the concept plan in its entirety. It is available on the HEART of Hollywood website and can be viewed via this direct link: https://heartofhollywood.la/walk-fame

I also encourage you to take a few brief moments to **complete the feedback form,** also via the above link on the HEART of Hollywood website. Your continued feedback and engagement is crucial as we move throughout this process.

As always, please feel free to contact me at any time. I look forward to continuing to work with you on behalf of Hollywood. Don't forget -- you can join me for our recurring **"Heart to Heart"** roundtable discussions. A flyer is attached; please RSVP directly to me if you are interested in attending an upcoming session.

Warm Regards,

Dan Halden

"HEART OF HOLLYWOOD" RELEASES CONCEPT PLAN FOR HOLLYWOOD WALK OF FAME

Proposal provides a vision to enhance the experience along the historic boulevard

LOS ANGELES - Councilmember Mitch O'Farrell, during his annual State of Hollywood address, announced the release of a concept plan to enhance the built environment and improve the pedestrian experience on the Hollywood Walk of Fame, the latest proposal regarding his "HEART of Hollywood" initiative.

In 2019, Gensler was retained to work on a "Master Plan" for the historic Walk of Fame with the goal of designing a more pleasant, cohesive, and enjoyable experience along the public right-of-way. The concept plan is the first major step toward the final Master Plan. Based on the design and recommendations contained within the Master Plan, the City will plan for targeted construction projects to improve the area.

“The Walk of Fame Master Plan is the signature project of my ‘HEART of Hollywood’ initiative, and the concept plan is just the first step,” said Councilmember O’Farrell. “We are working to update the Walk of Fame in a balanced, holistic, cohesive way. As this evolves, we will keep building a sense of consensus and collaboration around various ideas. I encourage Hollywood stakeholders to view the concept plan in its entirety, provide feedback, and join us throughout this process.”

The concept plan is the product of months of community outreach, including focus group meetings, an open house, and over 20 roundtable discussions hosted by the Councilmember’s office. Community outreach efforts will continue as the plan moves forward. The plan envisions a Walk of Fame that better accommodates people, especially pedestrians, and businesses by adding more street trees, sidewalk dining, and lighting, to name just a few of the proposed amenities.

Since luminaries Stanley Kramer and Joanne Woodward first received their stars decades ago, the Walk of Fame has been an internationally recognized landmark that draws millions of annual visitors, in addition to being home to many residents and businesses.

“As someone who operates a business directly on the Walk of Fame, I have appreciated being part of multiple focus group sessions,” said Wally Moran, general manager of Wood & Vine restaurant. “I look forward to continuing to work with the project team, the City, and the community as this takes shape.”

“It’s exciting to be involved in this collaborative effort,” said Erin Penner, another focus group participant and a board member for the Hollywood United Neighborhood Council. “Hollywood is such a unique place with people of all ages from all walks of life. It’s inspiring to then imagine a Walk of Fame that actually incorporates our various needs.”

“The Hollywood Pantages is proud to be a longtime stakeholder on the Walk of Fame, and to serve a diverse population including local residents as well as visitors,” said Jeff Loeb, general manager of the Hollywood Pantages Theatre. “We are particularly aware of the need to provide a better experience along the Walk of Fame, and will continue to lend our voice to this important project.”

The concept plan is viewable online at http://www.heartofhollywood.la, where Hollywood stakeholders are encouraged to view the document and provide feedback. In 2020, Gensler and the City will further their technical analysis of the area, and perform more refined design proposals on various elements that may be recommended.

The City of Los Angeles Bureau of Engineering is the lead City agency on the project. The concept plan can be found here.

Subject: Re: NEW ENCAMPMENT AT TAMARIND AVENUE RIGHT IN FRONT OF OUR BUILDING

Well if we've done something like that, we would be sitting in jail ...
But, we have a new strong and solid plant pots on the corner now. We hope that will be prevented there from now on.

Obviously, there is no rules or any law for homeless people. They are allowed to be and do whatever they wish. Therefore, we need to do whatever we can. We are on our own.
We have to watch for each other and protect everyone's property.

If we would be able to place those red plant boxes, like on the TV News, all along the grass part, on the other side of Tamarind Ave. all the way up to a sidewalk...they would not have a space to place the tent.
We need to get to the point for our Tamarind street to be clean and without tents.

Our entrance to the parking lot was full of toilet paper this evening. Obviously the passing cars blew them from the place where they were used for toilet use.

We need to brainstorm and do what we can...
Thank You everyone for sharing.

There was a report on NBC 4 news last night how the property owners are fighting everywhere to protect their buildings from trash, human waste, and vomit.
In order to keep their property in good condition, they put huge heavy plant pots all along the sidewalks, giving space for people to walk through, but there is absolutely no room for any tent.
If the tents are allowed to block the sidewalks and grass areas with all kinds of trash and tents, the property managers are allowed to put the beautiful huge plants all along then, as well.
IMPORTANT: The reason to do that is not homelessness but beautifying our neighborhood, which we all need and want.

We should do it on the stretch of Tamarind Ave. And eventually on Carlos Ave., which has been trashed for a long time.

On top of everything, as I was going home last Sunday I saw a man shuffling the trash into the sewage system on the corner of Tamarind and Gower.
Of course, I immediately took our broom and waste bag and pulled everything out of there and stored it into the waste bag.

If that continues, one day we'll be all flooded because the water will not be able to get through if we get multiple days of strong rain.
And God forbid if our building gets caught on fire (our building is next to a freeway) and there is no access to a street... ???!!

Please watch the last night's report on how property owners protect their properties.

In the past week the amount of trash, human waste and vomit (watch where you step), and obviously stolen property has continued to spread and overflow into our grass, sidewalks and extremely limited available street parking. I saw an LAHSA van this morning in addition to LAPD overseeing a towing ($$$!!!), but I did not see any interaction with the homeless or any encampment approached.

Where do regularly paid taxes towards municipal funding go if locations and laws are only enforced selectively? Was the Gower St median encampment permitted over the holidays, but banished for Awards season? What is the amount of filth (a smashed A/C unit spilling God knows what chemicals for the past week) on the these streets doing to our oceans, our air, our grass, our drinking water?

Many of the new occupiers on Tamarind and Carlos exhibit disturbing and illegal behaviors... Please get these people the services they need. But also please protect those of us who remain that still pay taxes, abide by laws, and dispose of our trash and waste responsibly.

Not at all shocked to read this e-mail because ultimately nothing has been done. It's only been a wee bit quiet
out there because it's winter and a little colder out at night. Be prepared for how it's going to be this upcoming
summer. The neglect from The City Of Los Angeles is so bad that for weeks now there has been a mountain high
pile of trash on the corner of Carlos and Bronson that has no tents living near it. So, the city now does not have a
sanitation department?

> For a long time now, we have been patiently waiting for the promised bridge housing to relocate the encampment on Carlos and Tamarind. Updates we receive from Council member O'Farrell are encouraging on paper but totally different from what's happening in our neighborhood. Sad to say, the encampment next to us which is within his district should be given priority but is not. We feel neglected, abandoned and made to suffer even more each day. We seem to think that our area has been declared the destination for new transients.
>
> Just four days ago, the little corner in the cul-de-sac in front of our building was occupied by a group of people without regard to the planters which we have been trying to care for over the years. I have attached pictures taken yesterday of the new tents between planters which have been damaged or used as support for their tents. Patrol cars were observed in the cul-de-sac yesterday but judging by what went after their visit, another tent went up on the sidewalk sometime later. We wonder if that's the confirmation of our suspicion that they were directed to camp out in that corner.
>
> Last night, loud music and conversation could be heard coming from that corner. Co-incidentally, our locks to secure our electrical outlet and water pipes in front of our building were gone missing. Who else could we blame for it? Are these just a sample of what we can expect from this new encampment? These transients are a threat to our security and safety but being ignored by the authorities. Who else can we turn to? It's one thing to accept responsibility for the problem of homelessness in the city, doing something to address and resolve it is another. The longer you allow this to go unchecked and get out of control the more our City Officials should consider resigning to give others the chance to solve the problem they so allowed to be created.

Hollywood Neighbors,

Thanks to all of you who have participated in our "Heart to Hearts" meeting series this year. We have had fantastic discussions about the HEART of Hollywood initiative, Walk of Fame Master Plan, and more. It is inspiring to work with all of you.

We will be hosting one final "Heart to Heart" in 2019 -- next Wednesday, December 18th, at 9:00 AM. Please

RSVP to me directly if you would like to attend.

I look forward to providing more updates, particularly regarding the Walk of Fame Master Plan, in the New Year.

Warm Regards,

Hi everyone,

I wanted to personally thank you all for coming to today's Cultural Heritage Commission meeting, and special thanks to those of you who spoke regarding the Walk of Fame Master Plan project.

As I stated at the hearing, throughout this process I have tried to make sure we are actively engaging Hollywood's diverse array of stakeholders. As things continue to evolve, I will continue that effort.

I have taken the liberty of adding some of you to my HEART of Hollywood/Walk of Fame Master Plan mailing list. Expect to continue to hear more from me including project(s) updates, invitations to meetings, etc.

As many of you know (or have attended!), I host an ongoing, weekly meeting series called **"Heart to Hearts"** where Hollywood stakeholders can hear the latest updates, ask questions and share ideas for the heart of Hollywood and the Walk of Fame. A flyer is attached.

I look forward to being in further touch with all of you.

Warm Regards,

thank you Gordon.
I am CCing some other folks on this thread, and including personnel from **LAPD** (Captain Cory Palka, Captain Jonathan Pinto, Sgt. Adrian Maxwell, Sgt. Darrell Davis, Officer Cesar Corona, and Acting Senior Lead Officer Jesse Rubalcava),
the office of the **City Attorney** (Steve Houchin, our Hollywood neighborhood prosecutor), the **Department of Recreation and Parks** (Yamil Verde from Hollywood Recreation Center), and **LAHSA, the Los Angeles Homeless Services Authority** (Don Holt) and District Director Marisol Rodriguez.

Gordan, Susan, and myself all live on Cole Ave. across from the Hollywood Rec. Center. In 2016&2017 we lived with junkie encampment in and around the Hollywood Rec. Center.
In Jan 2018 the encampment was removed. Now the encampments are starting to pop back up.
I really want to say on top of this. I don't want another encampment of junkies springing up at the Hollywood Rec. Center like there was in 2016-17.
Last week Gordan had an individual come onto his property please see attached photo. Can you fine folks please assist us with keeping our neighborhood safe.

Photos attached to email. please see below what is going on in this thread.

thank you all for your service

I had an attempted break in recently by an individual who I caught on my porch (and who I have on Video and reported to the police), I believe this individual is sleeping rough in one of the encampments on Cole & at the Jehovah Witness Salon and who is using the street to defecate on (between the cars on Cole). It's a health hazard and a worry on so many levels.

A young family member who was visiting me earlier this week said was scared to use the children's play area because of the encampments attached to the fence and was afraid of the erratic behavior, language & drug taking of one which she alleges she saw.

I appreciate the scale of this problem in Hollywood and the pressure you are under but I share all of Susans concerns and also ask for a solution as this is happening on our doorsteps.

Best Wishes

Gentlemen,

It's been a while since we've had to contact you about tents and encampments around the Hollywood Rec Center. But please be informed that there have been multiple tents set up for moths now. And I've included a picture of a couple. There is a young man that stays in the red tent on the right, that had his tent in a little nook on Lexington for the last several months. Because he was given a "pass" for those months to not take down his tent, he has now moved over to Cole in a more visible location on the sidewalk. I'm afraid this duration and visibility have given others a cue to set up also. As you can see there is now a very large tent on Lexington. Not sure who is staying in the new tent. But can we please get social services, LAHSA, etc our here. We really can't let this grow to the public health and safety debacle of last year.

FYI -

Please see below for updates related to two State Assembly Bills that are CPRA related:

Assembly Bill No. 1819-Approved by the Governor

"This bill would grant a requester who inspects a disclosable record on the premises of the agency the right to use the requester's equipment on those premises, without being charged any fees or costs, to photograph or otherwise copy or reproduce the record in a manner that does not require the equipment to make physical contact with the record, unless the means of copy or reproduction would result in damage to the record, or unauthorized access to a computer system of the agency or secured network, as specified. The bill would authorize the agency to impose any reasonable limits on the use of the requester's equipment that are necessary to protect the safety of the records or to prevent the copying of records from being an unreasonable burden to the orderly function of the agency and its employees. The bill would authorize the agency to impose any limit that is necessary to maintain the integrity of, or ensure the long-term preservation of, historic or high-value records. By imposing additional duties and responsibilities upon local agencies in connection with requests for inspection of records, this bill constitutes a state-mandated local program."

Assembly Bill No. 1184-Vetoed by the Governor: *"This bill does not strike the appropriate balance between the benefits of greater transparency through the public's access to public records, and the burden of a dramatic increase in records-retention requirements, including associated personnel and data-management costs to taxpayers."*

*"This bill would, unless a longer retention period is required by statute or regulation, or established by the Secretary of State pursuant to the State Records Management Act, require a public agency, for purposes of the California Public Records Act, to retain and preserve for **at least 2 years** every public record, as defined, that is transmitted by electronic mail.*

The California Constitution requires local agencies, for the purpose of ensuring public access to the meetings of public bodies and the writings of public officials and agencies, to comply with a statutory enactment that amends or enacts laws *relating to public records or open meetings and contains findings demonstrating that the enactment furthers the constitutional requirements relating to this purpose."*

Subject: Take the survey: Silver Lake Reservoir Complex Master Plan

Here is the latest events and news in the 13th District!

View this email in your browser

Friends,

We are seeking input from Silver Lake stakeholders on ideas for the long term future of the Silver Lake Reservoir Complex, and I want to be sure you're aware of a survey on this important initiative.

As you may know, last December, the City of Los Angeles Bureau of Engineering selected Hargreaves and Associates to draft the Silver Lake Reservoir Complex Master Plan Project (SLRMP). Hargreaves has met with hundreds of community members on several occasions to gather input in crafting a collective vision for this iconic city landmark.

During the most recent workshop on November 2nd, the design team presented three conceptual alternatives for the future use. Hargreaves describes the concepts as 'island overlooks,' 'active edges,' and 'blended spaces.' The presentation can be viewed here: Concept Alternatives.

Which alternative do you prefer? The survey which can be accessed here. **Please be sure to complete the questionnaire by Sunday, December 1.**

As we enter into the upcoming week, I want to wish everyone a very Happy Thanksgiving with family and friends.

Kind regards,

MITCH O'FARRELL

WESTLAKE COMMUNITY WALK

WESTLAKE - Our recent 'Councilmember In Your Corner' neighborhood walk and beautification project was a tremendous success! This month we partnered with Heluna Health and Clínica Msr. Oscar A. Romero to provide free health and wellness exams. We also collaborated with Los Angeles Sanitation & Environment, Los Angeles Mayor's Office of Gang Reduction and Youth Development, the Mayor's Census 2020 Outreach Team and the LAPD Rampart Division to offer additional resources and information to local residents. Thank you to all our community partners and volunteers for making these events a huge success!

SILVER LAKE LIBRARY ANNIVERSARY

SILVER LAKE - The Silver Lake Branch Library is celebrating 10 years of serving the community! The facility is the newest building in the Los Angeles Public Library system and provides information, literacy services, and programming for kids & families in the Silver Lake neighborhood and surrounding communities!

TRANSGENDER DAY OF REMEMBRANCE

In recognition of Transgender Day of Remembrance, Councilmember O'Farrell and the Transgender Advisory Council created an exhibit titled "Trans Americans Lives Lost in 2019" to honor those who left us too soon. The exhibit will be on display on the 3rd Floor Bridge Gallery through November or you can view the panels here.

Steve Lopez is a reporter for the LA Times, who has done a lot of work on the city's homeless.

Although I'm sure there's always a chance we residents could come off poorly within an article if we appear too angry, hateful or callous... I would not regard him as an apologist for the LAPD. If anything, press coverage could shine a light on the perpetual encampments of the area we residents have had to endure for the past several years.

I cannot host but I will try to attend after work, if and when a day and time are agreed upon.

Best,

Greg

Yeah that's right, they literally have one job. And are too fucking incompetent to do that at even a basic level.

And yet.... 0 richer areas of town have the same issue. Perhaps officer you should just study the code of the law, quit harassing citizens and instead resolve a dangerous situation which is already led to a murder on our street, massive handicapped and elder person abuse in the streets, ignoring arson and felony vandalism, and go get another fucking Starbucks.

Or perhaps my attorney can help remind of the penalty mere threats carry for a normal citizen. These threats of harm to person are a constant in this neighborhood.

no, by all means come by and blow some warm smoke like you do every couple of years. Actually how about you don't come by and resolve some of the issues instead. rather than finding reasons not to enforce the law, find laws that you can enforce.

--j

P. S. my attorney would appreciate a full listing of every officer assigned to and supervising any officers assigned to this area, along with a specific comprehensive list of laws that you and your department deem unenforceable. I'm pretty sure we can meet the class action guidelines without a sweat.

To management:

Please ask the owners of these properties to get deeply involved ASAP, this isn't just affecting their current renters, if it continues especially in this direction it will affect their bottom line. they need to get the attorneys fired up and started on this, far better than getting named in a lawsuit when people get hurt. and make no mistake, people will continue to have issues and occasionally get hurt.

This week, in broad daylight, I saw a man beating a woman out on the sidewalk. They seemed to know each other. She fell to the floor, and he started kicking her. I called 911 though by the time the police showed up, they had both left the scene (her walking away visibly injured).

Regrettably, I'm not surprised that our predictions of the situation worsening are only coming true. I don't know what the breaking point has to be for the city to take action.

Not sure if it's because most of it is running behind the fence near the 101 and it's a different service area, or it requires a different kind of team (probably with more serious protection gear).

Does anyone know how to schedule a cleanup for that area?

Steve Lopez is a reporter for the LA Times, who has done a lot of work on the city's homeless.

Although I'm sure there's always a chance we residents could come off poorly within an article if we appear too angry, hateful or callous... I would not regard him as an apologist for the LAPD. If anything, press coverage could shine a light on the perpetual encampments of the area we residents have had to endure for the past several years.

I cannot host but I will try to attend after work, if and when a day and time are agreed upon.

Best,

Greg

And yet.... 0 richer areas of town have the same issue. Perhaps officer you should just study the code of the law, quit harassing citizens and instead resolve a dangerous situation which is already led to a murder on our street, massive handicapped and elder person abuse in the streets, ignoring arson and felony vandalism, and go get another fucking Starbucks.

Or perhaps my attorney can help remind of the penalty mere threats carry for a normal citizen. These threats of harm to person are a constant in this neighborhood.

no, by all means come by and blow some warm smoke like you do every couple of years. Actually how about you don't come by and resolve some of the issues instead. rather than finding reasons not to enforce the law, find laws that you can enforce.

--j

P. S. my attorney would appreciate a full listing of every officer assigned to and supervising any officers assigned to this area, along with a specific comprehensive list of laws that you and your department deem unenforceable. I'm pretty sure we can meet the class action guidelines without a sweat.

To management:

Please ask the owners of these properties to get deeply involved ASAP, this isn't just affecting their current renters, if it continues especially in this direction it will affect their bottom line. they need to get the attorneys fired up and started on this, far better than getting named in a lawsuit when people get hurt. and make no mistake, people will continue to have issues and occasionally get hurt.

Hi Frank and Bethewel--
For this first question, I finally figured out what he means. The staff only feature is a way for us to internally to communicate about each individual request. Most of the time it is asking staff to report on what's being done, or discussing what is considered responsive.

How does this affect our response to this question?

Steve Lopez is a reporter for the LA Times, who has done a lot of work on the city's homeless.

Although I'm sure there's always a chance we residents could come off poorly within an article if we appear too angry, hateful or callous... I would not regard him as an apologist for the LAPD. If anything, press coverage could shine a light on the perpetual encampments of the area we residents have had to endure for the past several years.

I cannot host but I will try to attend after work, if and when a day and time are agreed upon.

Best,

Greg

no, by all means come by and blow some warm smoke like you do every couple of years. Actually how about you don't come by and resolve some of the issues instead. rather than finding reasons not to enforce the law, find laws that you can enforce.

--j

P. S. my attorney would appreciate a full listing of every officer assigned to and supervising any officers assigned to this area, along with a specific comprehensive list of laws that you and your department deem unenforceable. I'm pretty sure we can meet the class action guidelines without a sweat.

To management:

Please ask the owners of these properties to get deeply involved ASAP, this isn't just affecting their current renters, if it continues especially in this direction it will affect their bottom line. they need to get the attorneys fired up and started on this, far better than getting named in a lawsuit when people get hurt. and make no mistake, people will continue to have issues and occasionally get hurt.

Another display of disrespect and utter disregard for reason. Isn't this justification enough for our city officials and LAPD to take them off our neighborhood?

Steve Lopez is a reporter for the LA Times, who has done a lot of work on the city's homeless.

Although I'm sure there's always a chance we residents could come off poorly within an article if we appear too angry, hateful or callous... I would not regard him as an apologist for the LAPD. If anything, press coverage could shine a light on the perpetual encampments of the area we residents have had to endure for the past several years.

I cannot host but I will try to attend after work, if and when a day and time are agreed upon.

Best,

Greg

And yet.... 0 richer areas of town have the same issue. Perhaps officer you should just study the code of the law, quit harassing citizens and instead resolve a dangerous situation which is already led to a murder on our street, massive handicapped and elder person abuse in the streets, ignoring arson and felony vandalism, and go get another fucking Starbucks.

Or perhaps my attorney can help remind of the penalty mere threats carry for a normal citizen. These threats of harm to person are a constant in this neighborhood.

no, by all means come by and blow some warm smoke like you do every couple of years. Actually how about you don't come by and resolve some of the issues instead. rather than finding reasons not to enforce the law, find laws that you can enforce.

--j

P. S. my attorney would appreciate a full listing of every officer assigned to and supervising any officers assigned to this area, along with a specific comprehensive list of laws that you and your department deem unenforceable. I'm pretty sure we can meet the class action guidelines without a sweat.

To management:

Please ask the owners of these properties to get deeply involved ASAP, this isn't just affecting their current renters, if it continues especially in this direction it will affect their bottom line. they need to get the attorneys fired up and started on this, far better than getting named in a lawsuit when people get hurt. and make no mistake, people will continue to have issues and occasionally get hurt.

This week, in broad daylight, I saw a man beating a woman out on the sidewalk. They seemed to know each other. She fell to the floor, and he started kicking her. I called 911 though by the time the police showed up, they had both left the scene (her walking away visibly injured).

Regrettably, I'm not surprised that our predictions of the situation worsening are only coming true. I don't know what the breaking point has to be for the city to take action.

I've been on your email loop for months.
I have at times asked residents how it's going, and I visited to have a look for myself.
I'd like to proceed and hear first-hand accounts of your frustrations and daily realities.
Anyone who'd like to participate is welcome.

I can be at the building any time Wednesday.
Let me know if you'd like to meet, when and where.

Thanks

Oh how wonderful. The city sends an apologist to explain how they won't enforce the law, unless you hand them a prepackaged felony.
How exceedingly happy I am to have a caricature of a police officer explain to us how they were perfectly happy to clean up Hollywood and highland for the businesses, but they can't be arsed to do anything for the private individuals who actually make up this town.

What a wonderful day, when the police can come by and personally lie to us about how they are there to protect and serve, when the supreme Court has found that their actual role is to enforce the law.

Yeah that's right, they literally have one job. And are too fucking incompetent to do that at even a basic level.

And yet.... 0 richer areas of town have the same issue. Perhaps officer you should just study the code of the law, quit harassing citizens and instead resolve a dangerous situation which is already led to a murder on our street, massive handicapped and elder person abuse in the streets, ignoring arson and felony vandalism, and go get another fucking Starbucks.

Or perhaps my attorney can help remind of the penalty mere threats carry for a normal citizen. These threats of harm to person are a constant in this neighborhood.

no, by all means come by and blow some warm smoke like you do every couple of years. Actually how about you don't come by and resolve some of the issues instead. rather than finding reasons not to enforce the law, find laws that you can enforce.

--j

P. S. my attorney would appreciate a full listing of every officer assigned to and supervising any officers assigned to this area, along with a specific comprehensive list of laws that you and your department deem unenforceable. I'm pretty sure we can meet the class action guidelines without a sweat.

To management:

Please ask the owners of these properties to get deeply involved ASAP, this isn't just affecting their current renters, if it continues especially in this direction it will affect their bottom line. they need to get the attorneys fired up and started on this, far better than getting named in a lawsuit when people get hurt. and make no mistake, people will continue to have issues and occasionally get hurt.

Subject: Quarterly West/Metro Field Deputies Mtg.

Dear Friends:
It is your favorite time of the quarter!! We are finalizing our program for the November 5, 2019 meeting and we hope that you can join us. The meeting will be from 12-1:30pm at the Santa Monica Pier. Details below, please send me or Stephanie an email/text if you have any questions or concerns! If we forgot to invite someone from your office please let us know ASAP….

Check out information below!!
Remember to bring $10 cash or venmo for lunch and ACCEPT the calendar invite if you plan to attend. If you change your mind, please don't forget to change your response to the calendar as we will be ordering food for you (at our own expense if you don't show up).

West/Metro Field Deputies Meeting:
Tuesday, November 5, 2019
12:00-1:30pm
12:10pm- prompt start time & introductions
12:15pm- presentation on Measure W and stormwater infrastructure
1:00pm- fun at the Santa Monica Pier, hosted by Pacific Park!!

Cost of lunch will be graciously offset by Greg Morena, owner of Rusty's Surf Ranch on the Pier (our meeting location).
****Please note, the calendar invitation from Stephanie was cancelled and replaced with invitation from me (Rachel Sherrell) as I will be helping to organize these meetings****

Parking passes will be distributed to those who RSVP for free parking below the pier. Agendas and parking instructions will be sent next week.

Best,
Rachel

Even more violence is being brought on with these developments.

This week, in broad daylight, I saw a man beating a woman out on the sidewalk. They seemed to know each other. She fell to the floor, and he started kicking her. I called 911 though by the time the police showed up, they had both left the scene (her walking away visibly injured).

Regrettably, I'm not surprised that our predictions of the situation worsening are only coming true. I don't know what the breaking point has to be for the city to take action.

Gotta love The City Of Los Angeles. No City shows an overall level of incompetence quite the way you do. Who else places trash receptacles in certain areas with no devised plan to schedule clean ups.

Please ask the owners of these properties to get deeply involved ASAP, this isn't just affecting their current renters, if it continues especially in this direction it will affect their bottom line. they need to get the attorneys fired up and started on this, far better than getting named in a lawsuit when people get hurt. and make no mistake, people will continue to have issues and occasionally get hurt.

Subject: Resubmitting CIEP Physical Plant Requests for FY 20-21

Good afternoon,

It is that time of the year again when the Bureau of Engineering prepares and submits its annual CIEP requests the CAO for possible funding in next year's budget. To streamline the process this year, we are requesting that CD13 review the table below. Could your office kindly confirm that all of the projects are to be resubmitted? And if possible, can you please rank the projects?

Thank you for your kind attention and prompt response!

Marisol,
You were not copied on this email but we need to discuss as a team. I think new items should be added like the handrails along Fletcher Drive that the councilmember wants.

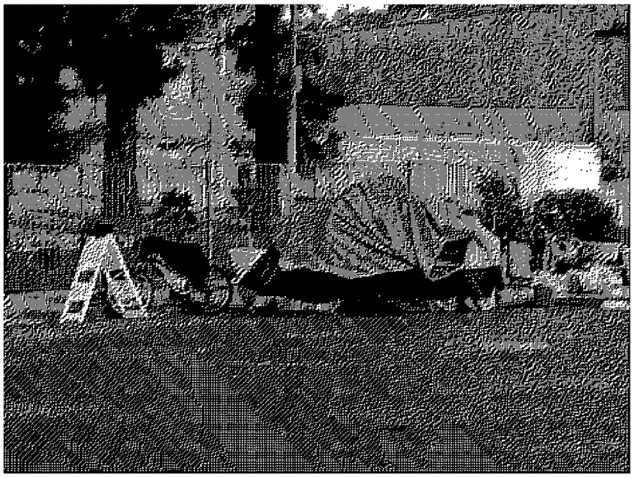
EXTERNAL SOURCE

They're back and in much worse form of habitation.



Another display of disrespect and utter disregard for reason. Isn't this justification enough for our city officials and LAPD to take them off our neighborhood?

I heard yelling for 10 minutes then saw a large police presence. There's still a lot to be done around. It needs to be enforced that this is not a adequate location to loaf. 70 percent out there are able bodied.

Subject: Re: NEW ENCAMPMENT AT TAMARIND AVENUE RIGHT IN FRONT OF OUR BUILDING

Someone just got stabbed (apparently with nail clippers) at the encampment on Carlos. :(

Also note, the woman behind the large orange umbrella (near the entrance on Tamarind) has a baseball bat as a weapon, and I've seen her wielding it frequently (including this morning while the stabbing confrontation took place). Beware.

In more positive news, the loud group who were spending every day partying/trashing/screaming on the corner outside Tamarind 1756 every day for the last few months have not been there for like 5 days straight??? We have been able to sleep and work -- and hear the birds again! I had forgotten what it's like to live with such peace. Amazing.

Thank you to anyone involved in moving this group away from our homes/windows. The fact I'm writing this while the police are outside due to a stabbing is ironic and shows there is still a LOT of work to do, but helping us residents who live here have any break from the 24/7 screaming/partying and profanity is something to be grateful for.

Do you really allow these transients to stay right in front of our building, let alone enable them to do their "business" there? They're not really in a tent, but in a dirty make-shift one that looks more like "shanties" in some "really depressed areas". Our tenants pay too much rent, for our authorities to tolerate their presence there.

On 8/29/2019 5:44 PM, Lopez, Steve wrote:
Interested in your thoughts:

I spoke to LAPD and went to the Carlos/Tamarind location yesterday for a brief look.
Would residents of Carlos/Tamarind say problems associated with encampments, drugs and noise are equally distributed among those camped near the entrance on Tamarind and the younger folks camped on Carlos? Seems like two different populations. A member of the latter group told me she tries to keep heavy duty drug users off her turf. While I was there, someone who was high and jumpy entered one of the tents on the south side of Carlos. He was chased out, got punched in the face and fell to the ground. When he got back to his feet, he was run off and told not to come back. One resident of the apartment building told me she is generally a live-and-let-live person but she doesn't feel safe.

I'm not sure, but the most established group on Carlos, directly across from the tamarind entrance, are the ones who drag all their stuff over to the Tamarind residences every daytime (after tents-down), including speakers to play their loud music, and then spend the day shrieking up and down the street, if not outright fighting with each other. I think the day you were here when they ran that guy off was, ironically, one of our quieter days. It seems quieter here this week then has been in months, poss due to this recent attention to the problems?

Understandably, this is not the kind of scene anybody would want on the street they live on.
I'm just wondering if residents think the answer is more police presence, more rehab and housing, more intervention by social workers, all of the above, or something else.

I think it has to be everything - the problem is way too big for any one solution to solve it. I'd never have thought just having homeless people around automatically needs policing, and I used to have a rule never to call LAPD unless it was an emergency (they have so much to do), but the last few years of living like this and seeing everything get worse has changed my view. Part of it is the social aspect - that these people, who of course are suffering themselves, seem to have utter disregard for everyone else around them. I know there are obvious reasons (they have to think of themselves first and cannot be kind to others until they fell safe and sheltered), but having reasons for shitty behavior doesn't make it acceptable or safe for anyone.

I think we should all be policed equally, so that LAPD should treat them in the same way they would any one of us if we walked over to the more gentrified neighborhood in the Hollywood foothills, stood outside some well-off family's beautiful yard, and simply screamed profanities, set up speakers and played loud music all day, threw trash, and food waste down, and used their property line as an open toilet. I don't think the LAPD would just shrug this off, and I don't think being homeless is an excuse for any of this either. They should not be harassed, but if the outreach and social workers can't also help them to be considerate and keep the peace with other people they share space with, then I guess yes, I guess the police *must* do it. Who else will? It's lame but true.

To the extend you've had responses from city officials, what have you been told?

Not much - usually we just get repeated info about the regulations for when tents go up or down (which is not the issue). We had some proactive contact from Sergeant Gearney, who gave many of us a lot of hope, and her team was here regularly for a while and seemed to make a difference (because the homeless groups she had contact with were doing trash cleanups of their area and not partying directly outside people's apartments, and she also gave us some advice on how to make our streets less of a magnet for homeless), but there have been no neighborhood meetings by officials or real solutions offered that I know of.

Also, how has this scene changed over the months and years?

It's gotten worse. When I moved in here four years ago, the area seemed nice and friendly, I could access the sidewalks freely and I felt safe. We had a few tents now and then, but sometimes nothing for months and rarely a whole encampment.

The last few months have been the worse, and almost unbearable (due to the constant noise, trash, profanity and feces). Every day I have to walk on the street (in moving traffic) to get around the homeless people who own the sidewalks directly outside our home. They fill the sidewalk with chairs, mattresses, trash, people,

Like I said before I do not have a request with that code. If you could tell me what is the code on the request you're responding to that would be super helpful! Or, like I said, you could describe the content responsive to the request! Or something!

I will be there pretty close to 9 am. And if you're going to give me an actual "work space" rather than the couch I usually sit on then that's great! But the couch is as fine as it has been the last four or five times I've been in.

Hi Tony!

Like I said before I do not have a request with that code. If you could tell me what is the code on the request you're responding to that would be super helpful! Or, like I said, you could describe the content responsive to the request! Or something!

I will be there pretty close to 9 am. And if you're going to give me an actual "work space" rather than the couch I usually sit on then that's great! But the couch is as fine as it has been the last four or five times I've been in.

If you can't copy/paste the actual code number maybe you could tell me the subject matter. Also, you say that I can "view them" and also that they "are ready to be picked up." Can you clarify what you mean by this?

And I'm not able to make it to your Echo Park office. I will either view them or pick them up at City Hall the morning of Friday, October 18. Please let me know which it is to be so I know how much time to alot.

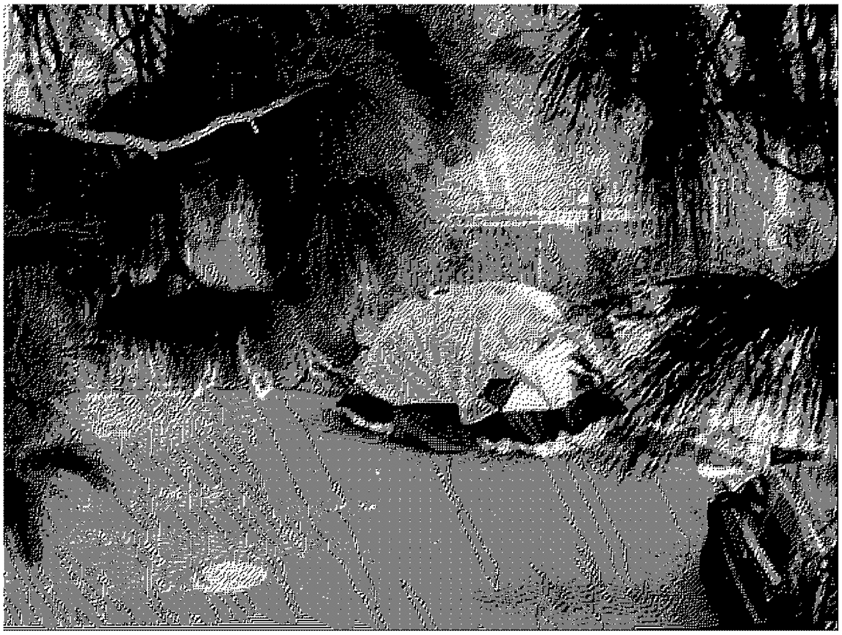
They're back and in much worse form of habitation.



Another display of disrespect and utter disregard for reason. Isn't this justification enough for our city officials and LAPD to take them off our neighborhood?

Someone just got stabbed (apparently with nail clippers) at the encampment on Carlos. :(

Also note, the woman behind the large orange umbrella (near the entrance on Tamarind) has a baseball bat as a weapon, and I've seen her wielding it frequently (including this morning while the stabbing confrontation took place).

Beware.

In more positive news, the loud group who were spending every day partying/trashing/screaming on the corner outside Tamarind 1756 every day for the last few months have not been there for like 5 days straight??? We have been able to sleep and work – and hear the birds again! I had forgotten what it's like to live with such peace. Amazing.

Thank you to anyone involved in moving this group away from our homes/windows. The fact I'm writing this while the police are outside due to a stabbing is ironic and shows there is still a LOT of work to do, but helping us residents who live here have any break from the 24/7 screaming/partying and profanity is something to be grateful for.

Do you really allow these transients to stay right in front of our building, let alone enable them to do their "business" there? They're not really in a tent, but in a dirty make-shift one that looks more like "shanties" in some "really depressed areas". Our tenants pay too much rent, for our authorities to tolerate their presence there.

Hi Steve, tried to answer some of your questions within the text of your email below. Hope this helps.

On 8/29/2019 5:44 PM, Lopez, Steve wrote:

Interested in your thoughts:

I spoke to LAPD and went to the Carlos/Tamarind location yesterday for a brief look.

Would residents of Carlos/Tamarind say problems associated with encampments, drugs and noise are equally distributed among those camped near the entrance on Tamarind and the younger folks camped on Carlos? Seems like two different populations. A member of the latter group told me she tries to keep heavy duty drug users off her turf. While I was there, someone who was high and jumpy entered one of the tents on the south side of Carlos. He was chased out, got punched in the face and fell to the ground. When he got back to his feet, he was run off and told not to come back. One resident of the apartment building told me she is generally a live-and-let-live person but she doesn't feel safe.

I'm not sure, but the most established group on Carlos, directly across from the tamarind entrance, are the ones who drag all their stuff over to the Tamarind residences every daytime (after tents-down), including speakers to play their loud music, and then spend the day shrieking up and down the street, if not outright fighting with each other. I think the day you were here when they ran that guy off was, ironically, one of our quieter days. It seems quieter here this week then has been in months, poss due to this recent attention to the problems?

Understandably, this is not the kind of scene anybody would want on the street they live on.

I’m just wondering if residents think the answer is more police presence, more rehab and housing, more intervention by social workers, all of the above, or something else.

I think it has to be everything - the problem is way too big for any one solution to solve it. I'd never have thought just having homeless people around automatically needs policing, and I used to have a rule never to call LAPD unless it was an emergency (they have so much to do), but the last few years of living like this and seeing everything get worse has changed my view. Part of it is the social aspect - that these people, who of course are suffering themselves, seem to have utter disregard for everyone else around them. I know there are obvious reasons (they have to think of themselves first and cannot be kind to others until they fell safe and sheltered), but having reasons for shitty behavior doesn't make it acceptable or safe for anyone.

I think we should all be policed equally, so that LAPD should treat them in the same way they would any one of us if we walked over to the more gentrified neighborhood in the Hollywood foothills, stood outside some well-off family's beautiful yard, and simply screamed profanities, set up speakers and played loud music all day, threw trash, and food waste down, and used their property line as an open toilet. I don't think the LAPD would just shrug this off, and I don't think being homeless is an excuse for any of this either. They should not be harassed, but if the outreach and social workers can't also help them to be considerate and keep the peace with other people they share space with, then I guess yes, I guess the police *must* do it. Who else will? It's lame but true.

To the extend you've had responses from city officials, what have you been told?

Not much - usually we just get repeated info about the regulations for when tents go up or down (which is not the issue). We had some proactive contact from Sergeant Gearney, who gave many of us a lot of hope, and her team was here regularly for a while and seemed to make a difference (because the homeless groups she had contact with were doing trash cleanups of their area and not partying directly outside people's apartments, and she also gave us some advice on how to make our streets less of a magnet for homeless), but there have been no neighborhood meetings by officials or real solutions offered that I know of.

Also, how has this scene changed over the months and years?

It's gotten worse. When I moved in here four years ago, the area seemed nice and friendly, I could access the sidewalks freely and I felt safe. We had a few tents now and then, but sometimes nothing for months and rarely a whole encampment.

The last few months have been the worse, and almost unbearable (due to the constant noise, trash, profanity and feces). Every day I have to walk on the street (in moving traffic) to get around the homeless people who own the sidewalks directly outside our home. They fill the sidewalk with chairs, mattresses, trash, people,

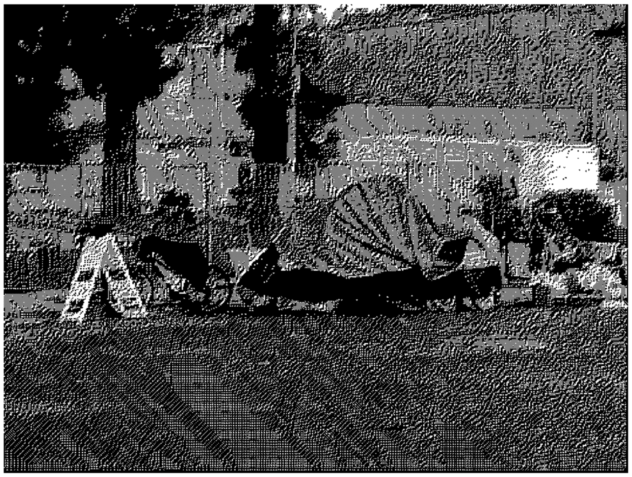
EXTERNAL SOURCE

They're back and in much worse form of habitation.



Another display of disrespect and utter disregard for reason. Isn't this justification enough for our city officials and LAPD to take them off our neighborhood?

I heard yelling for 10 minutes then saw a large police presence. There's still a lot to be done around. It needs to be enforced that this is not a adequate location to loaf. 70 percent out there are able bodied.

Subject: Re: NEW ENCAMPMENT AT TAMARIND AVENUE RIGHT IN FRONT OF OUR BUILDING

Someone just got stabbed (apparently with nail clippers) at the encampment on Carlos. :(

Also note, the woman behind the large orange umbrella (near the entrance on Tamarind) has a baseball bat as a weapon, and I've seen her wielding it frequently (including this morning while the stabbing confrontation took place).

Beware.

In more positive news, the loud group who were spending every day partying/trashing/screaming on the corner outside Tamarind 1756 every day for the last few months have not been there for like 5 days straight??? We have been able to sleep and work -- and hear the birds again! I had forgotten what it's like to live with such peace. Amazing.

Thank you to anyone involved in moving this group away from our homes/windows. The fact I'm writing this while the police are outside due to a stabbing is ironic and shows there is still a LOT of work to do, but helping us residents who live here have any break from the 24/7 screaming/partying and profanity is something to be grateful for.

Hi Steve,

tried to answer some of your questions within the text of your email below. Hope this helps.

On 8/29/2019 5:44 PM, Lopez, Steve wrote:

Interested in your thoughts:

I spoke to LAPD and went to the Carlos/Tamarind location yesterday for a brief look.
Would residents of Carlos/Tamarind say problems associated with encampments, drugs and noise are equally distributed among those camped near the entrance on Tamarind and the younger folks camped on Carlos? Seems like two different populations. A member of the latter group told me she tries to keep heavy duty drug users off her turf. While I was there, someone who was high and jumpy entered one of the tents on the south side of Carlos. He was chased out, got punched in the face and fell to the ground. When he got back to his feet, he was run off and told not to come back. One resident of the apartment building told me she is generally a live-and-let-live person but she doesn't feel safe.

I'm not sure, but the most established group on Carlos, directly across from the tamarind entrance, are the ones who drag all their stuff over to the Tamarind residences every daytime (after tents-down), including speakers to play their loud music, and then spend the day shrieking up and down the street, if not outright fighting with each other. I think the day you were here when they ran that guy off was, ironically, one of our quieter days. It seems quieter here this week then has been in months, poss due to this recent attention to the problems?

Understandably, this is not the kind of scene anybody would want on the street they live on.
I'm just wondering if residents think the answer is more police presence, more rehab and housing, more intervention by social workers, all of the above, or something else.

I think it has to be everything - the problem is way too big for any one solution to solve it. I'd never have thought just having homeless people around automatically needs policing, and I used to have a rule never to call LAPD unless it was an emergency (they have so much to do), but the last few years of living like this and seeing everything get worse has changed my view. Part of it is the social aspect - that these people, who of course are suffering themselves, seem to have utter disregard for everyone else around them. I know there are obvious reasons (they have to think of themselves first and cannot be kind to others until they fell safe and sheltered), but having reasons for shitty behavior doesn't make it acceptable or safe for anyone.

I think we should all be policed equally, so that LAPD should treat them in the same way they would any one of us if we walked over to the more gentrified neighborhood in the Hollywood foothills, stood outside some well-off family's beautiful yard, and simply screamed profanities, set up speakers and played loud music all day, threw trash, and food waste down, and used their property line as an open toilet. I don't think the LAPD would just shrug this off, and I don't think being homeless is an excuse for any of this either. They should not be harassed, but if the outreach and social workers can't also help them to be considerate and keep the peace with other people they share space with, then I guess yes, I guess the police *must* do it. Who else will? It's lame but true.

To the extend you've had responses from city officials, what have you been told?

Not much - usually we just get repeated info about the regulations for when tents go up or down (which is not the issue). We had some proactive contact from Sergeant Gearney, who gave many of us a lot of hope, and her team was here regularly for a while and seemed to make a difference (because the homeless groups she had contact with were doing trash cleanups of their area and not partying directly outside people's apartments, and she also gave us some advice on how to make our streets less of a magnet for homeless), but there have been no neighborhood meetings by officials or real solutions offered that I know of.

Also, how has this scene changed over the months and years?

It's gotten worse. When I moved in here four years ago, the area seemed nice and friendly, I could access the sidewalks freely and I felt safe. We had a few tents now and then, but sometimes nothing for months and rarely a whole encampment.

The last few months have been the worse, and almost unbearable (due to the constant noise, trash, profanity and feces). Every day I have to walk on the street (in moving traffic) to get around the homeless people who own the sidewalks directly outside our home. They fill the sidewalk with chairs, mattresses, trash, people,

Tony,

Thanks for your help. The CPRA Request CD13.2019.03.12.a (for Mr Riskin) is at the DO with your name on it.

Please contact the requester TODAY Thursday. You can simply email the requester (adrian@123mail.org) and tell him that request CD13.2019.CD13.03.12.a is ready for him to view, and offer a time/place (I assume CH - please check with JM). It's approximately 500 pages (I think slightly under but I'm not sure).

Let me know if you have any questions. My flight is scheduled to land at 12:57 PM Pacific time.

Thanks!!!

Let's chat over the phone tomorrow. Legal Aid is correct - the automated response does not comply with the statutory requirements of the CPRA.

Hi Frank and Bethelwel-
I wanted to see if you had a suggestion on how to respond to Shayla. This was our previous response to her back on Sept 15:

The Office of Councilmember Mitch O'Farrell is in receipt of your request #19-5016.
Due to the high volume of Public Records requests currently in the queue for processing, the approximate response time to complete new requests is six months from the date of the initial request. Accordingly, this request is expected to be completed by March 6, 2020. We appreciate your patience.
Thoughts?

Subject: Fwd: Memo on Urban Design Guidelines
Urban design plan memo.pdf

To Members of the CRA/LA Board –

The Hollywood Property Owners Alliance (HPOA) is the non-profit managing entity of the Hollywood Entertainment District Business Improvement District (HED). The HPOA has enjoyed a relationship with the City of Los Angeles for more than 20 years as the contracted administrator of Business Improvement Districts (BIDs) in the Hollywood area, leveraging tens of millions of dollars in assessments from property owners within the BIDs to provide services that benefit the community that range from keeping Hollywood community clean and safe to transforming the areas of the public realm with public art and other enhancements. The HPOA is governed by a volunteer Board of Directors that includes property owners from within the HED whom collectively represent a significant portion of the total property within the Hollywood area.

The HED covers a geographic area that is roughly bounded by Yucca St. to Santa Monica Boulevard, and La Brea Blvd. to the Hollywood Freeway. This area coincides with the recently released CRA/LA urban design plans and guidelines for the Hollywood Boulevard District / Franklin Avenue Design District (HBD/FADD), and Sunset District (SDP). As property owners within the affected jurisdictions of the two urban design plans, the comments contained herein are hereby submitted as public comment to the CRA/LA, as the draft plans contain some elements that raise questions, concerns, and cause for additional research and analysis before being considered for adoption.

The HPOA recognizes the need for a sound regulatory framework for development and appreciates the intent of the urban design plans to enact rehabilitation and restoration standards and guidelines that reinforce the identity of Hollywood as the center of the entertainment industry. Additionally, the HPOA believes that any such development framework should strive to create fairness, clarity, and predictability to guide the market while protecting the public good. However the draft HBD/FADD and SDP contain areas where that standard for development regulation is compromised, including creating inconsistencies between the HBD/FADD and SDP and other plans and policies, establishing a formal reliance on unelected third parties, diminishing returns on transit investments and infrastructure, and downzoning an undetermined number of privately owned parcels.

Resolve Inconsistencies before Plan Adoption

Both the HBD/FADD and SDP cite an intention to complement and or implement the Hollywood Community Plan (HCP) by providing land use and development standards and guidelines (B.2, p.3 in HBD/FADD and B p.8 in SDP), and in instances such as Figure 2-4 on page 19 (HBD/FADD) relative to allowable building heights, even goes so far as to cite recommendations from the yet-to-be adopted 2018 draft of the HCP. This consistency is desired but then trumped in E.1 (p.11) of the HBD/FADD in proclaiming that where conflicts exist – in instances where the HBD/FADD is more restrictive – its provisions shall prevail. Given the amount of effort put into the development of both the HCP, the HBD/FADD, and the SDP – it compels the CRA/LA and the City of Los Angeles is resolve such conflicts in advance of adopting the respective plans so as to provide better clarity within the regulatory environment for development. Such an initiative would enable greater predictability about the changes to the built environment that will shape the future of Hollywood. Value-added elements of the HBD/FADD and SDP could be folded into the HCP, with development intensity guidance coming from the HCP's more robust public participation process.

DRAFT

Development Review Processes should be Transparent and Accountable

While cities are built via the contributions and machinations of the public, private, non-profit, and philanthropic sectors, the development review process must strive to be managed in a fair, clear, and predictable manner. Both the HBD/FADD (F.5; p.13) and SDP (5.A; p.11) include a concerning provision empowering a third-party entity to play a role in determining the significance of impacts under one of CEQA eighteen resource factors. This formal engagement of any third party which is unelected, unaccountable to citizens and which is not subject to the Brown Act and/or CPRA requirements is inappropriate as a part of the development review process. It should be at the discretion of the property owner / developer whom to engage to advise on technical components of the design and development process, with ultimate approvals belonging to the City of Los Angeles.

Transit-Oriented Communities Advance Affordability

The arrival of the Metro Red Line to Hollywood was one of the most significant and catalytic investments made in Hollywood in the 20th Century. It has enabled the CRA/LA's vision of a transit-connected and walkable Hollywood community to come to fruition. The CRA/LA was instrumental in financially supporting and facilitating major redevelopment nodes and a transit-oriented scale to support the Red Line by subsidizing large projects with over $140M of public funding which leveraged over $1.2 billion in investment. This critical mass of public and private investment also lowered the perceived risk of developing in the BID Area, which had been stagnant for decades before these investments.

These investments continue to produce investment interest and increased transit ridership which helps reduce roadway congestion and maintain affordability. Between 2001 and 2016 the share of Red Line alightings in Hollywood nearly doubled from 7 to 13 percent of the system total. In 2016, Metro estimated an average of 13,200 daily weekday alightings at Hollywood/Highland and Hollywood/Vine stations combined. As Metro continues to expand service and integrate modes, this trend is expected to continue as generational preferences favor urban and multi-modal lifestyles. However, language in the HBD/FADD (E.2; p.11) and SDP (2.A; p.8) threatens undermine the investments that have been made and compromise the vision of transit-oriented communities and the benefits they provide to Angelenos.

This provision runs counter to major needs within the Hollywood area and Los Angeles in general regarding the need for housing, and more specifically, housing close to transit. Transportation and affordability are directly linked, with transportation representing the second largest household expenditure category (16.2 percent of total expenditures) after housing. Studies have shown that access to public transportation can significantly reduce the percentage of household income spent on transportation. For low-income households this is especially true; In a study by the Public Policy Institute of California, they determined that households utilizing public transit spent only 2% of their household income on transportation versus 19% for low income households relying on private vehicles. For a city experiencing soaring housing costs, locating housing near transit is critical and tools that deliver this outcome should be protected. The CRA/LA recognized this decades ago and should not depart from supporting this essential land use policy.

DRAFT

Analyze the Impact to Affected Property Owners

As stated about the HCP – its draft endeavors to accommodate anticipated development over the coming decades. It proposes policies to allow for infill development of additional residential units and job-producing uses in areas with existing transportation infrastructure and to help improve the opportunity for jobs and affordable housing. While these policies are critical for producing a cohesive, enduring community – augmenting documents such as the HBD/FADD and SDP which present potentially contradictory policy guidance (HBD/FADD B.1; p.32) must analyze the impacts to area properties to ensure that property owners and policy makers are aware of the trade-offs associated with the more restrictive proposals. At the time of this review, the aggregate level of impacts of the reduced buildings heights, densities, and FAR are not known nor have been communicated to the HPOA or its members. This information is critical, as it doesn't simply affect the financial viability of further investment into Hollywood, but the potential downzoning also leads to decreased opportunities to build housing of all types, places for work, worship, and enjoyment.

It is apparent that more time is needed to evaluate the impacts of the HBD/FADD and SDP to ensure its truly complementary nature envisioned in their expressed goals. It is the opinion of the HPOA that these documents should follow the Hollywood Community Plan in order of adoption, rather than precede it, to avoid codifying inconsistencies within the regulatory framework for investment in the Hollywood Community. The HPOA urges the CRA/LA to delay action on the HBD/FADD and SDP until these inconsistencies are resolved and the impacts to area properties have been analyzed and communicated in a transparent manner.

Tony,

Thanks for your help. The CPRA Request CD13.2019.03.12.a (for Mr Riskin) is at the DO with your name on it.

Please contact the requester TODAY Thursday. You can simply email the requester (adrian@123mail.org) and tell him that request CD13.2019.CD13.03.12.a is ready for him to view, and offer a time/place (I assume CH - please check with JM). It's approximately 500 pages (I think slightly under but I'm not sure).

Let me know if you have any questions. My flight is scheduled to land at 12:57 PM Pacific time.

Thanks!!!

They never clean up the pile (now a pool) of feces all along the fenceline by the Carlos/Bronson exit. That whole part of the street absolutely reeks but is always ignored during cleanups. Not sure if it's because most of it is running behind the fence near the 101 and it's a different service area, or it requires a different kind of team (probably with more serious protection gear).

Does anyone know how to schedule a cleanup for that area?

I heard yelling for 10 minutes then saw a large police presence. There's still a lot to be done around. It needs to be enforced that this is not a adequate location to loaf. 70 percent out there are able bodied.

Subject: Re: NEW ENCAMPMENT AT TAMARIND AVENUE RIGHT IN FRONT OF OUR BUILDING

Someone just got stabbed (apparently with nail clippers) at the encampment on Carlos. :(

Also note, the woman behind the large orange umbrella (near the entrance on Tamarind) has a baseball bat as a weapon, and I've seen her wielding it frequently (including this morning while the stabbing confrontation took place).

Beware.

In more positive news, the loud group who were spending every day partying/trashing/screaming on the corner outside Tamarind 1756 every day for the last few months have not been there for like 5 days straight??? We have been able to sleep and work -- and hear the birds again! I had forgotten what it's like to live with such peace. Amazing.

Thank you to anyone involved in moving this group away from our homes/windows. The fact I'm writing this while the police are outside due to a stabbing is ironic and shows there is still a LOT of work to do, but helping us residents who live here have any break from the 24/7 screaming/partying and profanity is something to be grateful for.

Do you really allow these transients to stay right in front of our building, let alone enable them to do their "business" there? They're not really in a tent, but in a dirty make-shift one that looks more like "shanties" in some "really depressed areas". Our tenants pay too much rent, for our authorities to tolerate their presence there.

> Would residents of Carlos/Tamarind say problems associated with encampments, drugs and noise are equally distributed among those camped near the entrance on Tamarind and the younger folks camped on Carlos? Seems like two different populations. A member of the latter group told me she tries to keep heavy duty drug users off her turf. While I was there, someone who was high and jumpy entered one of the tents on the south side of Carlos. He was chased out, got punched in the face and fell to the ground. When he got back to his feet, he was run off and told not to come back. One resident of the apartment building told me she is generally a live-and-let-live person but she doesn't feel safe.

I'm not sure, but the most established group on Carlos, directly across from the tamarind entrance, are the ones who drag all their stuff over to the Tamarind residences every daytime (after tents-down), including speakers to play their loud music, and then spend the day shrieking up and down the street, if not outright fighting with each other. I think the day you were here when they ran that guy off was, ironically, one of our quieter days. It seems quieter here this week then has been in months, poss due to this recent attention to the problems?

> Understandably, this is not

the kind of scene anybody would want on the street they live on.

I'm just wondering if residents think the answer is more police presence, more rehab and housing, more intervention by social workers, all of the above, or something else.

I think it has to be everything - the problem is way too big for any one solution to solve it. I'd never have thought just having homeless people around automatically needs policing, and I used to have a rule never to call LAPD unless it was an emergency (they have so much to do), but the last few years of living like this and seeing everything get worse has changed my view. Part of it is the social aspect - that these people, who of course are suffering themselves, seem to have utter disregard for everyone else around them. I know there are obvious reasons (they have to think of themselves first and cannot be kind to others until they fell safe and sheltered), but having reasons for shitty behavior doesn't make it acceptable or safe for anyone.

I think we should all be policed equally, so that LAPD should treat them in the same way they would any one of us if we walked over to the more gentrified neighborhood in the Hollywood foothills, stood outside some well-off family's beautiful yard, and simply screamed profanities, set up speakers and played loud music all day, threw trash, and food waste down, and used their property line as an open toilet. I don't think the LAPD would just shrug this off, and I don't think being homeless is an excuse for any of this either. They should not be harassed, but if the outreach and social workers can't also help them to be considerate and keep the peace with other people they share space with, then I guess yes, I guess the police *must* do it. Who else will? It's lame but true.

To the extend you've had responses from city officials, what have you been told?

Not much - usually we just get repeated info about the regulations for when tents go up or down (which is not the issue). We had some proactive contact from Sergeant Gearney, who gave many of us a lot of hope, and her team was here regularly for a while and seemed to make a difference (because the homeless groups she had contact with were doing trash cleanups of their area and not partying directly outside people's apartments, and she also gave us some advice on how to make our streets less of a magnet for homeless), but there have been no neighborhood meetings by officials or real solutions offered that I know of.

Also, how has this scene changed over the months and years?

It's gotten worse. When I moved in here four years ago, the area seemed nice and friendly, I could access the sidewalks freely and I felt safe. We had a few tents now and then, but sometimes nothing for months and rarely a whole encampment.

The last few months have been the worse, and almost unbearable (due to the constant noise, trash, profanity and feces). Every day I have to walk on the street (in moving traffic) to get around the homeless people who own the sidewalks directly outside our home. They fill the sidewalk with chairs, mattresses, trash, people, and loose dogs so that there's no way past them without walking in the street. Recently I've been followed by one of the men, seen another woman being followed/harassed, had another guy expose himself and start masturbating when I walked past, and have seen and heard regular violent attacks, from bloody beatings with weapons, taser threats, smashing glass, screams/shouting after a pepper spraying, and animal cruelty (beating and dragging the dogs) - all right outside my home. :(This felt like a safe area once but definitely not any more.

> Are there more people living on the street?

Yes. Many more, and spreading into surrounding streets where there were zero tents only a few years ago.

> Is there more trash?

Yes. I no longer invite friends over to visit because our street is often an absolute disgrace (and the bronson/carlos entrance is an open toilet, and on a hot day it makes people cover their mouths and want to vomit with the stench).

> Is meth changing the situation for the worse?

I'm not sure. As I don't witness it firsthand, it's hard to say - there seems to be cycles of wasted/crazy-acting people who come and go.

If I'm being honest, I don't know much more we can do as LA residents. If anyone knows of more outreach we can do, maybe future elections that would impact this issue, this would probably be a great space to share it.

Neighbors, do you think we could get together to create an instagram account to share all these photos of the "Real Hollywood " and tag all the big corporates, tourist outlets and businesses in every photo and video of what's happening here. It seems like government representatives and police will actually show up in areas where there are big $$ businesses being affected but not when it's just decent local people asking to live without an open sewer and 24/7 party outside their front gate. Maybe we can help to show the tourists to Hollywood what it's really like here and ask the question of where all the big companies and industries are putting their profits and efforts at 'social good' if not to help their own neighborhood. Thank you for your prompt response to our request in regard to the obstructions and violations at the Cul de Sac. We hope the poor transients have been extended the outreach programs they so badly need. God bless.

Also, sorry to send this, but this is what we have tlldeal with daily. This image is a huge, festering

pile of human feces just meters from our apartments and next to our car parks. It's not the only one along our sidewalks.

The litter left outside is also bringing more rats and making them bold. For the first time ever, we had a rat just walk into our apartment through the open window recently, in the middle of the day.

Windows which we now have to keep closed (without aircon) most days, even or eapecially on hot days, as we run home businesses and the noise, constant partying and screaming of the n-word 30x a day outside the window makes it impossible to work.

Please come and help move these people (and their feces, trash and animals) away from our homes and businesses?

Bring hazmat suits.

For a long time now, we have been patiently waiting for the promised bridge housing to relocate the encampment on Carlos and Tamarind. Updates we receive from Council member O'Farrell are encouraging on paper but totally different from what's happening in our neighborhood. Sad to say, the encampment next to us which is within his district should be given priority but is not. We feel neglected, abandoned and made to suffer even more each day. We seem to think that our area has been declared the destination for new transients.

Just four days ago, the little corner in the cul-de-sac in front of our building was occupied by a group of people without regard to the planters which we have been trying to care for over the years. I have attached pictures taken yesterday of the new tents between planters which have been damaged or used as support for their tents. Patrol cars were observed in the cul-de-sac yesterday but judging by what went after their visit, another tent went up on the sidewalk sometime later. We wonder if that's the confirmation of our suspicion that they were directed to camp out in that corner.

Last night, loud music and conversation could be heard coming from that corner. Co-incidentally, our locks to secure our electrical outlet and water pipes in front of our building were gone missing. Who else could we blame for it? Are these just a sample of what we can expect from this new encampment? These transients are a threat to our security and safety but being ignored by the authorities. Who else can we turn to? It's one thing to accept responsibility for the problem of homelessness in the city, doing something to address and resolve it is another. The longer you allow this to go unchecked and get out of control the more our City Officials should consider resigning to give others the chance to solve the problem they so allowed to be created.
